(Incorporated with limited liability under the laws of the Grand Duchy of Luxembourg)

Issuer

BELFIUS BANK SA/NV

(Incorporated with limited liability under the laws of Belgium)

Issuer, Guarantor, Domiciliary Agent, Principal Paying Agent, Paying Agent and Calculation Agent

BANQUE INTERNATIONALE A LUXEMBOURG,

SOCIETE ANONYME

Fiscal Agent and Principal Paying Agent

NOTES ISSUANCE PROGRAMME

EUR 20,000,000,000

Under the Notes Issuance Programme (the “Programme”) described in this Base Prospectus Belfius Bank SA/NV (also named Belfius Banque SA/Belfius Bank NV, “Belfius Bank”) and Belfius Financing Company SA (also named “Belfius Financing Company”), together the “Issuers” and each, individually, an “Issuer”, may from time to time, issue notes (in the case of notes issued by Belfius Bank referred to as the “Belfius Bank Notes”, in the case of notes issued by Belfius Financing Company as the “Belfius Financing Company Notes”, together referred to as the “Notes” and individually as a “Note”), which may be linked to various underlyings (the “Underlying”), that rank as senior obligations of the Issuer (the “Senior Notes”) or that rank as subordinated obligations of the Issuer (the “Subordinated Notes”). Senior Notes issued by Belfius Financing Company will be guaranteed by Belfius Bank (the “Guarantor”) pursuant to a senior guarantee (the “Senior Guarantee”). Subordinated Notes issued by Belfius Financing Company will be guaranteed by Belfius Bank pursuant to a subordinated guarantee (the “Subordinated Guarantee”).

Each Tranche of Notes will be documented by final terms (the “Final Terms”).

The Base Prospectus should be read and construed in conjunction with each relevant Final Terms.

The relevant Final Terms and this Base Prospectus together constitute the prospectus (the “Prospectus”) for each Tranche.

The Notes shall be Debt Securities or Derivatives Securities in the meaning of the Regulation (EC) No 809/2004 as amended by the Commission delegated regulation (EU) No 486/2012. Debt Securities are debt instruments for which the Issuer commits itself to redeem the principal invested at maturity. Derivatives Securities are debt instruments for which the Noteholders could lose all or substantial portion of the principal invested.

Prior to making an investment decision, prospective investors should consider carefully all of the information set out in the Base Prospectus, including in particular the risk factors as described below in Section 3 (Risk Factors).

This Base Prospectus was approved by the Belgian Financial Services and Markets Authority (FSMA) on 27 September 2016 and is valid for one year from that date, provided that the Base Prospectus may be updated by any supplements in accordance with articles 34 and 35 of the Belgian Law of 16 June 2006 on the public offer of investment instruments and the admission to trading of investment instruments on a regulated market. This Base Prospectus replaces and supersedes the Base Prospectus of Belfius Financing Company and of Belfius Bank 29 September 2015.

The current ratings of Belfius Bank are A3, with outlook 'Stable' (Moody's), A-, with outlook 'Negative' (Standard & Poor's) and A-, with outlook 'Stable' (Fitch). An outlook is not necessarily a precursor of a rating change or future credit watch action. In case of any rating action by any of the rating agencies, the most recent credit ratings of Belfius Bank are always published on Belfius Bank website, at the following address: <https://www.belfius.com/EN/ratings/index.aspx>

Belfius Financing Company is a fully owned subsidiary of Belfius Bank, which means, for Notes issued by Belfius Financing Company, that the credit risks of the Issuer and the Guarantor are closely linked. Such credit risks imply that the Noteholders may lose all or part of their investment in the Notes in case the Issuer and the Guarantor become insolvent or are unable to fulfill their obligations under the Notes.

For a description of the risk factors, please revert to the full Section 3 of this Base Prospectus.

The Base Prospectus, including the Summary, and the Final Terms of each Tranche of Notes that is not made within an exemption from the requirement to publish a prospectus under the Prospectus Directive (a "Public Offer") and any supplement, are available on the internet site www.belfius.be (under the heading "Sparen & beleggen/Epargner & investir") and a copy can be obtained free of charge in the offices of the Guarantor.

The Notes may be offered to any kind of investors, with the exception of Subordinated Notes which will not be placed with consumers in the meaning of the Belgian Code of Economic Law.

The Notes may not be a suitable investment for all investors. Accordingly, prospective investors in Notes should decide for themselves whether they want to invest in the Notes and obtain advice from a financial intermediary in that respect, in which case the relevant intermediary will have to determine whether or not the Notes are a suitable investment for them.

This Base Prospectus was approved by the FSMA on 27 September 2016 in accordance with article 23 of the Belgian Law of 16 June 2006 on the public offer of investment instruments and the admission to trading of investment instruments on a regulated market. This approval does not entail any appraisal of the appropriateness or the merits of any issue under the programme nor of the situation of the Issuers or the Guarantor.

2. SUMMARY

The following summary is established in accordance with Articles 24 and 28 of the Belgian Law of 16 June 2006 on the public offer of investment instruments and the admission to trading of investment instruments on a regulated market and conveys, in a brief manner and in a non-technical language, the essential characteristics and risks associated with the Issuers, the Guarantor and the Notes.

**Summary of the
BELFIUS FINANCING COMPANY SA
AND
BELFIUS BANK SA/NV
NOTES ISSUANCE PROGRAMME**
(the “Programme”)
EUR 20,000,000,000

Introduction and warnings

A.1 Warning that:

- **this summary should be read as introduction to the Base Prospectus;**
- **any decision to invest in the securities should be based on consideration of the Base Prospectus as a whole by the investor;**
- **where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff investor might, under the national legislation of the Member States, have to bear the costs of translating the prospectus before the legal proceedings are initiated; and**
- **civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of the prospectus or it does not provide, when read together with the other parts of the prospectus, key information in order to aid investors when considering whether to invest in such securities.**

A.2 The Issuer authorises that this Base Prospectus, as supplemented from time to time, may be used for the purposes of a public offer within 12 months from the date of this Base Prospectus in Belgium, by any credit institution authorised pursuant to Directive 2006/48/EC or any investment firm authorised pursuant to Directive 2004/39/EC to conduct such offers (an **Authorised Offeror**).

Each offer and each sale of the Notes by an Authorised Offeror will be made in accordance with the terms and conditions agreed between such Authorised Offeror and the investor, including in relation to the price, the allocation and the costs and/or taxes to be borne by an investor. The Issuer is not a party to any arrangements or terms and conditions in connection with the offer and sale of the Notes between the Authorised Offeror and an investor. This Base Prospectus does not contain the terms and conditions of any Authorised Offeror.

Issuers and Guarantor

[Issuer: Belfius Financing Company SA]

Applicable if Belfius Financing Company is the issuer

B.1 Legal and commercial name of the Issuer

Legal name: Belfius Financing Company SA

Commercial name: Belfius Financing Company

- Material adverse change in the prospects**
Not applicable, there are no relevant changes
- Significant changes in the financial or trading position**
Not applicable, there are no relevant changes
- B.13 Recent events relevant to the evaluation of the Issuer's solvency**
See B.13 for Belfius Bank
- B.14 Dependence upon other entities within the group**
See B.5
- B.15 Principal activities**
Belfius Financing Company is a special purpose vehicle fully owned by Belfius Bank. Belfius Financing Company issues notes and transfers the proceeds of such issues to Belfius Bank.
- B.16 Direct or indirect control over the Issuer**
Belfius Financing Company is fully owned and controlled by Belfius Bank
- B.17 Credit ratings assigned to the Issuer or its debt instruments**
Not applicable. Belfius Financing Company is a non-rated company.
- B.18 Nature and scope of the guarantees**
[A senior guarantee means that, in case of dissolution or liquidation of Belfius Bank (the Guarantor), the payment of the guarantee will have the same priority as all other obligations of Belfius Bank belonging to the same category (namely direct, unsecured, unconditional and unsubordinated). This category can be seen as the "ordinary creditors" and has a lower priority than the "privileged creditors" (ONSS, State, employees, etc.)] *Applicable for senior notes*
- [A Subordinated Guarantee means that, in case of dissolution or liquidation of Belfius Bank (the Guarantor), the payment of the guarantee will have the same priority as all other obligations of Belfius Bank belonging to the same category (namely direct, unsecured, unconditional and senior subordinated). This category has a lower priority than the "ordinary creditors" but a higher priority than junior subordinated creditors or stakeholders.] *Applicable for Subordinated Notes*
- B.19 Information about the Guarantor**
See below information about Belfius Bank SA/NV

[Issuer/Guarantor]: Belfius Bank SA/NV

Applicable if Belfius Bank is the issuer or the guarantor

B.1 Legal and commercial name of the [Issuer/Guarantor]

Legal name: Belfius Bank SA/NV

Commercial name: Belfius Bank

B.2 Domicile, legal form, legislation and country of incorporation

Belfius Bank is a limited liability company of unlimited duration incorporated under Belgian law. Its registered office is at 1000 Brussels, boulevard Pachéco 44, Belgium, telephone +32 2 222 11 11.

B.4 Trends affecting the [Issuer/Guarantor] and its industry

1. Uncertain economic conditions

Belfius Bank's business activities are dependent on the level of banking, finance and financial services required by its customers. In particular, levels of borrowing are heavily dependent on customer confidence; the state of the economies Belfius Bank does business in, market interest rates and other factors that affect the economy. Also, the market for debt securities issued by banks is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other countries. There can be no assurance that current events in Europe or elsewhere would not cause market volatility or that such volatility will not adversely affect the price of the Notes or that economic and market conditions will not have any other adverse effect. The profitability of Belfius Bank's businesses could, therefore, be adversely affected by a worsening of general economic conditions in its markets, as well as by foreign and domestic trading market conditions and/or related factors, including governmental policies and initiatives. An economic downturn or significantly higher interest rates could increase the risk that a greater number of the Belfius Bank's customers would default on their loans or other obligations to Belfius Bank, or would refrain from seeking additional borrowing. As Belfius Bank currently conducts the majority of its business in Belgium, its performance is influenced by the level and cyclical nature of business activity in this country, which is in turn affected by both domestic and international economic and political events. There can be no assurance that a lasting weakening in the Belgian economy will not have a material adverse effect on the Belfius Bank's future results.

2. Increased and changing regulation

As is the case for all credit institutions, Belfius Bank's business activities are subject to substantial regulation and regulatory oversight in the jurisdictions in which it operates, mainly in Belgium.

Recent developments in the global markets have led to an increase in the involvement of various governmental and regulatory authorities in the financial sector and in the operations of financial institutions. In particular, governmental and regulatory authorities in France, the United Kingdom, the United States, Belgium, Luxembourg and elsewhere have already provided additional capital and funding requirements and have already introduced or may, in the future, be introducing a significantly more restrictive regulatory environment, including new accounting and capital adequacy rules, restrictions on termination payments for key personnel and new regulation of derivative instruments. Current regulation, together with future regulatory developments, could have an adverse effect on how Belfius Bank conducts its business and on the results of its operations.

Belfius Bank is subject to on-going regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations mainly in Belgium but also in the other regions in which Belfius Bank does business. Changes in supervision and regulation, in particular in Belgium, could materially affect Belfius Bank business, the products and services offered by it or the value of its assets.

The recent global economic downturn has resulted in significant changes to regulatory regimes. There have been significant regulatory developments in response to the global crisis, including the stress test exercise co-ordinated by the Committee of European Banking Supervisors, in co-operation with the ECB, liquidity risk assessments and the adoption of new capital regulatory requirements under Basel III. Belfius Bank works closely with its regulators, and continually monitors regulatory developments and plans the contemplated changes, but as the final details of the implementation are not fully determined yet, it is still highly uncertain what actions will be required from Belfius Bank in order to fully comply with the new rules.

Belfius Bank's business and earnings are also affected by fiscal and other policies that are adopted by the various regulatory authorities of the European Union, foreign governments and international agencies. The nature and impact of future changes to such policies are not predictable and are beyond Belfius Bank's control.

B.5 Position of the [Issuer/Guarantor] in its group

Since 20 October 2011, the Federal Holding and Investment Company (“FHIC”), acting on behalf of the Belgian Federal State, holds 100% of the shares of Belfius Bank.

B.9 Profit forecast or estimate

Belfius Bank does not disclose any forecast of its future results.

B.10 Qualifications in the audit report on the historical financial information

Statutory auditor’s report on the consolidated financial statements for the year ended 31 December 2015:

Material adverse change in the prospects

There has been no material adverse change in the prospects of the [Issuer/Guarantor] since the date of its last published audited financial statements.

Significant changes in the financial or trading position

There are no significant changes in the financial or trading position subsequent to the period covered by the historical financial information.

B.13 Recent events relevant to the evaluation of the [Issuer/Guarantor]’s solvency

The Legacy bond portfolio has been brought down to 7.1 billion at 30th June 2016 (compared with 18.3 billion euro at the end of 2011), while the Legacy credit guarantee portfolio went down to 4.3 billion euro (compared with 11.6 billion euro at the end of 2011). The residual portfolios remain of good average credit quality.

In the light of Belfius’ view on a lower risk profile, the bank will continue its tactical de-risking actions in order to bring the Side portfolios, by the end of 2016, to a risk profile fully in line with the core Franchise risk profile.

In 1H 2016, Belfius recorded a net income group share of EUR 249 million, against EUR 272 million in 1H 2015, down 8.4%. The bank’s contribution to the consolidated net income amounted to EUR 117 million and the insurance group EUR 133 million.

The net profit reflects a good performance of both Belfius Bank and Belfius Insurance and this in a difficult setting. The result of Belfius Bank decreased slightly following the low interest rate environment and the volatile financial markets. The result of Belfius Insurance was impacted by lower capital gains compared to 1H 2015 as well as the cost for claims related to the 1H 2016 terrorist attacks and storms.

In 1H 2016, the net income from commercial activities (Franchise) amounted to EUR 312 million.

Franchise net income stems for EUR 266 million from the Retail and Commercial (RC) segment, for EUR 88 million from the Public and Corporate (PC) segment and for EUR - 42 million from Group Center (GC).

The net income of the Side-activities amounted to EUR – 63 million.

The Board of Directors is considering the payment of an interim dividend of EUR 75 million on the current year profit of 2016. This dividend is also subject to approval of the ECB.

The Phased In Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.7% at the end of June 2016, compared to 15.9% at the end of 2015, and the Fully Loaded Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.2% at the end of June 2016, compared to 14.9% at the end of 2015. With the application of the 2016 grandfathering rules, the CET 1 ratio pro forma for the end of 2015 would have amounted to 15.6% compared to the CET 1 ratio of 15.9% as reported for the end of 2015.

The Phased In total capital ratio amounted to 18.6% as at 30 June 2016, compared to 17.7% at the end of 2015. The increase is mainly due to the inaugural Tier 2 bond successfully issued in May 2016 for EUR 500 million.

Belfius Bank is fully respecting the Basel III / CRD IV requirements in terms capital, liquidity and leverage.

B.14 Dependence upon other entities within the group

Belfius Bank is fully held by the Belgian Federal State, through the Federal Holding and Investment Company, which manages Belfius at arm's length. Belfius Bank is not dependent of any of its subsidiaries, save for Belfius Insurance SA/NV.

B.15 Principal activities

Belfius Bank's object is to carry on the business of a credit institution. Furthermore, Belfius Bank may distribute insurance products from third party insurance companies.

B.16 Direct or indirect control over the [Issuer/Guarantor]

Belfius Bank is fully held by the Belgian Federal State, through the Federal Holding and Investment Company, which manages Belfius at arm's length.

B.17 Credit ratings assigned to the [Issuer/Guarantor] or its debt instruments

[As at 27 September 2016, Belfius Bank had the following long-term ratings: A- (stable outlook) with Fitch, A3 (stable outlook) with Moody's and A- (negative outlook) with Standard & Poor's.]

[•]

[C.20] Type of the underlying and where information on the underlying can be found.

[•] *Applicable for derivatives securities*

Risk factors

D.2 Key risk specific to the Issuer [and to the Guarantor]

Like all other financial institutions, Belfius Bank faces financial risk in the conduct of its business, such as credit risk, operational risk and market risk (including liquidity risk).

General credit risks are inherent in a wide range of Belfius Bank's businesses. These include risks arising from changes in the credit quality of its borrowers and counterparties and the inability to recover loans and any amounts due. Being a universal commercial credit institution, Belfius Bank is financing clients from the (local) public and social sector, the historical and still predominant segment, and corporates through its Public and Commercial Banking business unit as well as households, self-employed persons and small businesses through its Retail and Commercial Banking business unit.

Market risks are all the risks linked to the fluctuations of market prices, including, principally, exposure to loss arising from adverse movements in interest rates, and, to a lesser extent, foreign exchange rates and equity prices, stemming from Belfius Bank's activities. Due to the nature of its activity, Belfius Bank is prevented from assuming significant exposure to market risk.

Operational risk is the risk of financial or non-financial impact resulting from inadequate or failed internal processes, people and systems, or from external events. The definition includes legal and reputation risk but excludes strategic risk and expenses from commercial decisions. Although Belfius Bank has implemented risk controls and loss mitigation actions, and has resources devoted to developing efficient procedures and staff awareness, 100 per cent coverage of operational risks can never be attained, due to the very nature of these risks.

Liquidity risk at Belfius Bank is mainly stemming from:

- The variability of the amounts of commercial funding collected from Retail and Private customers, small, medium-sized and large companies, public and similar customers and the way these funds are allocated to customers through all type of loans;
- the volatility of the collateral that is to be deposited at counterparties as part of the CSA framework for derivatives and repo transactions (so-called cash & securities collateral);
- the value of the liquidity reserves by virtue of which Belfius Bank can collect funding on the repo market and/or from the ECB;
- the capacity to obtain interbank and institutional funding..

[D.3 Key risk specific to the Debt Securities] *Applicable for debt securities*

Provisions for calling meetings of Noteholders permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

No assurance can be given as to the impact of any possible judicial decision or change to Belgian law or administrative practice after the date of issue of the relevant Notes.

In addition, any relevant tax law or practice applicable as at the date of this Prospectus and/or the date of purchase or subscription of the Notes may change at any time.

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent Notes are legal investments for it.

The Terms and Conditions allow the Issuer and/or the Calculation Agent to make a unilateral modification to the essential features of the Notes (see consequences of all events described under section 9.7 Variable Linked Provisions), provide an early redemption right for the Issuer (see consequences of all events described under section 9.7 Variable Linked Provisions and 9.16 Substitution) as well as the possibility of Substitution of the Issuer (section 9.16).

The Issuer and/or the Calculation Agent are only allowed to make a unilateral modification to the essential features of the Notes on the cumulative conditions that (i) such right is limited to events of force majeure or other events which significantly modify the economy of the Note and for which the Issuer is not responsible ; (ii) the modification does not create an imbalance between the rights and obligations of the parties to the Note, to the detriment of the Noteholders. This means that the Issuer and/or the Calculation Agent will take all measures and pay every effort to continue the Note under similar circumstances; and (iii) no costs are charged to the Noteholder.

Regarding the early redemption right (see consequences of all events described under section 9.7 Variable Linked Provisions), pursuant to Article VI.83, 10° of the Belgian Code of Economic Law (i) such right is limited to events of force majeure or other events which significantly modify the economy of the Note and for which the Issuer is not responsible and (ii) the Issuer will indemnify the investor. This means that for capital protected or guaranteed Notes and except in the case of a force

majeure event, if the Issuer and/or the Calculation Agent did not manage to continue the Note under similar economic circumstances, the consequence will be Monetization (as defined under section 9 Terms and Conditions of the Notes) without deduction of any costs. In case of such Monetization of the Note, the Noteholders will be granted the right, as an alternative to the Monetization, to sell the Note to the Issuer or to an agent appointed by the Issuer at market value. For Notes without capital protection or in case of force majeure the redemption price will correspond to the Fair Market Value. In case of early redemption, no deduction of any costs will be applied and the costs already borne by the Noteholders will be refunded pro rata temporis to the Noteholders.

[Potential investors of Index Linked Notes or Dual Currency Notes should be aware that:

- i. the market price of such Notes may be volatile;
- ii. such index or indices may be subject to significant changes, whether due to the composition of the index itself, or because of fluctuations in value of the indexed assets;
- iii. the resulting interest rate may be less (or may be more) than that payable on a conventional debt security issued by each Issuer at the same time;
- iv. payment of principal or interest may occur at a different time or in a different currency than expected;
- v. a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- vi. if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified;
- vii. the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield;
- viii. the risks of investing in an Index Linked Note encompass both risks relating to the underlying indexed securities and risks that are linked to the Note itself;
- ix. any Index Linked Note that is indexed to more than one type of underlying asset, or on formulas that encompass the risks associated with more than one type of asset, may carry levels of risk that are greater than Notes that are indexed to one type of asset only;
- x. it may not be possible for investors to hedge their exposure to these various risks relating to Index Linked Notes;
- xi. a significant market disruption could mean that the index on which the Index Linked Notes are based ceases to exist; and
- xii. the index may cease to be published, in which case it may be replaced by an index which does not reflect the exact Relevant Factor, or, in the case where no replacement index exists, the cessation of publication of the index may lead to the early redemption of the Notes.]

[Each Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing some or all of its investment.]

[Notes with variable interest rates can be volatile investments, especially if they are structured to include multipliers or other leverage factors, or caps or floors.]

Investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

[Investment in Fixed Rate Notes and Variable Linked Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of these Notes]

[Investors will not be able to calculate in advance their rate of return on Floating Rate Notes and Variable Linked Rate Notes.]

[Notes are subject to optional redemption by the Issuer.]

[The Maturity Date of the Notes may be automatically extended.]

[The Notes bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate.]

[The Notes bear interest at a rate that the Issuer may elect to convert from a floating rate to a fixed rate.]

[The Notes are exposing investors to foreign exchange risk.]

[Zero Coupon Notes and Notes issued at a substantial discount or premium are subject to higher price fluctuations than non-discounted notes.]

[The Issuer's obligations under the Subordinated Notes are unsecured and subordinated and rank junior to the claims of creditors in respect of unsubordinated obligations and creditors holding claims that, in accordance with their terms, rank or are expressed to rank senior to the Subordinated Notes.]

[Notes may be subject to conversion or write-off associated to a regulatory bail-in under the European Union's Bank Recovery and Resolution Directive (2014/59/EU)]

[D.6 Key risk specific to the Derivative Securities] *Applicable for derivative securities*

[Warning: The holder of a Derivative Securities (i.e. a non capital guaranteed Variable Linked Rate Note) could lose all or a substantial portion of such Note.]

Provisions for calling meetings of Noteholders permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

No assurance can be given as to the impact of any possible judicial decision or change to Belgian law or administrative practice after the date of issue of the relevant Notes.

In addition, any relevant tax law or practice applicable as at the date of this Prospectus and/or the date of purchase or subscription of the Notes may change at any time.

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent Notes are legal investments for it.

The Terms and Conditions allow the Issuer and/or the Calculation Agent to make a unilateral modification to the essential features of the Notes (see consequences of all events described under section 9.7 Variable Linked Provisions), provide an early redemption right for the Issuer (see consequences of all events described under section 9.7 Variable Linked Provisions and 9.16 Substitution) as well as the possibility of Substitution of the Issuer (section 9.16).

The Issuer and/or the Calculation Agent are only allowed to make a unilateral modification to the essential features of the Notes on the cumulative conditions that (i) such right is limited to events of force majeure or other events which significantly modify the economy of the Note and for which the Issuer is not responsible ; (ii) the modification does not create an imbalance between the rights and obligations of the parties to the Note, to the detriment of the Noteholders. This means that the Issuer and/or the Calculation Agent will take all measures and pay every effort to continue the Note under similar circumstances; and (iii) no costs are charged to the Noteholder.

Regarding the early redemption right (see consequences of all events described under section 9.7 Variable Linked Provisions), pursuant to Article VI.83, 10° of the Belgian Code of Economic Law (i) such right is limited to events of force majeure or other events which significantly modify the economy of the Note and for which the Issuer is not responsible and (ii) the Issuer will indemnify the investor. This means that for capital protected or guaranteed Notes and except in the case of a force majeure event, if the Issuer and/or the Calculation Agent did not manage to continue the Note under similar economic circumstances, the consequence will be Monetization (as defined under section 9 Terms and Conditions of the Notes) without deduction of any costs. In case of such Monetization of the Note, the Noteholders will be granted the right, as an alternative to the Monetization, to sell the Note to the Issuer or to an agent appointed by the Issuer at market value. For Notes without capital protection or in case of force majeure the redemption price will correspond to the Fair Market Value. In case of early redemption, no deduction of any costs will be applied and the costs already borne by the Noteholders will be refunded pro rata temporis to the Noteholders.

[Potential investors should be aware that:

- i. the market price of such Notes may be volatile;
- ii. such index or indices may be subject to significant changes, whether due to the composition of the index itself, or because of fluctuations in value of the indexed assets;
- iii. the resulting interest rate may be less (or may be more) than that payable on a conventional debt security issued by each Issuer at the same time;
- iv. payment of principal or interest may occur at a different time or in a different currency than expected;
- v. the holder of a non capital guaranteed Index Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on the Index Linked Note;
- vi. a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- vii. if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified;
- viii. the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield;
- ix. the risks of investing in an Index Linked Note encompass both risks relating to the underlying indexed securities and risks that are linked to the Note itself;
- x. any Index Linked Note that is indexed to more than one type of underlying asset, or on

formulas that encompass the risks associated with more than one type of asset, may carry levels of risk that are greater than Notes that are indexed to one type of asset only;

xi. it may not be possible for investors to hedge their exposure to these various risks relating to Index Linked Notes;

xii. a significant market disruption could mean that the index on which the Index Linked Notes are based ceases to exist; and

xiii. the index may cease to be published, in which case it may be replaced by an index which does not reflect the exact Relevant Factor, or, in the case where no replacement index exists, the cessation of publication of the index may lead to the early redemption of the Notes.]

[Each Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing some or all of its investment.]

[Notes with variable interest rates can be volatile investments, especially if they are structured to include multipliers or other leverage factors, or caps or floors.]

Investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

[Investment in Fixed Rate Notes and Variable Linked Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of these Notes.]

[Investors will not be able to calculate in advance their rate of return on Floating Rate Notes and Variable Linked Rate Notes.]

[Notes are subject to optional redemption by the Issuer.]

[The Maturity Date of the Notes may be automatically extended.]

[The Notes are exposing investors to foreign exchange risk.]

[The market price of Variable Linked Rate Notes with a multiplier or other coverage factor may be volatile, and the value of such Notes on the secondary market is subject to greater levels of risk than is the value of other Notes.]

[The formula used to determine the amount of principal, premium and/or interest payable with respect to the Variable Linked Notes contains a multiplier or leverage factor, the effect of any change in the applicable currency, stock, interest rate or other index will therefore be increased.]

[Notes may be subject to conversion or write-off associated to a regulatory bail-in under the European Union's Bank Recovery and Resolution Directive (2014/59/EU).]

3. RISK FACTORS

(Annex V.2, IV. And XI.3 of Regulation (EC) 809/2004)

The following sets out certain aspects of the offering of the Notes of which prospective investors should be aware of.

An investment in the Notes involves a degree of risk. Prospective investors should carefully consider the risks set forth below and the other information contained in this Prospectus (including information incorporated by reference) before making any investment decision in respect of the Notes. The risks described below are risks which the Issuers believe may have a material adverse effect on the relevant Issuer's financial condition and the results of its operations, the value of the Notes or the relevant Issuer's ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and neither Belfius Bank nor Belfius Financing Company is in a position to express a view on the likelihood of all or any of such contingencies occurring. Additional risk and uncertainties, including those of which the Issuers are not currently aware or deems immaterial, may also potentially have an adverse effect on the relevant Issuer's business, results of operations, financial condition or future prospectus or may result in other events that could cause investors to lose all or part of their investment.

Factors which the Issuers believe may be material for the purpose of assessing the market risks associated with the Notes issued under the Programme are also described below.

The Issuers believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the relevant Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which are not known to the Issuers or which the Issuers deem immaterial at this time.

Prospective investors should also read the detailed information set out elsewhere in the Base Prospectus (including any documents deemed to be incorporated in it by reference) and reach their own views prior to making any investment decision.

In case of doubt in respect of the risks associated with the Notes and in order to assess their adequacy with their personal risk profile, investors should consult their own financial, legal, accounting and tax experts about the risks associated with an investment in these Notes, the appropriate tools to analyse that investment, and the suitability of that investment in each investor's particular circumstances. No investor should purchase the Notes described in the Base Prospectus unless that investor understands and has sufficient financial resources to bear the price, market, liquidity, structure, redemption and other risks associated with an investment in these Notes. The market value can be expected to fluctuate significantly and investors should be prepared to assume the market risks associated with these Notes.

Factors that may affect Belfius Bank's ability to fulfill its obligations under the Notes.

Like other banks, Belfius Bank faces financial risk in the conduct of its business, such as credit risk, operational risk and market risk (including liquidity risk).

3.1. Risks related to the business of banks in general, and to the Business of Belfius Bank

3.1.1. Credit Risk

General credit risks are inherent in a wide range of Belfius Bank's businesses. These include risks arising from changes in the credit quality of its borrowers and counterparties and the inability to recover loans and any amounts due. Belfius Bank is subject to the credit risk that third parties (such as trading counterparties, counterparties under swaps and credit and other derivative contracts, borrowers of loans made available by Belfius Bank, the issuers of securities which Belfius Bank holds, customers, clearing agents and clearing houses, exchanges, guarantors, (re-)insurers and other financial intermediaries owing Belfius Bank money, securities or other assets) do not pay, deliver or perform under their obligations. Bankruptcy, lack of liquidity, downturns in

the economy or real estate values, operational failure or other reasons may cause them to default on their obligations towards Belfius Bank.

Being a universal commercial credit institution, Belfius Bank is financing clients from the public and social sector and corporates through its Public and Corporate Banking business unit as well as households, self-employed persons and small businesses through its Retail and Commercial Banking business unit.

Credit risk measurements rely principally on internal rating systems put in place by Belfius Bank under Basel II. The risk approach of Belfius Bank is based on its decision to apply the IRBA II Advanced method. This means that Belfius Bank makes use of internal models for defining the risk parameters Probability of Default (PD), Loss Given Default (LGD) and Credit Conversion Factor (CCF – the conversion in terms of percentage of an available credit line in an amount draw down) for off-balance-sheet commitments. This choice has been acknowledged by the regulators. Each counterparty is rated by analysts in charge of credit risk or by dedicated scoring systems. This rating corresponds to a valuation of the counterparty's level of default risk, expressed on an internal rating scale, and is a key element in the loan granting process by the credit committee or by automated granting systems. Ratings are reviewed at least annually according to regulatory constraints, and this allows a proactive identification of counterparties requiring regular monitoring by the “watchlist” committee.

In order to control the general credit risk profile and to limit risk concentrations, credit risk limits are defined for each counterparty, fixing the maximum exposure to credit risk deemed acceptable for a given counterparty. Limits may also be imposed per economic sector and per product. The risk management department proactively monitors these limits, in relation to the evolution of the perception of risks run by Belfius Bank. In order to take more recent events into consideration, specific limits may be frozen at any time by the risk management department. Nonetheless, no assurance can be given that the strategy and framework to control the general credit risk profile and to limit risk concentrations will be effective and will not have an adverse effect on Belfius Bank's results of operations, financial conditions or prospects.

3.1.2. Liquidity Risk

The liquidity risk at Belfius Bank is mainly stemming from:

- The variability of the amounts of commercial funding collected from Retail and Private customers, small, medium-sized and large companies, public and similar customers and the way these funds are allocated to customers through all type of loans;
- the volatility of the collateral that is to be deposited at counterparties as part of the CSA framework for derivatives and repo transactions (so-called cash & securities collateral);
- the value of the liquidity reserves by virtue of which Belfius Bank can collect funding on the repo market and/or from the ECB;
- the capacity to obtain interbank and institutional funding.

Liquidity and Capital Management (“**LCM**”), a division situated within the scope of the Chief Financial Officer (“**CFO**”), is the front-line manager for the liquidity and capital requirements of Belfius Bank. It identifies, analyses and reports on current and future liquidity positions and risks, and defines and coordinates funding plans and actions under the operational responsibility of the CFO and under the general responsibility of the Management Board. The CFO also bears final operational responsibility for managing the interest rate risk contained in the banking balance sheet via the Asset and Liability Management (“**ALM**”) department and the Asset and Liability Committee (“**ALCo**”), meaning that total balance sheet management lies within its operational responsibility.

LCM organises a weekly Liquidity Management Committee (“**LMC**”), in presence of the CFO, the Risk Department, the Treasury Department of the Financial Markets and the Retail & Commercial and Public &

Corporate Business lines. This committee implements the decisions taken by LCM in relation to obtaining short-term and long-term funding on the institutional markets and through the commercial franchise.

LCM also monitors the funding plan to guarantee that Belfius Bank will continue to comply with its internal and regulatory liquidity ratios.

LCM reports on a daily and weekly basis to the Management Board about Belfius Bank's liquidity situation.

Second-line controls for monitoring the liquidity risk are performed by the Risk department, which ensures that the reports published are accurate, challenges the retained hypothesis and models, realises simulation over stress situations and oversees compliance with limits, as laid down in the Liquidity Guideline.

3.1.3. Market Risk

The businesses and earnings of Belfius Bank and of its individual business segments are affected by market conditions. Market risk can be understood as the potential adverse change in the value of a portfolio of financial instruments due to movements in market price levels, to changes of the instrument's liquidity, to changes in the volatility levels for market prices or changes in the correlations between the levels of market prices.

Belfius Bank records several additional value adjustments which might vary significantly based on market evolutions of for example credit and basic risk.

Management of market risk within Belfius Bank is focused on all Non Financial and Financial Markets activities and encompasses interest rate risk, spread risk and associated credit risk/liquidity risk, foreign-exchange risk, equity risk (or price risk), inflation risk and commodity price risk.

Non Financial Markets activities

Managing structural exposure to market risks (including interest rate risk, equity risk, real estate risk and foreign exchange risk) is also known as ALM. The structural exposure at the Issuer results from the imbalance between its assets and liabilities in terms of volumes, durations and interest rate sensitivity.

Belfius Bank's Board of Directors has the ultimate responsibility for setting the strategic risk tolerance, including the risk tolerance for market risks in non financial markets activities. The Management Board of the Issuer and Belfius Insurance have the ultimate responsibility for managing the interest rate risks of Belfius Bank within the above set risk tolerance and within the regulatory framework.

Operational responsibility for effective ALM is delegated to the ALCo. The ALCo manages interest rate risk, foreign exchange risk, and liquidity risk of Belfius Bank's and Belfius Insurance's balance sheets within a framework of normative limits and reports to the Management Board. Important files at a strategic level are submitted for final decision to the Management Board, which has the final authority before any practical implementation.

The ALCo of Belfius Bank is responsible for guiding and monitoring balance sheet and off-balance –sheet commitments and, in doing so, places an emphasis on:

- the creation of a stable income flow;
- the maintenance of economic value; and
- the insurance of robust and sustainable funding.

Financial Markets activities

Financial Markets activities encompass client-oriented activities and hedge activities at the Issuer. No Financial Markets activities are undertaken at Belfius Insurance. For their needs in Financial Markets products, Belfius Insurance turns to the Issuer or other banks.

The Value-at-Risk (“**VaR**”) concept is used as the principal metric for proper management of the market risk Belfius Bank is facing. The VaR measures the maximum loss in Net Present Value (“**NPV**”) the bank might be facing in normal and/or historical market conditions over a period of 10 days with a confidence interval of 99%. The following risks are monitored at Belfius Bank using a VaR computation:

- The interest rate and foreign-exchange rate risk: this category of risk is monitored via an historical VaR based on an internal model approved by the National Bank of Belgium

The historical simulation approach consists of managing the portfolio through a time series of historical asset yields. These revaluations generate a distribution of portfolio values (yield histogram) on the basis of which a VaR (% percentile) may be calculated.

The main advantages of this type of VaR are its simplicity and the fact that it does not assume a normal but a historical distribution of asset yields (distributions may be non-normal and the behaviour of the observations may be non-linear).

- The general and specific equity risks are measured on the basis of a historical VaR with full valuation based on 300 scenarios.
- The spread risk and the inflation risk are measured via a historical approach, applying 300 observed variations on the sensitivities.

Since the end of 2011, Belfius Bank has computed a Stressed Value-at-Risk (“**S-VaR**”) on top of its regular VaR, which also enters into the computation of weighted risks for Market Risk. This S-VaR measure consists of calculating an historical VaR based on a 12 consecutive months observation period which generates the largest negative variations of Net Present Value in the bank’s current portfolio of financial instruments.

3.1.4. Operational risk

Belfius Bank defines “operational risk” as the risk of financial or non-financial impact resulting from inadequate or failed internal processes, people and systems, or from external events. The definition includes legal, reputational and strategic risk but excludes expenses from commercial decisions.

The framework on the management of operational risk at Belfius Bank is in place and is based on the principles mentioned in the “principles for the sound management of operational risk” of the Bank for International Settlements.

The governance structure is based on a first line responsibility by the business management and a second line responsibility by the operational risk management department, who defines the methodological principles. There is a clear separation of duties between both lines.

The operational risk management includes the collection of operational events (loss data), the organisation of yearly risk and control self-assessments, as well as the performance of scenario analysis, the collection of insurance claims and the yearly review of the insurance policies, advice on operational risk topics, co-ordination of the fraud management at Belfius Bank, the development and testing of business continuity plans and performance of business impact analysis, a crisis management programme, the management of information risk. All activities of Belfius Bank are covered by the current framework.

3.1.5. Competition

Belfius Bank faces strong competition across all its markets from local and international financial institutions including banks, life insurance companies and mutual insurance organisations. While Belfius Bank believes it is positioned to compete effectively with these competitors, there can be no assurance that increased competition will not adversely affect Belfius Bank’s pricing policy and lead to losing market share in one or more markets in which it operates.

Competition is also affected by other factors such as changes in consumer demand and regulatory actions. Moreover competition can increase as a result of internet and mobile technologies changing customer behaviour,

the rise of mobile banking and the threat of banking business being developed by non-financial companies, all of which may reduce the profits of the credit institution.

3.1.6. Increased and changing regulation of the financial services industry could have an adverse effect on Belfius Bank's operations

As is the case for all credit institutions, Belfius Bank's business activities are subject to substantial regulation and regulatory oversight in the jurisdictions in which it operates, mainly in Belgium.

Recent developments in the global markets have led to an increased involvement of various governmental and regulatory authorities in the financial sector and in the operations of financial institutions. In particular, governmental and regulatory authorities in France, the United Kingdom, the United States, Belgium, Luxembourg and elsewhere have, as a result, provided additional capital and funding requirements and have introduced and may, in the future, be introducing a significantly more restrictive regulatory environment, including new accounting and capital adequacy rules, restrictions on termination payments for key personnel and new regulation of derivative instruments. Current regulation, together with future regulatory developments, could have an adverse effect on how Belfius Bank conducts its business and on the results of its operations.

The recent global economic downturn has resulted in significant changes to regulatory regimes. There have been significant regulatory developments in response to the global crisis, including the stress test exercise co-ordinated by the Committee of European Banking Supervisors in co-operation with the European Central Bank (the “ECB”), liquidity risk assessments and the adoption of a new regulatory framework. The most relevant areas of regulation include the following:

- The requirements under Basel III have been implemented in the European Union through the adoption of (i) Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions on prudential requirements for credit institutions and investment firms (“CRD”) and (ii) Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (“CRR” and together with CRD, “CRD IV”).
- The European Parliament and the Council of the European Union adopted on respectively 15 April 2014 and 6 May 2014 Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”). The aim of the BRRD is to provide supervisory and resolution authorities, including the resolution college of the NBB within the meaning of Article 21ter of the Law of 22 February 1998 establishing the organic statute of the National Bank of Belgium, or any successor body or authority of the resolution college (including the SRB (as defined below)) (the “**National Resolution Authority**” and, together with the national resolution authorities of other participating Member States, the “**NRAs**”), with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimise taxpayers' exposure to losses. Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund entered into force on 19 August 2014. From that moment, a centralised power of resolution has been established and entrusted to the Single Resolution Board (the “**SRB**”). The SRB is operational as from 1 August 2016. Once operational, the SRB will work in close cooperation with the NRAs.
- As part of the so-called banking union, the “**Single Supervision Mechanism**” or “**SSM**” was adopted by Council Regulation (EU) No 1024/2013 of 15 October 2013 conferring specific tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions. Under the SSM, the European Central Bank (ECB) will assume certain supervisory

responsibilities in relation to Belfius Bank, which were previously handled by the NBB. The ECB may interpret the applicable banking regulations, or exercise discretions given to the regulator under the applicable banking regulations, in a different manner than the NBB.

- On 25 April 2014, a new law on the status and supervision of credit institutions was adopted in Belgium (i.e. *Wet op het statuut van en het toezicht op kredietinstellingen / Loi relative au statut et au contrôle des établissements de crédit*) (the “**Belgian Banking Law**”). The Belgian Banking Law entered, subject to certain exceptions (including in respect of its resolution regime), into force on 7 May 2014.

Belfius Bank’s business and earnings are also affected by fiscal and other policies that are adopted by the various regulatory authorities of the European Union, foreign governments and international agencies. The nature and impact of future changes to such policies are not predictable and are beyond Belfius Bank’s control.

Belfius Bank conducts its business subject to on-going regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations mainly in Belgium but also in the other regions in which Belfius Bank does business. Changes in supervision and regulation, in particular in Belgium, could materially affect Belfius Bank’s business, the products and services offered by it or the value of its assets.

3.1.7. Belgian banking law

The Belgian Banking Law is based on the existing regulatory framework and implements into Belgian law (i) the CRD, as defined and explained in paragraph 3.1.8 (*Effective capital management and capital adequacy and liquidity requirements*) below, and (ii) the BRRD, as defined and explained in paragraph 3.1.9 (*European Resolution Regime*) below.

The Banking Law replaced the previous banking law of 22 March 1993. The Banking Law also introduces a number of specific provisions broadly in line with developments at the European level, such as certain limitations on trading activities, restrictions on proprietary trading, certain specific requirements (such as the obligation to maintain a minimum ratio of unencumbered assets) or general liens for the benefit of depositors on the movable assets of the Issuer (subject to certain limitations). The Banking Law further contains powers to allow the government to conform the Banking Law to developments at a European level in certain areas, including through the adoption of royal decrees.

The Belgian Banking Law will have an impact that goes beyond the mere transposition of the aforementioned CRD and BRRD. This is, in particular, but not solely, due to (i) the increased regulatory attention to, and regulation of, corporate governance (including executive compensation), (ii) the need for strategic decisions to be pre-approved by the regulator, and (iii) the prohibition (subject to limited exceptions) of proprietary trading. In respect of the last point, Belfius Bank does not expect such prohibition to have a material impact on its business as it is currently being conducted.

In addition, the Lead Regulator (means the NBB, ECB or any successor entity primarily responsible for the prudential supervision of the Issuer) will need to pre-approve any strategic decision of any Belgian financial institution subject to the Belgian Banking Law (including the Issuer, and regardless of it being systemically important or not). For these purposes, strategic decisions include decisions having significance relating to each investment, disinvestment, participation or strategic cooperation agreement of the financial institution, including decisions regarding the acquisition of another institution, the establishment of another institution, the incorporation of a joint venture, the establishment in another country, the conclusion of cooperation agreement, the contribution of or the acquisition of a branch of activities, a merger or a demerger. The Lead Regulator will have the benefit of extensive discretionary power in this area.

It should be noted that (i) certain elements of the Belgian Banking Law require further detailed measures to be taken by other authorities, in particular the National Bank of Belgium, (ii) certain elements of the Belgian Banking Law will be influenced by further regulations (including through technical standards) taken or to be

taken at European level, and (iii) the application of the Belgian Banking Law may be influenced by the recent assumption by the European Central Bank of certain supervisory responsibilities which were previously handled by the National Bank of Belgium and, in general, by the allocation of responsibilities between the European Central Bank and the National Bank of Belgium.

Finally, it should be noted that certain of the European initiatives (in particular the prohibition on proprietary trading) to be transposed into Belgian law pursuant to the Belgian Banking Law are still in draft form, or subject to political discussion, at the European level. Whilst the Belgian Banking Law contains powers to allow the government to conform the Belgian Banking Law to developments at a European level in certain areas through a royal decree, it cannot be ruled out that there will be differences between the regulatory regime promulgated by the relevant European directives and the regulatory regime of the Belgian Banking Law.

3.1.8. Effective Capital Management and capital adequacy and liquidity requirements

Effective management of Belfius Bank's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. Belfius Bank is required by regulators in EU and other jurisdictions in which it undertakes regulated activities to maintain adequate capital resources. The maintenance of adequate capital is also necessary for Belfius Bank's financial flexibility in the face of continuing turbulence and uncertainty in the global economy.

In December 2010, the Basel Committee on Banking Supervision (the “**Basel Committee**”) reached agreement on comprehensive changes to the capital adequacy framework, known as Basel III. A revised version of Basel III was published in June 2011. The purpose was to raise the resilience of the banking sector by increasing both the quality and quantity of the regulatory capital base and enhancing the risk coverage of the capital framework. Among other things, Basel III introduced new eligibility criteria for common equity Tier 1, Additional Tier 1 and Tier 2 capital instruments with a view to raising the quality of regulatory capital, and increased the amount of regulatory capital that institutions are required to hold. Basel III also requires institutions to maintain a capital conservation buffer above the minimum capital ratios which, if not maintained, results in certain capital distribution constraints being imposed on Belfius Bank. The capital conservation buffer, to be comprised of common equity Tier 1 capital, would result in an effective common equity Tier 1 capital requirement of 7 per cent. of risk-weighted assets (i.e., its assets adjusted for their associated risks). In addition, Basel III directs national regulators to require certain institutions to maintain a counter-cyclical capital buffer during periods of excessive credit growth. Basel III further introduced a leverage ratio for institutions as a backstop measure, to be applied from 2018 alongside current risk-based regulatory capital requirements. The changes in Basel III are contemplated to be phased in gradually between January 2013 and January 2022. Basel III has been introduced in the European Union through CRD IV.

CRD IV (consisting of CRD and CRR) applies since 1 January 2014 and imposes a series of new requirements, many of which are being phased in over a number of years. Certain portions of CRD have been transposed into Belgian law through the Belgian Banking Law and, although CRR applies directly in each Member State, CRR leaves a number of important interpretational issues to be resolved through binding technical standards, and leaves certain other matters to the discretion of national regulators. In addition, the European Central Bank may, following the assumption of certain supervisory responsibilities, interpret CRD IV, or exercise discretion accorded to the regulator under CRD IV (including options with respect to the treatment of assets of other affiliates) in a different manner than the National Bank of Belgium. To the extent that Belfius Bank has estimated the indicative impact that CRD IV may have on the calculation of its risk-weighted assets and capital ratios, such estimates are preliminary and subject to uncertainties and change.

Basel III and CRD IV change the capital adequacy and liquidity requirements in Belgium and in other jurisdictions. The application of increasingly stringent stress case scenarios by the regulators may (i) require Belfius Bank to raise additional capital resources (including common equity Tier 1, additional Tier 1 capital and Tier 2 capital) by way of further issuances of securities, and (ii) result in existing Tier 1 and Tier 2 securities issued by Belfius Bank ceasing to count towards Belfius Bank's regulatory capital, either at the same level as

present or at all. The requirement to raise additional Tier 1 and Tier 2 capital could have a number of negative consequences for Belfius Bank. If Belfius Bank is unable to raise the requisite capital, it may be required to further reduce the amount of its weighted risks.

Any change that limits Belfius Bank's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of impairments and increases in weighted risks) or to access funding sources could have a material adverse impact on its financial condition and regulatory capital position or result in a loss of value in the Notes.

3.1.9. European resolution regime

The BRRD grants powers to resolution authorities that include (but are not limited to) the introduction of a statutory "write-down and conversion power" in relation to Tier 1 capital instruments and Tier 2 capital instruments (including the Subordinated Notes) and a "bail-in" power in relation to eligible liabilities (as defined in BRRD) (including the Senior Notes) and capital instruments. These powers allow the Lead Regulator to cancel all or a portion of the principal amount of, or interest on, certain unsecured liabilities (which could include the Notes) of a failing institution and/or to convert certain debt claims (which could be the Notes) into another security, including ordinary shares of Belfius Bank or any other surviving group entity, if any. The "write down and conversion" and "bail-in" powers are part of a broader set of resolution powers provided to the resolution authorities under the BRRD in relation to distressed credit institutions and investment firms. These resolution powers include the ability for the resolution authorities to force, in certain circumstance of distress, the sale of credit institution's business or its critical functions, the separation of assets, the replacement or substitution of the credit institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including amending the maturity date, any interest payment date or the amount of interest payable and/or imposing a temporary suspension of payments) and/or discontinue the listing and admission to trading of debt instruments issued by the credit institution.

The Resolution Authority must write down or convert all Tier 1 capital instruments and Tier 2 capital instruments (such as the Subordinated Notes) at the institution's or group's point of non-viability (i.e., the point at which the relevant authority determines that the institution or group meet the conditions for resolution or would cease to be viable (within the meaning of Article 251 of the Belgian Banking Law) if those capital instruments were not written down or converted). In addition, all Tier 1 capital instruments and the Tier 2 capital instruments (such as the Subordinated Notes) must be written-down or converted before, or at least together with, the application of any resolution tool (including the exercise of the bail-in powers). See also risk factor "*Holders of Subordinated Notes will be required to absorb losses in the event the Issuer becomes non-viable or if the conditions for the exercise of resolution powers are met*".

Accordingly, the Subordinated Notes could, in any event, be written-down or converted at the latest at the same time as any bail-in of senior debt claims and possibly before, if deemed necessary in order to avoid the institution becoming non-viable.

The Phased In Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.7% at the end of June 2016, compared to 15.9% at the end of 2015, and the Fully Loaded Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.2% at the end of June 2016, compared to 14.9% at the end of 2015. With the application of the 2016 grandfathering rules, the CET 1 ratio pro forma for the end of 2015 would have amounted to 15.6% compared to the CET 1 ratio of 15.9% as reported for the end of 2015.

The tier 1 capital ratio (ratio of the amount of tier 1 capital compared to the risk-weighted assets of the bank) can give an indication of the strength of a bank, given the fact that tier 1 capital is the first layer to absorb losses in times of financial distress.

As some of the requirements are subject to further implementation, it is not yet possible to assess the full impact of the BRRD or the Banking Law on Belfius Bank and on holders of its securities. Furthermore, the relevant

regulator has not yet established the minimum requirement of own funds and eligible liabilities (MREL) for Belfius Bank (expected Q4/2016, and more probably: Q1/2017).

All the mandatory information pursuant to the articles 431 CRR is disclosed in our Annual Report and Semi-Annual Report, available on Belfius Bank's website:

<https://www.belfius.com/EN/results/index.aspx>

<https://www.belfius.com/EN/reports/index.aspx>

3.1.10. Belgian bank recovery and resolution regime

BRRD had been transposed into Belgian law as from 3 March 2015. Under the Belgian bank recovery and resolution regime, the supervisory and resolution authorities, which includes the National Resolution Authority, are able to take a number of measures in respect of any credit institution it supervises if deficiencies in such credit institution's operations are not remedied. Such measures include: the appointment of a special commissioner whose consent is required for all or some of the decisions taken by all the institution's corporate bodies; the imposition of additional requirements in terms of solvency, liquidity, risk concentration and the imposition of other limitations; requesting limitations on variable remuneration; the complete or partial suspension or prohibition of the institution's activities; the requirement to transfer all or part of the institution's participations in other companies; replacing the institution's directors or managers; and revocation of the institution's licence, the right to impose the reservation of distributable profits, or the suspension of dividend distributions or interest payments to holders of Additional Tier 1 capital instruments.

Furthermore, the Lead Regulator can impose specific measures on an important financial institution (including Belfius Bank, and whether systemic or not) when the Lead Regulator is of the opinion that (a) such financial institution has an unsuitable risk profile or (b) the policy of the financial institution can have a negative impact on the stability of the financial system.

The Belgian Banking Law allows the National Resolution Authority to take resolution actions (in which respect please see paragraph 3.1.9 (*European Resolution Regime*) above). Such powers include the power to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a "bridge institution" (an entity created for that purpose which is wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to a bridge institution or one or more asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down.

In addition, the Belgian Banking Law grants a "bail in" power to the National Resolution Authority as set out in paragraph 3.1.9 (*European Resolution Regime*) above). These bail-in powers will, at the earliest, enter into force on 1 January 2016.

The "write-down and conversion power" (see paragraph 3.1.9 (*European resolution regime*) above) has also been transposed in the Belgian Banking Law.

Subject to certain exceptions, as soon as any of these proposed proceedings have been initiated by the National Resolution Authority, the relevant counterparties of such credit institution (including the Noteholders) would not be entitled to invoke events of default or set off their claims against the credit institution. The Belgian Banking Law confirms that the new law will not affect the financial collateral arrangements (including close-out netting and repo-transactions) subject to the Belgian law of 14 December 2004 on financial collateral (transposing Directive 2002/47/EC in Belgian law), although the mere fact that a recovery or resolution measure is taken by the National Resolution Authority may not cause an event of default, give rise to any close-out or enforcement of security to the extent that the essential provisions of the agreement remain respected. Note that the protection of financial collateral arrangements provided for by the Belgian Banking Law is slightly broader than the regime set out in the BRRD (with the latter containing certain exceptions to the protection of such arrangements to the

extent deposits that may be repayable by a deposit guarantee scheme are part of such arrangements) and that, as a consequence the Belgian Banking Law may need to be amended to provide for the same exceptions.

As indicated above, under the Belgian Banking Law, the powers of the supervisory and resolution authorities are significantly expanded. Implementation by the supervisory and/or resolution authorities of any of their powers of intervention could have an adverse effect on the interests of the Noteholders.

3.1.11. Business conditions and the general economy

Belfius Bank's profitability could be adversely affected by a worsening of general economic conditions domestically, globally or in certain individual markets such as Belgium. Factors such as interest rates, inflation, investor sentiment, the availability and cost of credit, the liquidity of the global financial markets and the level and volatility of equity prices could significantly affect the activity level of customers. For example:

- An economic downturn or significantly higher interest rates could adversely affect the credit quality of Belfius Bank's on-balance sheet and off-balance sheet assets by increasing the risk that a greater number of Belfius Bank's customers would be unable to meet their obligations;
- A continued market downturn or further worsening of the economy could cause Belfius Bank to incur mark-to-market losses in some of its portfolios; and
- A continued market downturn would be likely to lead to a decline in the volume of transactions that Belfius Bank executes for its customers and, therefore, lead to a decline in the income it receives from fees and commissions and interest.

All of the above could in turn affect Belfius Bank's ability to meet its payment obligations under the Notes or the Guarantee.

3.1.12. Current market conditions and recent developments

The creation of the banking union in the European Union and the subsequent requirements imposed upon financial institutions by that banking union has supported and strengthened the stability of the financial system. This has also led to a higher level of confidence in the financial institutions in general. However, financial institutions can still be forced to seek additional capital, merge with larger and stronger institutions and, in some cases, be resolved in an organised manner.

Fears of a hard landing of the Chinese economy have abated and the credit and stock markets experienced a period of low volatility. Mainly in the bond market a continued upward pressure on the prices exists thanks to the sustained actions by the monetary authorities to keep the interest rates at a low or even negative level. The European economy has thus entered a period of positive but low economic growth with low or negative interest rates. Because of the impact of these negative interest rates on the business model of financial institutions it cannot be excluded that the financial sector witnesses again a period of lack of confidence, volatility of its market valuation and reduced profitability. It can then not be excluded that this economic context may materially and adversely affect Belfius Bank's business and financial conditions, which could in turn affect Belfius Bank's (as Issuer or Guarantor) ability to meet its payments under the Notes Issuance Programme.

On 23 June 2016, in a referendum the UK expressed its wish to leave the European Union. This outcome was unexpected by the financial markets and led to strong declines in the stock markets as well as a depreciation of the euro and especially the sterling against the US dollar. Due to the rush of investors to high quality assets, interest rates also fell. The 10-year German bund even became negative and traded at approximately -13 bps at the end of June. How the exit from the European Union will work out, in which time frame, and which economic sectors will be impacted, is for the time being unknown. This again increases uncertainty and volatility.

The UK is also one of Belgium's most important export markets. According to the National Bank of Belgium, business with the UK represents approximately EUR 3 billion of added value. What effect the Brexit may have on these trade relations is currently unknown.

The credit risk exposure of Belfius counterparties in the United Kingdom amounted to EUR 11 billion by the end of June 2016. Almost three-quarters of this credit risk exposure concerns bonds, of which close to 60% are inflation-linked, issued by utilities and infrastructure companies in the United Kingdom that operate in regulated sectors such as water and electricity distribution. These bonds are of good credit quality (98% investment grade), and moreover the majority of the outstanding bonds are covered with a credit protection issued by a credit insurer that is independent from the bond issuer. The remainder concerns the bond portfolio of Belfius Insurance, a short-term credit portfolio for treasury management of Belfius Bank and receivables on clearing houses. The credit risks on those portfolios are also of good credit quality.

The H1 2016 result of Belfius Bank decreased slightly following the low interest rate environment and the volatile financial markets related to the Brexit market turmoil at the end of the first half of 2016.

3.1.13. Uncertain economic conditions

Belfius Bank's business activities are dependent on the level of banking, finance and financial services required by its customers. In particular, levels of borrowing are heavily dependent on customer confidence; the state of the economies Belfius Bank does business in, market interest rates and other factors that affect the economy. Also, the market for debt securities issued by banks is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other countries. There can be no assurance that current events in Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Notes or that economic and market conditions will not have any other adverse effect. The profitability of Belfius Bank's businesses could, therefore, be adversely affected by a worsening of general economic conditions in its markets, as well as by foreign and domestic trading market conditions and/or related factors, including governmental policies and initiatives. An economic downturn or significantly higher interest rates could increase the risk that a greater number of Belfius Bank's customers would default on their loans or other obligations to Belfius Bank, or would refrain from seeking additional borrowing. As Belfius Bank currently conducts the majority of its business in Belgium, its performance is influenced by the level and cyclical nature of business activity in this country, which is in turn affected by both domestic and international economic and political events. There can be no assurance that a lasting weakening in the Belgian economy will not have a material adverse effect on Belfius Bank's future results.

3.1.14. A downgrade in the credit rating

The rating agencies, Standard & Poor's, Moody's and Fitch Ratings, use ratings to assess whether a potential borrower will be able in the future to meet its credit commitments as agreed. A major element in the rating for this purpose is an appraisal of the company's net assets, financial position and earnings performance. In addition, Belfius Bank is wholly owned by the Belgian federal state through the Federal Holding and Investment Company, and it is possible that, if the ratings assigned to the Belgian federal state were to be downgraded, that could result in the ratings assigned to Belfius Bank being negatively affected. Moreover, as the ownership of a bank is one of the factors taken into account in determining a bank's rating, a change of ownership of Belfius Bank could have a potential impact on the ratings assigned to Belfius Bank. A bank's rating is an important comparative element in its competition with other banks. It also has a significant influence on the individual ratings of the most important subsidiaries. A downgrading or the mere possibility of a downgrading of the rating of Belfius Bank or one of its subsidiaries might have adverse effects on the relationship with customers and on the sales of the products and services of the company in question. In this way, new business could suffer, Belfius Bank's competitiveness in the market might be reduced, and its funding costs would increase substantially. A downgrading of the rating would also have adverse effects on the costs to Belfius Bank of raising equity and borrowed funds and might lead to new liabilities arising or to existing liabilities being called that are dependent

upon a given rating being maintained. It could also happen that, after a downgrading, Belfius Bank would have to provide additional collateral for derivative transactions in connection with rating-based collateral arrangements. If the rating of Belfius Bank were to fall within the reach of the non-investment grade category, it would suffer considerably. In turn, this would have an adverse effect on Belfius Bank's ability to be active in certain business areas.

3.1.15. Catastrophic events, terrorist attacks and other acts of war

Catastrophic events, terrorist attacks, other acts of war or hostility, and responses to those acts may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which Belfius Bank operates and, more specifically, on the business and results of operations of Belfius Bank in ways that cannot be predicted.

3.1.16. The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States"). On 8 December 2015, Estonia however expressed its intention not to introduce the FTT.

The proposed FTT has very broad scope and could apply to certain dealings in the Mortgage Pandbrieven (including secondary market transactions) in certain circumstances. The issuance and subscription of Mortgage Pandbrieven should, however, be exempt.

Under the proposals, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Mortgage Pandbrieven where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The Issuer is a financial institution incorporated in Belgium and therefore financial institutions worldwide would be subject to the FTT when dealing in the Mortgage Pandbrieven.

Joint statements issued by the participating Member States indicate an intention to implement the FTT progressively, such that it would initially apply to shares and certain derivatives. The FTT, as initially implemented on this basis, may not apply to dealings in the Mortgage Pandbrieven.

The proposed FTT remains subject to negotiation between the participating Member States and the timing remains unclear. The proposed FTT may still be abandoned or repealed. Additional EU Member States may decide to participate. Given the lack of certainty surrounding the proposals and their implementation, it is not possible to predict what effect the proposed FTT might have on the business of Belfius Bank; it could materially adversely affect the business of Belfius Bank. Prospective holders of the Mortgage Pandbrieven are strongly advised to seek their own professional advice in relation to the FTT.

3.1.17. A substantial part of Belfius Bank's assets are encumbered

Like every credit institution, a non-negligible part of the Belfius Bank's assets are collateralised (by means of an outright pledge, repo transaction or otherwise). The amount of assets pledged is linked to the funding granted by external parties who demand collateral to mitigate the potential risk on Belfius Bank.

Belfius Bank established in November 2012 a Belgian Mortgage Pandbrieven Programme and in October 2014 a Belgian Public Pandbrieven Programme. Both programmes are licensed by the NBB and each can issue Belgian pandbrieven for a maximum amount of EUR 10,000,000,000. In accordance with the law of 3 August 2012 establishing a legal regime for Belgian covered bonds, the investors of pandbrieven benefit from a dual recourse,

being an unsecured claim against the general estate of Belfius Bank and an exclusive claim against the relevant special estate of Belfius Bank: one special estate for the mortgage pandbrieven and another special estate for the public pandbrieven. However, the Noteholders may not exercise any rights against or attach any assets of the special estates as they are reserved for the holders of pandbrieven. A credit institution cannot issue any further Belgian covered bonds if the amount of cover assets exceeds 8 per cent. of the issuing credit institution's total assets.

The special estate in relation to the Belgian Mortgage Pandbrieven Programme is mainly composed of residential mortgage loans and the special estate in relation to the Belgian Public Pandbrieven Programme is mainly composed of loans to Belgian public sector entities. The value of the assets, contained in the relevant special estate, need to be in proportion with the nominal amount of issued pandbrieven under such programme (in accordance with applicable law and issue conditions). Only pandbrieven investors and other creditors, which can be identified based on the pandbrieven issue conditions, have a claim on the relevant special estate.

Finally, it should be noted that the Belgian Banking Law introduced (i) a general lien on movable assets (*“algemeen voorrecht op roerende goederen”/“privilège général sur biens meubles”*) for the benefit of the deposit guarantee fund (*“garantiefonds voor financiële diensten”/“fonds de garantie pour les services financiers”*) as well as (ii) a general lien on moveable assets for the benefit of natural persons and SMEs for deposits exceeding EUR 100,000. These general liens entered into force on 3 March 2015. Such general liens could have an impact on the recourse that any Noteholder would have on the general estate of Belfius Bank in the case of an insolvency as the claims which benefit from such general liens will rank ahead of the claims of the Noteholders.

3.2. Risks relating to the business of Belfius Financing Company.

Considering the close relationship with, and the guarantee of the obligations of Belfius Financing Company by Belfius Bank, the risk factors as set out above in respect of Belfius Bank may also apply, directly and/or indirectly, to Belfius Financing Company.

Belfius Financing Company is a fully owned subsidiary of Belfius Bank, which means, for Notes issued by Belfius Financing Company, that the credit risks on the Issuer and the Guarantor are closely linked. The risk factors as set out above in respect of Belfius Bank may therefore also apply, directly and/or indirectly, to Belfius Financing Company. The credit risks on the Issuer and the Guarantor imply that the Noteholders may lose all or part of their investment in the Notes in case the Issuer and the Guarantor become insolvent or are unable to fulfill their obligations under the Notes.

Factors which are material for the purpose of assessing the market risks associated with the Notes

Each of the factors described above may also have an impact on the risks associated with the Notes. Prospective investors should carefully read the information set out below in conjunction with the risk factors related to the businesses of the Issuers.

3.3. Risks related to the Notes generally

3.3.1. Warning: Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances.

Each of the Issuers believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the Issuers may be unable to pay or deliver amounts on or in connection with any Notes for other reasons and the Issuers do not represent that the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this

Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

3.3.2. *Warning: Modification, waivers and substitution*

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally, including modifications to the Terms and Conditions and/or a programme document and/or the substitution of an Issuer. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

3.3.3. *Warning: EU Savings Directive*

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the “**EU Savings Directive**”) requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income (within the meaning of the EU Savings Directive) made by a paying agent (within the meaning of the EU Savings Directive) within its jurisdiction to, or collected by such paying agent for, an individual resident or certain types of entity (as defined in the article 4.2 of the EU Savings Directive) established in that other Member State. However, for a transitional period, Austria may instead (unless during that period they elect otherwise) operate a withholding system in relation to such payments subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

According to the Luxembourg law dated 25 November 2014, the Luxembourg government has abolished the withholding tax system with effect from 1 January 2015 in favour of automatic information exchange under the

EU Savings Directive. Furthermore, in October 2014, Austria reportedly agreed to a proposal amending Directive 2011/16/EU which aims at reinforcing the current EU legislation in the field of automatic exchange of information and which may ultimately lead to Austria abolishing the withholding system provided for in the EU Savings Directive. This proposal was finally adopted on 9 December 2014 as Directive 2014/107/EU on administrative cooperation in direct taxation which is further described in the section “EU Directive on the taxation of savings income – Exchange of information” hereinafter.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

On 24 March 2014, the Council of the European Union adopted EU Council Directive 2014/48/EU amending and broadening the scope of the requirements described above. The changes will expand the range of payments covered by the EU Savings Directive, in particular to include additional types of income payable on securities. The EU Savings Directive will also apply a “look through approach” to certain payments where an individual resident in a Member State is regarded as the beneficial owner of that payment for the purposes of the EU Savings Directive. This approach may apply to payments made to or by, or secured for or by, persons, entities or legal arrangements (including trusts), where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. Member States are required to adopt and publish by 1 January 2016, laws and regulations necessary to comply with this Directive and apply these new requirements from 1 January 2017.

On 18 March 2015, the European Commission has however proposed the repeal of the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on administrative cooperation in the field of taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Council Directive 2014/48/EU amending and broadening the scope of the EU Savings Directive.

The exchange of information is, in the near future, expected to be governed by the broader Common Reporting Standard (“CRS”). At present, more than 40 countries, including Belgium, have committed to implement the information reporting according to CRS as from 2017. For further information regarding the CRS, please refer to the section “EU Directive on the taxation of savings income – Exchange of information” below.

Investors who are in any doubt as to their position should consult their professional advisers.

3.3.4. Bail-in of senior debt and other eligible liabilities, including the Senior Notes

Following the entry into force of the bail-in regime, holders of Senior Notes may lose some or all of their investment (including outstanding principal and accrued but unpaid interest) as a result of the exercise by the National Resolution Authority of the “bail-in” resolution tool.

The bail-in regime is expected to enter into force in Belgium on 1 January 2016, subject to adoption of the relevant implementing rules. Accordingly, it is not yet possible to assess the full scope and impact of the bail-in regime.

However, based on BRRD, the National Resolution Authority is expected (as from the entry into force of the bail-in regime) to have the power to bail-in (i.e. write down or convert) more senior subordinated debt, if any, (such as the claims of Eligible Creditors of the Issuer) and senior debt (such as the Senior Notes), after having

written down or converted Tier 1 capital instruments and Tier 2 capital instruments (such as the Subordinated Notes). The bail-in power will enable the National Resolution Authority to recapitalise a failing institution by allocating losses to its shareholders and unsecured creditors (including holders of Senior Notes) in a manner which is consistent with the hierarchy of claims in an insolvency of a relevant financial institution. The bail-in power includes the power to cancel a liability or modify the terms of contracts for the purposes of deferring the liabilities of the relevant financial institution and the power to convert a liability from one form to another.

In summary (and subject to the implementing rules), it is expected that the National Resolution Authority will be able to exercise its bail-in powers if the following (cumulative) conditions are met:

- (a) the determination that Belfius Bank is failing or is likely to fail has been made by the relevant regulator, which means that one or more of the following circumstances are present:
 - (i) Belfius Bank infringes or there are objective elements to support a determination that Belfius Bank will, in the near future, infringe the requirements for continuing authorisation in a way that would justify the withdrawal of the authorisation by the competent authority, including but not limited to because Belfius Bank has incurred or is likely to incur losses that will deplete all or a significant amount of its own funds;
 - (ii) the assets of Belfius Bank are or there are objective elements to support a determination that the assets of Belfius Bank will, in the near future, be less than its liabilities;
 - (iii) Belfius Bank is or there are objective elements to support a determination that Belfius Bank will, in the near future, be unable to pay its debts or other liabilities as they fall due;
 - (iv) Belfius Bank requests extraordinary public financial support,
- (b) having regard to timing and other relevant circumstances, there is no reasonable prospect that any alternative private sector measures or supervisory action taken in respect of Belfius Bank would prevent the failure of Belfius Bank within a reasonable timeframe; and
- (c) a resolution action is necessary in the public interest.

The BRRD specifies that governments will only be entitled to use public money to rescue credit institutions if a minimum of 8% of the own funds and total liabilities have been written down, converted or bailed in or, by way of derogation, if the contribution to loss absorption and recapitalisation is equal to an amount not less than 20% of risk-weighted assets and certain additional conditions are met.

3.3.5. The Issuer is not prohibited from issuing further debt, which may rank pari passu with or senior to the Notes

There is no restriction on the amount of debt that the Issuer or the Guarantor may issue that ranks senior to, or *pari passu* with, the Notes. The issue of any such debt or securities may reduce the amount recoverable by investors upon the Issuer's insolvency. If the Issuer's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences, including reduction of interest and principal and, if the Issuer were to be liquidated (whether voluntarily or involuntarily), the Noteholders could suffer loss of their entire investment.

3.3.6. Change of law

The Terms and Conditions of the Notes are, save to the extent referred to therein, based on Belgian law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to Belgian law or administrative practice after the date of issue of the relevant Notes.

In addition, any relevant tax law or practice applicable as at the date of this Prospectus and/or the date of purchase or subscription of the Notes may change at any time (including during any subscription period or the term of the Notes). Any such change may have an adverse effect on a Noteholder, including that the Notes may

be redeemed before their due date, their liquidity may decrease and/or the tax treatment of amounts payable or receivable by or to an affected Noteholder may be less than otherwise expected by such Noteholder.

3.3.7. The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and a higher price volatility than conventional debt securities, liquidity may have a material adverse effect on the market value of Notes.

3.3.8. Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms.

3.3.9. Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent Notes are legal investments for it.

3.3.10. Reliance on the procedures of the X/N System, Euroclear and Clearstream, Luxembourg for transfer, payment and communication with the Issuer

The Notes may be issued in dematerialised form under the Belgian Companies Code and cannot be physically delivered. The Notes will be represented exclusively by book entries in the records of the X/N System. Access to the X/N System is available through the X/N System participants whose membership extends to securities such as the Notes. The X/N System participants include certain banks, stockbrokers ("beursvennootschappen"/"sociétés de bourse"), and Euroclear and Clearstream, Luxembourg.

Transfers of interests in the Notes will be effected between the X/N System participants in accordance with the rules and operating procedures of the X/N System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the X/N System participants through which they hold their Notes.

Neither the Issuer, nor any Agent will have any responsibility for the proper performance by the X/N System or the X/N System participants of their obligations under their respective rules and operating procedures.

A Noteholder must rely on the procedures of the X/N System, Euroclear and Clearstream, Luxembourg to receive payments under the Notes. The Issuer nor any Agent will have no responsibility or liability for the records relating to, or payments made in respect of, the Notes within the X/N System, Euroclear or Clearstream, Luxembourg.

3.3.11. No Agent is required to segregate amounts received by it in respect of Notes cleared through the X/N System, Euroclear and Clearstream Luxembourg

As applicable, the Agency Agreement (as defined in the Terms and Conditions) provides that an Agent will debit the relevant account of the Issuer and use such funds to make payment to the Noteholders.

As applicable, the Agency Agreement also provides that an Agent will, simultaneously with the receipt by it of the relevant amounts, pay to the Noteholder, directly or through the relevant clearing system, any amounts due in respect of the relevant Notes. However, no Agent is required to segregate any such amounts received by it in respect of the Notes, and in the event that such Agent were subject to insolvency proceedings at any time when it held any such amounts, Noteholders would not have any further claim against the Issuer in respect of such amounts, and would be required to claim such amounts from such Agent in accordance with applicable insolvency laws.

3.3.12. No Agent assumes any fiduciary or other obligations to the Noteholders

Each Agent appointed in respect of Notes will act in its respective capacity in accordance with the Terms and Conditions and the Agency Agreement in good faith. However, Noteholders should be aware that the Agent assumes no fiduciary or other obligations to the Noteholders and, in particular, is not obliged to make determinations which protect or further the interests of the Noteholders.

The Agent may rely on any information to which it should properly have regard that is reasonably believed by it to be genuine and to have been originated by the proper parties.

3.3.13. Potential Conflicts of Interest

Potential conflicts of interest may exist between the Issuer, the Agents, the Calculation Agent and the Noteholders. The Calculation Agent in respect of any Series of Notes shall be the Issuer or the Guarantor, and this gives rise to potential conflicts including (but not limited to) with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence any interest amount due on, and for the amount receivable upon redemption of, the Notes. Belfius Bank and its affiliates may engage in trading activities (including hedging activities) related to any Notes, for its proprietary accounts or for other accounts under their management.

3.4. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

3.4.1. Risks that are applicable for Debt Securities as well as for Derivatives Securities

3.4.1.1. Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. Investors that choose to reinvest moneys they receive through an optional early redemption may be able

to do so only in securities with a lower yield than the redeemed Notes. Potential investors should consider reinvestment risk in light of other investments available at that time.

3.4.1.2. Index Linked Notes or other variable-linked Notes and Dual Currency Notes

Each Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “Relevant Factor”) (“*Index Linked Notes*”). An investment in Index Linked Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. Each Issuer believes that Index Linked Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves. Potential investors should be aware that:

- the market price of such Notes may be volatile;
- such index or indices may be subject to significant changes, whether due to the composition of the index itself, or because of fluctuations in value of the indexed assets;
- the resulting interest rate may be less (or may be more) than that payable on a conventional debt security issued by each Issuer at the same time;
- payment of principal or interest may occur at a different time or in a different currency than expected;
- the holder of a non capital guaranteed Index Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on the Index Linked Note (only applicable for Derivatives Securities);
- a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified;
- the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield;
- the risks of investing in an Index Linked Note encompass both risks relating to the underlying indexed securities and risks that are linked to the Note itself;
- any Index Linked Note that is indexed to more than one type of underlying asset, or on formulas that encompass the risks associated with more than one type of asset, may carry levels of risk that are greater than Notes that are indexed to one type of asset only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Index Linked Notes;
- a significant market disruption could mean that the index on which the Index Linked Notes are based ceases to exist; and
- the index may cease to be published, in which case it may be replaced by an index which does not reflect the exact Relevant Factor, or, in the case where no replacement index exists, the cessation of publication of the index may lead to the early redemption of the Notes.

In addition, the value of Index Linked Notes on the secondary market is subject to greater levels of risk than is the value of other Notes. The secondary market, if any, for Index Linked Notes will be affected by a number of factors, independent of the creditworthiness of each Issuer and the value of the applicable currency, stock, interest rate or other index, including the volatility of the applicable currency, stock, interest rate or other index, the time remaining to the maturity of such Notes, the amount outstanding of such Notes and market interest rates. The value of the applicable currency, stock, interest rate or other index depends on a number of interrelated factors, including economic, financial and political events, over which each Issuer has no control. Additionally,

if the formula used to determine the amount of principal, premium and/or interest payable with respect to Index Linked Notes contains a multiplier or leverage factor, the effect of any change in the applicable currency, stock, interest rate or other index will be increased. The historical experience of the relevant currencies, commodities, stocks, interest rates or other indices should not be taken as an indication of future performance of such currencies, stocks, interest rates or other indices during the term of any Index Linked Note. Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Index Linked Notes.

Transactions between Belfius Bank and third parties could impact the performance of any Index Linked Notes, which could lead to conflicts of interest between Belfius Bank and the holders of its Index Linked Notes.

Belfius Bank is active in the international securities and currency markets on a daily basis. It may thus, for its own account or for the account of customers, engage in transactions directly or indirectly involving assets that are “reference assets” under Index Linked Notes and may make decisions regarding these transactions in the same manner as it would if the Index Linked Notes had not been issued. Each Issuer and its affiliates may on the issue date of the Index Linked Notes or at any time thereafter be in possession of information in relation to any reference assets that may be material to holders of any Index Linked Notes and that may not be publicly available or known to the Noteholders. There is no obligation on the part of each Issuer to disclose any such business or information to the Noteholders.

3.4.1.3. Partly paid Notes

Each Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing some or all of its investment.

3.4.1.4. Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include such features.

Moreover, the reference rate could be zero or even negative. Even if the relevant reference rate becomes negative, it will still remain the basis for the calculation of the interest rate, and a margin, if applicable, will be added to such negative interest rate. For the avoidance of doubt, the Noteholders will never be required to pay a coupon to the Issuer.

3.4.1.5. Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

3.4.1.6. Foreign currency Notes expose investors to foreign-exchange risk as well as to Issuer risk

As purchasers of foreign currency Notes, investors are exposed to the risk of changing foreign exchange rates. This risk is in addition to any performance risk that relates to each Issuer or the type of Note being issued.

3.4.1.7. Specified Denomination of €100,000 plus integral multiples of a smaller amount

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in **amounts** in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding

(should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3.4.1.8. A Noteholder's effective yield on the Notes may be diminished by the tax impact on that Noteholder of its investment in the Notes

Payments of interest on the Notes, or profits realised by the Noteholder upon the sale or repayment of the Notes, may be subject to taxation in its home jurisdiction or in other jurisdictions in which it is required to pay taxes. This Prospectus includes general summaries of certain Belgian tax considerations relating to an investment in the Notes issued by each of the Issuers (see the section headed "Belgian Taxation on the Notes"). Such summaries may not apply to a particular holder of Notes or to a particular issue and do not cover all possible tax considerations. In addition, the tax treatment may change before the maturity, redemption or termination date of Notes. The Issuers advise all investors to contact their own tax advisers for advice on the tax impact of an investment in the Notes.

3.4.2. Risks that are specific to Debt Securities

3.4.2.1. Risks relating to Fixed to Floating Rate Notes or Floating to Fixed Rate Notes

Notes which are "Fixed to Floating Rate Notes" or "Floating to Fixed Rate Notes" may bear interest at a rate that each Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Each Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes, since each Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If each Issuer converts from a fixed rate to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If each Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the then prevailing rates on its Notes.

3.4.2.2. Investors will not be able to calculate in advance their rate of return on Floating Rate Notes and Variable Linked Rate Notes

A key difference between Floating Rate Notes and Variable Linked Rate Notes, on the one hand, and Fixed Rate Notes, on the other hand, is that interest income on Floating Rate Notes and Variable Linked Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes and Variable Linked Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having fixed interest periods. If the Terms and Conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline, because investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

3.4.2.3. Zero Coupon Notes are subject to higher price fluctuations than non-discounted notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

3.4.3. Risks that are specific to Derivatives Securities

The holder of a non capital guaranteed Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on such Note.

3.4.4. Risks related to Subordinated Notes

The ranking of the Subordinated Notes and the limitation of rights related thereto imply a yield that is substantially higher.

3.4.4.1. The Issuer's obligations under the Subordinated Notes and the Guarantor's obligations under the Subordinated Guarantee will be subordinated

As more fully described in the Terms and Conditions of the Notes, the Issuer's obligations under the Subordinated Notes and the Guarantor's obligations under the Subordinated Guarantee will be unsecured and subordinated and will rank:

- (a) (subject to any obligations which are mandatorily preferred by law) junior to the claims of (1) depositors and all other unsubordinated creditors of the Issuer or the Guarantor and (2) Eligible Creditors of the Issuer or the Guarantor (i.e. creditors holding claims that, in accordance with their terms, rank or are expressed to rank senior to the Subordinated Notes or the Subordinated Guarantee);
- (b) *pari passu* without any preference among themselves and *pari passu* with any other obligations or instruments of the Issuer or the Guarantor that rank or are expressed to rank equally with the Subordinated Notes or the Subordinated Guarantee; and
- (c) senior and in priority to (1) the claims of holders of all classes of share or other equity capital (including preference shares) of the Issuer or the Guarantor, (2) the claims of holders of all obligations or instruments of the Issuer or the Guarantor which, upon issue, constitute or constituted Tier 1 capital of the Issuer or the Guarantor, and (3) the claims of holders of any other obligations or instruments that rank or are expressed to rank junior to the Subordinated Notes or the Subordinated Guarantee.

The Subordinated Notes will generally pay a higher rate of interest than comparable securities that are not subordinated. However, there is an increased risk that an investor in the Subordinated Notes will lose all or some of his investment should the Issuer become insolvent.

3.4.4.2. Redemption upon Capital Disqualification Event

If specified as being applicable in the relevant Final Terms, the Subordinated Notes may be redeemed early in certain circumstances where the Issuer is unable to achieve the Tier 2 capital recognition of the Notes, subject to prior approval of the Lead Regulator applicable to Belfius Bank. The exercise of this right by the Issuer may have an adverse effect on the position of holders of the Subordinated Notes.

3.4.4.3. Holders of Subordinated Notes will be required to absorb losses in the event the Issuer or the Guarantor becomes non-viable or if the conditions for the exercise of resolution powers are met

Holders of Subordinated Notes will lose some or all of their investment as a result of a statutory write-down or conversion of the Subordinated Notes if the Issuer or the Guarantor fails or is likely to fail, becomes non-viable, requires extraordinary public support or if otherwise the conditions for the exercise of resolution powers are met.

Under the BRRD and the Belgian Banking Law, the National Resolution Authority may decide to write-down the Subordinated Notes or to convert the Subordinated Notes into common equity tier 1 capital of the Issuer or the Guarantor if one or more of the following circumstances apply:

- (a) the National Resolution Authority determines that Belfius Bank meets the conditions for resolution specified in Article 244, §1 of the Belgian Banking Law; i.e., if the National Resolution Authority considers that all of the following conditions are met:
 - (i) the determination that Belfius Bank is failing or is likely to fail has been made by the Lead Regulator or the National Resolution Authority (in each case, after consulting each other), which means that one or more of the following circumstances are present:

- (A) Belfius Bank infringes or there are objective elements to support a determination that Belfius Bank will, in the near future, infringe the requirements for continuing authorisation in a way that would justify the withdrawal of the authorisation by the competent authority, including but not limited to because Belfius Bank has incurred or is likely to incur losses that will deplete all or a significant amount of its own funds;
 - (B) the assets of Belfius Bank are or there are objective elements to support a determination that the assets of Belfius Bank will, in the near future, be less than its liabilities;
 - (C) Belfius Bank is or there are objective elements to support a determination that Belfius Bank will, in the near future, be unable to pay its debts or other liabilities as they fall due;
 - (D) Belfius Bank requests extraordinary public financial support.
- (ii) having regard to timing and other relevant circumstances, there is no reasonable prospect that any alternative private sector measures or supervisory action taken in respect of Belfius Bank would prevent its failure within a reasonable timeframe; and
 - (iii) a resolution action is necessary in the public interest. A resolution action will be deemed necessary in the public interest if it is necessary to meet one or more objectives referred to in Article 243, §1 of the Belgian Banking Law and a liquidation of the credit institution would not allow such objectives to be met in the same measure,
- in which case the National Resolution Authority shall, in any event, exercise its write-down and conversion powers before taking any resolution action (including the use of the bail-in tool);
- (b) the National Resolution Authority determines that unless the write-down or conversion power is exercised in relation to the Subordinated Notes, Belfius Bank will no longer be viable; or
 - (c) Belfius Bank requests extraordinary public financial support.

The purpose of the statutory write-down and conversion powers is to ensure that the Tier 2 capital instruments of the Issuer or the Guarantor (including the Subordinated Notes) fully absorb losses if one or more of the above circumstances apply and before any resolution action (including the use of the bail-in tool) is taken.

The exercise by the National Resolution Authority of its write down or conversion powers in relation to the Subordinated Notes, or the (perceived) prospect of such exercise, could have a material adverse effect on the value of the Subordinated Notes and could lead to the holders of Subordinated Notes losing some or all of their investment in the Subordinated Notes.

3.4.4.4. There are no events of defaults (other than in the event of a dissolution or liquidation of the Issuer) allowing acceleration of the Subordinated Notes if certain events occur

The Terms and Conditions of the Notes in relation to the Subordinated Notes do not provide for events of default (other than in the event of a dissolution or liquidation of the Issuer as provided in Condition 9.11 – (A) (*Events of Default – Subordinated Notes*)) allowing acceleration of the Subordinated Notes if certain events occur. Accordingly, if the Issuer or the Guarantor fails to meet any obligations under the Subordinated Notes or the Subordinated Guarantee, including the payment of any interest, investors will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on the Subordinated Notes will be the institution of proceedings for the dissolution or liquidation of the Issuer or the Guarantor in Belgium or in Luxembourg.

3.5. Risk Indicator

In order to increase the transparency of the risks involved in investment products, Belfius Bank has developed a synthetic risk indicator for any investment product (including the Notes) through a scale going from 0 (lowest risk) to 6 (highest risk). The exact risk level for any investment product is determined in function of the following criteria: the degree to which capital will be refunded at maturity, the term of the relevant investment product, the type of return, the credit risk and complexity (Underlying and strategy). Other important criteria, such as the liquidity risk of Belfius Bank and the market risk, are not taken into account. The risk level as determined by this risk indicator for any Tranche of Notes will be indicated in the relevant Final Terms. All related information can be found on the Belfius Bank's internet site, see www.belfius.be, section »Produits »Epargner et Investir »Informations et publications »Infos sur les risques »Investissements or www.belfius.be, section »Producten »Sparen en beleggen »Info en publicaties »Info over de risico's »Investeren.

4. CHOICES MADE BY THE ISSUERS

According to article 5(4) of Directive 2003/71/EC, the Issuers have chosen to issue notes under a base prospectus. The specific terms of each Tranche will be set forth in the applicable Final Terms. In addition, the Issuers choose as their home Member State the Kingdom of Belgium.

The Issuers have freely defined the order in the presentation of the required items included in the schedules and building blocks of the Commission Regulation (EC) n°809/2004 of 29 April 2004 implementing Directive 2003/71/EC as regards information contained in prospectuses as well as the format, incorporation by reference and publication of such prospectuses and dissemination of advertisements (herein referred to as “Regulation (EC) 809/2004”) according to which this Base Prospectus is drawn up. The chosen presentation is a consequence of the combination of Annex IV, Annex V, Annex VI and Annex XI of Regulation (EC) 809/2004. In order to enable the Noteholders to identify in the presentation below the corresponding provisions of Regulation (EC) 809/2004, cross-references will be made to the relevant annexes of Regulation (EC) 809/2004 and their subsections. Finally, any items which do not require, in their absence, an appropriate negative statement according to Regulation (EC) 809/2004, are not included in the presentation when the Issuers so determine.

5. RESPONSIBILITY STATEMENT

(Annex V.1, IV.1 and XI.1 of Regulation (EC) 809/2004)

Belfius Financing Company as Issuer and Belfius Bank as Issuer or Guarantor accept responsibility for the information given in the Base Prospectus. Having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

In addition, in the context of any Public Offer, the Issuer also accepts responsibility as set forth above for the content of this Base Prospectus, in relation to any person (an "Investor") to whom any offer of Notes is made by any financial intermediary to whom the Issuer has given its consent to use this Base Prospectus in connection with Public Offers of the Notes, subject to the conditions set out below (an "Authorised Offeror"). However, the Issuer does not have any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such Public Offer.

Pursuant to the paragraph above, and if so specified in the Final Terms in respect of any Tranche of Notes, the Issuer consents to the use of this Base Prospectus in connection with a Public Offer of the relevant Notes by each Authorised Offeror on the following basis:

- (a) such consent is given only for the use of this Base Prospectus, as supplemented from time to time, in relation to Public Offers of Notes occurring within 12 months from the date of this Base Prospectus;
- (b) such consent relates only to the offer period of the applicable Public Offer (the "Offer Period");
- (c) such consent only relates to Public Offers made in Belgium;
- (d) the relevant Authorised Offeror is authorised to make Public Offers under Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments (the "MiFID Directive") provided, however, that, if any Authorised Offeror ceases to be so authorised, then the consent of the Issuer shall be given only for so long as each Authorised Offeror is so authorised to make Public Offers under the MiFID Directive;
- (e) any other conditions relating to the relevant Public Offer (as specified in the relevant Final Terms) are complied with.

Details of the Offer Period, and any other conditions relating to the Public Offer and the names of the Authorised Offeror(s) will be specified in the Final Terms relating to a Tranche of Notes.

The Issuer may give its consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish the relevant information in relation to them on <http://www.belfius.be>.

Any Authorised Offeror wishing to use this Base Prospectus in connection with a Public Offer as set out above, is required, for the duration of the relevant Offer Period, to state on its website that it uses this Base Prospectus for such Public Offer in accordance with the consent of the Issuer and the conditions attached thereto.

The Issuers have not authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use this Base Prospectus in connection with its offer of any Notes unless (i) the offer is made by an Authorised Offeror as described above or (ii) the offer is otherwise made in circumstances falling within an exemption from the requirement to publish a prospectus under the prospectus Directive. Any such unauthorized offers are not made on behalf of the Issuers and the Issuers have no responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Public Offer"). The Issuer will not be a party to any such arrangements with Investors in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be published by that Authorised Offeror on its website at the relevant time. None of the Issuer or any of the Dealers has any responsibility or liability for such information.

6. DOCUMENTS INCORPORATED BY REFERENCE

This Base Prospectus should be read and construed in conjunction with the audited consolidated accounts of Belfius Bank (<https://www.belfius.com/>) and Belfius Financing Company (<https://www.belfius-financingcompany.lu/>) for the years ended 31 December 2014 and 31 December 2015, including the reports of the statutory auditors in respect thereof, as well as for Belfius Financing Company the semi-annual unaudited key financial figures for 30 June 2016 (Report on the Interim Accounts as at 30 June 2016 available on <https://www.belfius-financingcompany.lu/FR/rapports-annuels/index.aspx>) and for Belfius Bank the half-yearly report for the period ending 30 June 2016 (the “Half-Yearly Report 2016”) except the paragraph 8 of the section ‘Summary’ (available on <https://www.belfius.com/EN/results/index.aspx>), which are incorporated by reference in this Base Prospectus. Such documents shall be incorporated in and form part of this Base Prospectus, save that any statement contained in a document which is incorporated by reference herein shall be modified or superseded for the purpose of this Base Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

Copies of all documents incorporated by reference in this Base Prospectus may be obtained without charge from the offices of Belfius Bank and on the website of Belfius Bank (<https://www.belfius.com/>).

The tables below set out the relevant page references for:

- (a) the (i) consolidated balance sheet, (ii) consolidated statement of income, (iii) consolidated cash flow statement, (iv) audit report on the consolidated accounts, (v) notes to the consolidated financial statements, (vi) non-consolidated balance sheet, (vii) non-consolidated statement of income, and (viii) audit report on the non-consolidated accounts of Belfius Bank as set out in the 2014 and 2015 Annual Reports of Belfius Bank; and
- (b) the (i) unaudited consolidated balance sheet of Belfius Bank for the period ended 30 June 2016, and (ii) unaudited consolidated income statement of Belfius Bank for the period ended 30 June 2016, (iii) the unaudited consolidated cash flow statement, (iv) audit report on the consolidated accounts, (v) notes to the consolidated financial statements as set out in the Half-Yearly Report 2016.
- (c) the accounting policies, notes and auditors’ reports of Belfius Financing Company for the financial years ended 31 December 2014 and 31 December 2015, and the references to the unaudited semi-annual report of 30 June 2016.

Information contained in the documents incorporated by reference other than information listed in the table below is for information purposes only, and does not form part of this Base Prospectus.

The consolidated balance sheet and consolidated statement of income of Belfius Financing Company can be found in the section headed “7. Belfius Financing Company, SA” of this Base Prospectus.

7. BELFIUS FINANCING COMPANY, SA

(Annex IV of Regulation (EC) 809/2004)

7.1. General Information

Belfius Financing Company, SA is registered with the Register of Commerce and Companies of Luxembourg under number B 156767 ("**R.C.S Luxembourg**"). The articles of association of the Issuer were last amended and restated by notarial deed on 7 May 2014.

Its Registered Office is located at 20 rue de l'Industrie, L-8399 Koerich, Grand Duchy of Luxembourg.

Belfius Financing Company has existing senior and subordinated bonds outstanding. Some bonds are listed for trading on the Luxembourg Stock Exchange.

Since the 7th May 2014, the Company merged with Belfius Funding N.V., a company incorporated under Dutch Law. In this merger, Belfius Funding N.V. ceased to exist by way of absorption of Belfius Funding N.V. by Belfius Financing Company S.A. The shares in the capital of both Belfius Funding N.V. and Belfius Financing Company S.A. were held by the same (sole) shareholder, Belfius Bank SA/NV.

According to Article 4 of its Articles of Association, the purpose of the Company is:

- (a) to hold shareholdings and stakes, in any form whatsoever, in any commercial, industrial, financial or other Luxembourg or foreign company or undertakings, as well as to manage and optimise these stakes,
- (b) to acquire by way of participations, contributions, guarantees, acquisitions or options, negotiation or any other means, securities, rights, patents, licenses and other assets, provided the Company considers it appropriate to do so, and in general to hold, manage, optimise, sell or transfer the aforementioned, in whole or in part;
- (c) to take part in commercial, financial or other transactions and to grant to any holding company, subsidiary, associated or affiliated company or any other company belonging to the same corporate group as the Company any financial assistance, loan, advance or guarantee;
- (d) to borrow, raise funds by any means whatsoever (including without limitation the issuance of preferred equity certificates (PECs) (nonconvertible or convertible into shares), loans, bonds, acknowledgements of debt and any other form of debt or type of instrument) and to ensure the reimbursement of any borrowed amount; to perform all operations directly or indirectly related to this purpose.

Belfius Financing Company may grant pledges, guarantees, liens, mortgages and any other type of security (surety), as well as any form of compensation, to Luxembourg or foreign entity(ies) in relation to its own obligations and debts, or in relation to the obligations and debts of subsidiaries, associated or affiliated companies or any company belonging to the same corporate group.

Belfius Financing Company may acquire immovable property located abroad or in Luxembourg.

Belfius Financing Company may, moreover, perform any commercial, technical or financial transactions, involving movable or immovable property, which are directly or indirectly related to the abovementioned purpose.

As at December 31, 2015, the share capital of the Company amounts to EUR 3.094.004, fully subscribed and paid up to the extend of the aggregate amount of EUR 2.113.004 and represented by 251 shares without par value, held by its Sole Shareholder, Belfius Bank S.A./N.V.. The report on the Interim accounts on June 30th 2016 (including the unaudited balance sheet and the unaudited Profit and Loss Account) is available on:

<https://www.belfius-financingcompany.lu/FR/rapports-annuels/index.aspx>.

Belfius Financing Company is dependent on Belfius Bank for the set-up, marketing and sale of its Notes issues. In addition, Belfius Financing Company relies on the fees paid by Belfius Bank to finance its corporate activities.

Belfius Financing Company acts as a finance company. Belfius Financing Company issues notes in the market, whereby proceeds of the issued notes are fully transferred to Belfius Bank.

There are no recent events particular to Belfius Financing Company which are, to a material extent, relevant to the evaluation of its solvency.

There have been no material contracts that are entered into in the ordinary course of Belfius Financing Company's business which could result in Belfius Bank being under an entitlement that is material to Belfius Financing Company's ability to meet its obligations to Noteholders.

Belfius Financing Company has made no investments since the date of the last published financial statements, and no principal future investments are planned.

The auditors of Belfius Financing Company are Deloitte Audit Sàrl, 560, rue de Neudorf, L-2220 Luxembourg, being member of Deloitte Touche Tohmatsu.

The relevant auditor's report with respect to the audited annual accounts of Belfius Financing Company for the years ended 31 December 2014 and 31 December 2015, as incorporated by reference (See *Section 6. Documents incorporated by reference*), were delivered without any reservations.

7.2. Management Board

Belfius Financing Company has a Board of Directors. The Directors of Belfius Financing Company and their respective business addresses are as of 27 September 2016:

Category A Directors:

Dirk Gyselinck

Olivier Onclin

The business address of D. Gyselinck and O. Onclin is at the address of Belfius Bank.

Category B Directors

Benoît Felten

Christoph Finck

The business address of B. Felten and C. Finck is at the address of Belfius Financing Company.

7.3. Selected Financial Information

The following tables summarise the audited balance sheet and, income statement of Belfius Financing Company for the period ending 31 December 2014 and 31 December 2015, as well as the unaudited Cash Flow Statement of Belfius Financing Company as at 31 December 2015 and as at 30 June 2016.

Unaudited Cash Flow Statement of Belfius Financing Company as at 31 December 2015 and as at 30 June 2016

The cash flow statements below have been drawn up solely and exclusively for the purpose of the compliance of this Base Prospectus with the requirements of Directive 2003/71/EC. As a consequence, these cash flow statements have been established after the date on which the audited financial statements for the financial years 2015 and 2016 (half year) have been published and therefore have not been audited by the statutory auditors of Belfius Financing Company. The cash flow statements for the financial year 2015 are based on the audited financial statements of the said years and have been drawn up in accordance with Lux GAAP.

8. BELFIUS BANK SA/NV

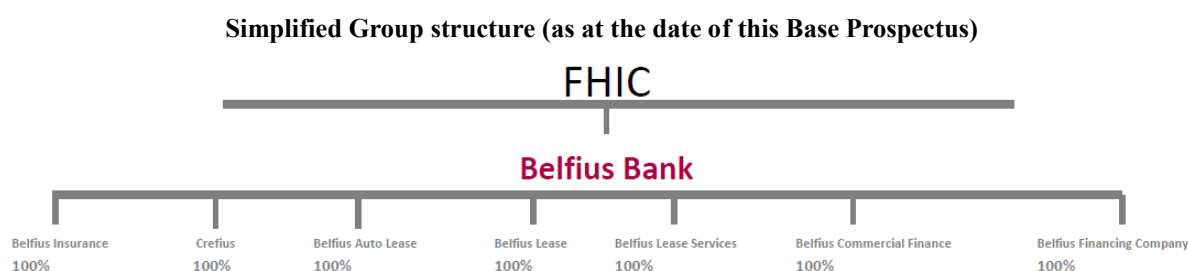

(Annex XI of Regulation (EC) 809/2004)

8.1. Belfius Bank profile

Belfius Bank SA/NV (“Belfius Bank”) is a public limited company (naamloze vennootschap/société anonyme) of unlimited duration incorporated under the Belgian law of 23 October 1962 which collects savings from the public. It is registered with the Crossroads Bank for Enterprises under business identification number 0403.201.185 and has its registered office at 1000 Brussels, Boulevard Pachéco 44, Belgium, telephone +32 22 22 11 11.

The share capital of Belfius Bank is three billion, four hundred and fifty-eight million, sixty-six thousand, two hundred and twenty-seven euros and forty-one cents (EUR 3,458,066,227.41) and is represented by 359,412,616 registered shares. The shareholding of Belfius Bank is as follows: 359,407,616 registered shares are held by the public limited company of public interest Federal Holding and Investment Company (FHIC), in its own name, but on behalf of the Belgian State, and 5,000 registered shares are held by the public limited company Certi-Fed. Certi-Fed is a fully-owned subsidiary of FHIC. Belfius Bank’s shares are not listed. At the end of 2015, total consolidated balance sheet amounted to EUR 177 billion. At the end of June 2016, total consolidated balance sheet amounted to EUR 188 billion.

With an essentially Belgian balance sheet for its commercial activities and customers from all segments, Belfius is in a position to act as a universal bank “of and for Belgian society”. Belfius is committed to maximal customer satisfaction and added social value by offering products and providing services with added value through a modern distribution model. Thanks to a prudent investment policy and a carefully managed risk profile, Belfius aspires to a sound financial profile that results in a solid liquidity and solvency position.

8.2. Main commercial subsidiaries

Belfius Insurance

Insurance company marketing life and non-life insurance products, savings products and investments for individuals, the self-employed, liberal professions, companies and the public and social sector. At the end of 2015, total consolidated balance sheet amounted to EUR 27 billion¹. At the end of June 2016, total consolidated balance sheet amounted to EUR 27 billion.

Crefius

Company is involved in granting and managing mortgage loans. At the end of 2015, total consolidated balance sheet amounted to EUR 42 million². At the end of June 2016, total consolidated balance sheet amounted to EUR 45 million³.

¹ Total IFRS balance sheet before consolidation adjustments.

² Total IFRS balance sheet before consolidation adjustments.

³ Total IFRS balance sheet before consolidation adjustments.

Belfius Auto Lease

Company for operational vehicle leasing and car fleet management, maintenance and claims management services. At the end of 2015, total consolidated balance sheet amounted to EUR 242 million⁴. At the end of June 2016, total consolidated balance sheet amounted to EUR 258 million.

Belfius Lease

Company for financial leasing and renting of professional capital goods. At the end of 2015, total consolidated balance sheet amounted to EUR 653 million⁵. At the end of June 2016, total consolidated balance sheet amounted to EUR 686 million.

Belfius Lease Services

Company for financial leasing and renting of professional capital goods to the self-employed companies and liberal professions. At the end of 2015, total consolidated balance sheet amounted to EUR 1,742 million⁶. At the end of June 2016, total consolidated balance sheet amounted to EUR 1,802 million.

Belfius Commercial Finance

Company for financing commercial loans to debtors, debtor insolvency risk cover and debt recovery from debtors. At the end of 2015, total consolidated balance sheet amounted to EUR 676 million⁷. At the end of June 2016, total consolidated balance sheet amounted to EUR 705 million.

Results 2015

In 2015, Belfius recorded a net income group share of EUR 506 million, against EUR 462 million in 2014, up 9.6%. The bank's contribution to the consolidated net income amounted to EUR 290 million (compared to EUR 245 million in 2014) and that of the insurance group to EUR 216 million (compared to EUR 217 million in 2014).

The net profit reflects a good performance of both Belfius Bank and Belfius Insurance. The result of Belfius Bank was mainly driven by the good commercial activity, a strict cost control and the positive evolution of fair value adjustments, partially compensated by tactical de-risking losses, higher collective provisions in legacy books and higher taxes. For Belfius Insurance, the result was in line with last year.

The net income from commercial activities (Franchise) rose by 5% to EUR 611 million. The main reasons for the strong increase of net income from the commercial businesses are:

- the increase of income to EUR 2,321 million, up 4.4% and this despite higher sector levies and the impact on interest income from the higher amount of mortgage prepayments in 2015. Despite the low interest rate environment, net interest income of Franchise increased with 3% to EUR 2,067 million. Net fee and commission income of Franchise increased in 2015 with 11% to EUR 498 million, mainly at Belfius Bank, as customers are more and more interested in Belfius' large offering in off-balance sheet products following the low interest rate environment.
- the decrease of costs of commercial activities by 3.5% to EUR 1,384 million. This is explained by the strategic attention paid to processes providing added value for the customer, and the disciplined implementation of the long-term cost-cutting plan, despite significant investments in "digital". Compared with 2014, the Cost-Income ratio for commercial activities improved significantly by 5% to 59.6%.

⁴ Total IFRS balance sheet before consolidation adjustments.

⁵ Total IFRS balance sheet before consolidation adjustments.

⁶ Total IFRS balance sheet before consolidation adjustments.

⁷ Total IFRS balance sheet before consolidation adjustments.

- the continuing stabilisation of the cost of risk as it confirms the good risk profile of our Franchise.

Franchise net income for EUR 611 million stems for EUR 455 million from the Retail and Commercial (RC) segment, for EUR 134 million from the Public and Corporate (PC) segment and for EUR 22 million from Group Center (GC).

The total net income of the Side-activities amounted to EUR -105 million against EUR -119 million in 2014.

The Common Equity Tier 1 (CET 1)-ratio (Phased in) was 15.9% at 31 December 2015 compared to 14.7% at 31 December 2014. The CET-1 ratio (Fully Loaded) was 14.9% at 31 December 2015 compared to 13.2% at 31 December 2014.

The total capital ratio (Phased in) amounted to 17.7% at the end of 2015 against 16.1% end 2014. The total capital ratio (Fully Loaded) amounted to 16.2% at the end of 2015 against 14.3% end 2014.

The regulatory risk exposure (also referred to as RWA) is the assets or off-balance-sheet exposures, weighted according to regulatory risk weights. The regulatory risk exposure decreased to EUR 47.0 billion end 2015, a decrease of 2.5 billion compared to 2014, thanks to further de-risking and lower regulatory credit risk exposures on some public counterparties.

As a result of the annual “Supervisory Review and Evaluation Process” (“**SREP**”) conducted by the ECB, Belfius must maintain as from December 2015 a minimum CET 1 ratio of 11.25%, which is composed of a minimum SREP CET 1 ratio of 10.75% (including capital conservation buffer) and a buffer for domestic systemically important institutions of 0.50% (which will increase to 1.50% in 2018).

Results 1H 2016

In 1H 2016, Belfius recorded a net income group share of EUR 249 million, against EUR 272 million in 1H 2015, down 8.4%. The bank’s contribution to the consolidated net income amounted to EUR 117 million and the insurance group EUR 133 million.

The net profit reflects a good performance of both Belfius Bank and Belfius Insurance and this in a difficult setting. The result of Belfius Bank decreased slightly following the low interest rate environment and the volatile financial markets. The result of Belfius Insurance was impacted by lower capital gains compared to 1H 2015 as well as the cost for claims related to the 1H 2016 terrorist attacks and storms.

In 1H 2016, the net income from commercial activities (Franchise) amounted to EUR 312 million. Franchise net income stems for EUR 266 million from the Retail and Commercial (RC) segment, for EUR 88 million from the Public and Corporate (PC) segment and for EUR - 42 million from Group Center (GC).

The net income of the Side-activities amounted to EUR – 63 million.

In 1H 2016, total income amounted to EUR 1,052 million, down 2.9% or EUR 32 million less than in 1H 2015. The low interest rate environment as well as further de-risking put further pressure on the interest margin. Despite the volatile financial markets, fee income remained relatively stable compared to 1H 2015. In addition, the terrorist attacks as well as the storms resulted in an additional negative impact on the result of Belfius Insurance.

In 1H 2016, total expenses amounted to EUR 673 million, and remained stable compared to 1H 2015. The increase in general expenses of EUR 15 million following higher IT as well as marketing costs (mainly due to the digital evolutions in our businesses) was offset by a decrease in staff expenses (of EUR 6 million) and in other (non-staff) expenses (of EUR 9 million).

As a result, gross operating income decreased to EUR 378 million in 1H 2016, down EUR 33 million or 7.9% compared to 1H 2015. The consolidated cost-income ratio evolved as such from 62.1% in 1H 2015 to 64.0% in 1H 2016.

The cost of risk decreased by EUR 3 million to EUR 30 million. This evolution stems from a lower cost of credit

risk in the Side activities and stable cost of credit risk in the Franchise activities demonstrating the continued good credit quality.

The impairments on tangible and intangible assets amounted to EUR 3 million due to write-backs of impairments on tangible assets that are no longer for sale.

Tax expense, including deferred taxes recorded in the profit and loss accounts, amounted to EUR 101 million in 1H 2016.

As a result, Belfius net income group share amounted to EUR 249 million for 1H 2016, compared to EUR 272 million in 1H 2015.

The Board of Directors is considering the payment of an interim dividend of EUR 75 million on the current year profit of 2016. This dividend is also subject to approval of the ECB.

The Phased In Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.7% at the end of June 2016, compared to 15.9% at the end of 2015, and the Fully Loaded Common Equity Tier 1 capital ratio (CET 1 ratio) stood at 15.2% at the end of June 2016, compared to 14.9% at the end of 2015. With the application of the 2016 grandfathering rules, the CET 1 ratio pro forma for the end of 2015 would have amounted to 15.6% compared to the CET 1 ratio of 15.9% as reported for the end of 2015.

The Phased In total capital ratio amounted to 18.6% as at 30 June 2016, compared to 17.7% at the end of 2015. The increase is mainly due to the inaugural Tier 2 bond successfully issued in May 2016 for EUR 500 million.

At the end of June 2016, regulatory risk exposure at Belfius amounted to EUR 47.8 billion, compared to EUR 47 billion at the end of 2015.

At the end of June 2016, the Belfius leverage ratio Phased In - based on the current CRR legislation - stood at 5.2%, the leverage ratio Fully Loaded stood at 5.0%.

The Solvency II ratio of Belfius Insurance stood at 206% at the end of June 2016, in line with the ratio as of December 2015. The resistance of own funds to adverse market developments combined with stable solvency capital requirements resulted in this strong solvency ratio of 206% compared to 209% at the end of 2015.

8.3. Activities

Segment reporting

Analytically, Belfius splits its activities and accounts in two segments: Franchise and Side.

Franchise activities contain the key activities of the commercial business lines of Belfius:

- **Retail and Commercial (RC)**, managing the commercial relationships with individual customers and with small & medium sized enterprises both at bank and insurance level;
- **Public and Corporate (PC)**, managing the commercial relationships with public sector, social sector and corporate clients both at bank and insurance level;
- **Group Center (GC)**, principally containing the residual results not allocated to the two commercial segments of the Franchise and to the Side activities, as well as the residual interest rate and liquidity management results through the internal transfer pricing mechanism.

Side segment incorporates the Legacy, inherited from the Dexia era and that is managed under a tactical de-risking strategy and in natural run-off mode (see below). This segment consists of:

- the Legacy portfolios (bonds and credit guarantees);
- transactions with Dexia Group entities (former related parties);
- some other run-off activities with clients, inherited from the Dexia era and no longer part of the commercial activities of Belfius.

8.3.1. Franchise

8.3.1.1. Retail and Commercial (RC)

The Retail and Commercial business line provides a full range of banking products and a varied selection of life and non-life insurance products that address the needs of the different customer segments seamlessly: retail, privilege, private but also business (that consist of the self-employed, the liberal professions and small and medium-sized enterprises).

Belfius Bank is among the top 4 leading banks in Belgium and serves its approximately 3.5 million customers through 708 points of sale, internet and mobile banking applications, a contact center and a large number of automatic self banking machines, which makes the bank a 24-hour-a-day operation.

In Belgium, for retail customers, Belfius Insurance combines the advantages of the exclusive agents network of DVV insurance with those of the Belfius Bank branch networks, whilst also relying on Corona Direct, a direct insurer that is active via the internet and “affinity”-partners⁸.

Strategy

In the course of 2015, also in light of the digital revolution, Belfius’ 2020 strategy towards RC clients was designed.

The RC strategy aspires to achieve four ambitions by 2020:

- to go from 95% customer satisfaction towards committed customers who are prepared to actively recommend Belfius;
- to further develop a differentiated and digitally supported business model, with an ideal balance between qualitative relationship management on the one hand, and efficient, user-friendly direct channels on the other. Two complementary omni-channel approaches are being developed to that end: one with digital focus geared to retail customers combined with value-added branch interactions at key life moments, and the other with account management focus geared to privilege, private and business customers supported by very convenient digital tools;
- to increase the dynamic market share in core products to our aspired market share of minimum 15%;
- to further implement the continued focus on processes with true added value for the customers, and as such target a further improvement in cost-income ratio to $\leq 60\%$.

RC Commercial Performance in 2015

The RC commercial activity was particular dynamic in 2015: for instance, total customer assets grew by 2.8% in 2015 to EUR 99.0 billion.

On-balance sheet deposits totalled EUR 60.1 billion at the end of 2015, slightly down (by 0.8%) from the end of 2014. Customers adopted a rather wait-and-see attitude for deposits because of the historically low interest rates, which meant that less capital found its way to long-term capital investments (a drop of 17.5% for savings certificates and of 20.4% for bonds issued by Belfius). However, the funds deposited in current and savings’ accounts continued to grow during the financial year of 2015. The funds deposited in current and savings’ accounts amounted to EUR 8.9 billion (+12.7 %⁹) and EUR 37.3 billion (+5.1%¹⁰) respectively.

The slight decrease in on-balance sheet deposits was nonetheless more than compensated by a very good performance by off-balance sheet investments, which went up by 16.3% compared to the end of 2014, to EUR 28.6 billion, and this thanks to a more pronounced customers’ preference for products with potentially higher yields (mutual funds, mandates).

⁸ Affinity partners are external parties with whom Corona collaborates and that offer Corona insurance products.

⁹ Compared to the end of 2014.

¹⁰ Compared to the end of 2014.

Technical reserves of life insurance sold via the bank channel amounted to EUR 10.4 billion, down by 6.3% compared to the end of 2014. Investments in Branch 21 life insurance products decreased because of the low interest rates, but that drop was partially offset by the successful Branch 44 product and Branch 23 products.

Total loans to customers rose to EUR 35.8 billion at the end of 2015. The increase occurred in mortgage loans (+6.9%) and business loans (+1%). Mortgage loans, which account for nearly two thirds of all loans, amounted to EUR 23.1 billion at the end of 2015, while consumer loans and business loans represented EUR 1.6 billion and EUR 10.2 billion respectively.

New long term loans granted to retail clients during 2015 amounted to EUR 6.1 billion of which 90% were mortgage loans, and EUR 2.4 billion new long term business loans.

The gross production of insurance products to customers in the Retail and Commercial segment amounted to EUR 1,740 million, compared to EUR 1,839 million in 2014, i.e. a 5.4% drop, in line with market tendencies stemming from low client interest in Branch 21 Life insurance.

Life insurance premiums amounted to EUR 1,259 million, compared to EUR 1,375 million in 2014; a 9% drop. The strong increase in Life Branch 23 premiums (+34%), particularly via the bank channels was compensated by a decrease in Life Branch 21 premiums (-35%). This is in due to low client appetite in low interest rate environment.

Non-life insurance premiums amounted to EUR 481 million, up 4% compared to the end of 2014. This increase was possible thanks to further bank-insurance development and increased cross selling activities, in particular with mortgage loans.

Total life insurance reserves, in the Retail and Commercial segments, dropped by 3.4% to EUR 17.3 billion at the end of 2015 as a result of a difficult context characterised by low interest rates. A clear shift between products can be noted in the reserves. Branch 23 reserves increased by 15%, whereas Branch 21 and 26 reserves dropped by 8.6%.

RC Commercial performance in 1H 2016

In difficult market circumstances, the commercial activity remained solid. In the first half of 2016 total savings and investments grew by 0.9% to EUR 100.7 billion at the end of June 2016. After a strong increase in 2015, the organic growth further increased in the first half-year of 2016 by EUR 2.1 billion.

On-balance sheet deposits totalled EUR 62.3 billion at the end of 1H 2016, up 3.7% compared to the end of 2015. Customers adopted a rather wait-and-see attitude for deposits because of the historically low interest rates, which meant that less capital found its way to long-term capital investments. On the other hand, there was a very good growth in current and savings accounts, which reached EUR 10.2 billion (+15.4%) and EUR 38.7 billion (+3.6%) respectively.

Off-balance sheet investments on the other hand fell by 2.2% compared to the end of 2015, to EUR 27.4 billion. This decline was mainly caused by a negative market effect (EUR 1 billion), partially offset by a net inflow of asset management products (EUR 0.4 billion).

Life insurance reserves for investment products amounted to EUR 11.0 billion, down 5.9% compared to the end of 2015.

Total loans to customers rose to EUR 40.9 billion at the end of 1H 2016. The increase occurred in mortgage loans (+2.5%) and business loans (+2.9%). Mortgage loans, which account for two-thirds of all loans, amounted to EUR 27.9 billion at the end of 1H 2016, while consumer loans and business loans stood at EUR 1.4 billion and EUR 11.1 billion respectively.

New long-term loans granted to retail clients during 1H 2016 amounted to EUR 2.9 billion. In the first half-year of 2016, the new production of mortgage loans – excluding external refinancing – increased by 17% to EUR 2.2 billion. During the same period, EUR 1.4 billion in new long-term business loans were granted, up 22%

compared to the first half of last year.

The total insurance premiums from customers in the Retail and Commercial segment amounted to EUR 561 million in 1H 2016, compared with EUR 609 million in 1H 2015, down 7.8%, in line with market tendencies stemming from low client interest in Life Branch 21 insurance.

Life insurance premiums amounted to EUR 301 million, compared with EUR 359 million in 1H 2015, a 16% drop. Due to the historically low interest environment, a decline in Life Branch 21 premiums as well as in Life Branch 23 premiums can be noted.

Non-life insurance premiums amounted to EUR 260 million, up 4% compared to 1H 2015. This growth was possible thanks to the further development of bank channels, where we noticed an increase of almost 10% in non-life premiums. The 1H 2016 new production in non-life insurances increased by 16% compared to the same period last year.

Indeed, thanks to the “one-stop-shopping” concept of Belfius, the mortgage loan cross-sell ratio for fire insurance increased from 80% at the end of 2015 to 82% at the end of June 2016. The mortgage loan cross-sell ratio for credit balance insurance increased from 138% at the end of 2015 to 142% at the end of June 2016.

Total life insurance reserves, in the Retail and Commercial segments, dropped by 4.3% to EUR 13.5 billion at the end of June 2016 as a result of a difficult context characterised by low interest rates. A clear shift between products can be noted in the reserves. Life Branch 23 reserves increased by 5%, whereas Life Branch 21 and 26 reserves fell by 6.6%.

8.3.1.2. Public and Corporate (PC)

Belfius has always been the preferred partner of public sector and social organisations (hospitals, schools, universities, retirement homes...) in Belgium. It provides its clients with a complete and integrated range of products and services, ranging from credit lending and treasury management, insurance products, to budget optimisation and financial IT solutions.

Corporate banking activities are directed principally at medium-sized corporates having a decision-making center in Belgium and also at corporates offering their services to the public sector.

Strategy

Belfius is market leader in the Public and Social sectors. Investments of those sectors are however limited due to measures to decrease the budget deficits at all public sector levels.

However, Belfius remains the reference partner of the Public and Social sectors in Belgium, and will continue to invest in fully dedicated and convenient products and services for these clients, as such ensuring them to be served in any case. Further capitalizing on its strong client intimacy and unique knowledge of these sectors, Belfius will assist Belgian corporates in their offering towards the Public and the Social sectors, as such offering them a unique edge in this very competitive but interesting market. In addition, as Belfius disposes of all products and services Belgian corporates require, and further building on its local knowledge and unique proximity, Belfius continues to develop its renewed ambitions towards Belgian corporates, as such fully taking on its role of supporting the Belgian economy.

As such, the Public and Corporate strategic axes are:

- continued leadership in the Public and Social segment based on a unique intimacy and service offering;
- clear growth strategy to Belgian corporates based on our proximity and Business-to-Government (B2G) services.

In concrete terms, these ambitions are to be reflected in an increase of Belfius' market share in the Belgian corporate market, from 8% to 13% over the next 3 to 5 years. Sizeable investments have been made to support this development: a 25% increase in the number of corporate bankers, recruitment of more credit analysts, a new

organisation of the marketing and sales teams, and of the financial markets' teams in order to provide better business services.

To remain the undisputed leader in the Public and Social sectors, Belfius will continue to assist these clients in funding collection through the capital markets, to focus on the professional management of outstanding debt, and extend its successful services linked to the "Smart Cities" needs of public clients.

Finally, also for these PC clients, Belfius started the bank-insurance approach and is able to serve both their banking and insurance needs.

PC Commercial performance in 2015

At 31 December 2015, total PC customer assets were EUR 29.1 billion, an increase of 6.6% compared with the end of 2014. On-balance sheet deposits rose by 8.5%, from EUR 19.9 billion to EUR 21.6 billion. The off-balance sheet customer assets registered a slight growth of 1.4%.

Total outstanding loans went down slightly (-2.5%) to EUR 38.4 billion. This decline was due to lower demand, increased competition on the Public and Social Sector market, and the increase in alternative financing (in particular disintermediation, where Belfius is the market leader in the Public and Social market). Outstanding loans for the Corporate segment increased to stand at EUR 8.9 billion at the end of December 2015. Off-balance sheet commitments rose by EUR 1.3 billion to EUR 20 billion at the end of December 2015.

With regards to insurance activities, the Public and Corporate segment recorded good income dynamics, in particular for non-life insurance products.

Non-life insurance premiums increased by 18.6% to EUR 121 million. This demonstrates the success of the strategy developed for property & casualty insurance products (fire, accidents, other risks), i.e. through sales via specialised brokers, and is reflected in the increase in premium revenues for occupational accident cover and property damage cover.

Gross premiums received in the Life segment amounted to EUR 259 million, an increase of 2.4% thanks to the strong position and expertise enjoyed by Belfius in its niche market. Despite the constant reduction of the local authorities' room to manoeuvre and pressures on public finances, Belfius PubliPension (a "first-pillar" pension product) continues to respond to customer needs.

PC Commercial performance in 1H 2016

At the end of June 2016, total savings and investments amounted to EUR 30.1 billion, an increase of 1.9% compared with the end of 2015. On-balance sheet deposits rose by 1.9%, from EUR 21.6 billion to EUR 22.0 billion. Off-balance sheet investments registered growth of 1.8% to reach EUR 7.6 billion.

Total outstanding loans remained stable at EUR 38.4 billion. The decrease in Public and Social was due to lower demand, increased competition on the Public and Social Sector market and the increase in alternative financing. Outstanding loans for the Corporate segment increased to stand at EUR 9.3 billion at the end of 1H 2016. Off-balance sheet commitments remained stable at EUR 19.9 billion at the end of 1H 2016.

Despite the continued weak market demand in the public and social sector, Belfius granted EUR 0.8 billion in new long-term lending in the first half of 2016, up 24% compared to the same period of last year. Belfius also plays an active role in Debt Capital Markets business. During 1H 2016 the bank signed new funding agreements to the public and social sectors for a total amount of EUR 4.5 billion and increased its level of participation to 86% of the public issuers.

The production of long-term loans to corporate customers amounted to EUR 1.5 billion in the first half of 2016. With its level of participation rising to 73%, Belfius also confirmed its position as leader for bond issues and treasury certificates for corporate clients. In the first half of 2016, the bank launched EUR 0.8 billion of innovative funding to those clients.

With regard to insurance activities, the Public and Corporate segment recorded a solid income, in particular for non-life insurance products.

Non-life insurance premiums increased by 12.3% to EUR 87 million. This demonstrates the success of the strategy developed for property and casualty insurance products (fire, accidents, other risks), i.e. through sales via specialised brokers, and is reflected in the increase in premium revenues for occupational accident cover and property damage cover.

Gross premiums received in the life segment amounted to EUR 159 million, an increase of 5.7% thanks to the strong position and expertise of Belfius in its niche market.

8.3.1.3. Group Center (GC)

At the bank, Group Center principally contains the residual results not allocated to the two commercial segments of Franchise and to Side activities, as well as the residual interest rate and liquidity management results through the internal transfer pricing mechanism.

The carry cost of the collateral needed by Franchise activities is also allocated to Group Center. The results on hedge solutions implemented for clients (Flow Management activities) and the results on treasury activities (Money Market) are also allocated to Group Center. Finally, Group Center also contains the result or carry costs of assets or liabilities not allocated to a specific business line or asset/liabilities that do not deliver or obtain interest (e.g. equity, property, equipment).

At the level of the insurer, Group Center contains income from assets not offered to and allocated to a specific business line, the cost of subordinated debt, the results of some subsidiaries and the costs not allocated to a specific business line.

8.3.2 Side

At the time of the separation from Dexia Group at the end of 2011, Dexia Bank owned an investment portfolio, inherited from its period within Dexia Group, totalling EUR 74 billion notional value:

- a Legacy bond portfolio of approximately EUR 18 billion;
- a Legacy credit guarantee (intermediation) portfolio of approximately EUR 12 billion;
- funding to other Dexia entities for approximately EUR 44 billion.

Since the end of 2011, Belfius has implemented a tactical de-risking plan leading to a significant reduction of the Side portfolios, including a reduction of funding to Dexia entities to almost zero by the end of February 2015.

In the light of Belfius' ambitions towards a still somewhat lower risk profile, the bank continues its tactical de-risking efforts in order to bring the Side portfolios, by the end of 2016, to target state with a risk profile in line with Franchise's risk profile. As such, the Side portfolios' risk profile targeted by Belfius shows the following key characteristics:

- an average rating of the portfolios of A-;
- a non-investment grade (NIG) share of maximum 2%;
- concentration limits in line with Belfius corporate portfolios within the Franchise.

8.3.2.1. The Legacy bond portfolio

At the end of June 2016, the Legacy bond portfolio stood at EUR 7.1 billion, down EUR 1 billion compared to December 2015, mainly due to the tactical de-risking (EUR 0.3 billion) and the natural amortization of the portfolio. At the end of June 2016, the portfolio was composed of sovereign and public sector (14%), corporate (48%), financial institutions bonds (20%) and asset-backed securities (18%).

Since 2011, the Legacy bond portfolio has been decreased by almost two-thirds (61%) or EUR 11.2 billion of which two-thirds due to tactical de-risking and one-third to natural amortizations. Tactical de-risking has been mainly executed in the asset categories of financial institutions (-83%), covered bonds (-77%), asset backed securities (-74%) and international sovereigns and public sector (-53%).

The Legacy bond portfolio has an average life of 15 years. With an average rating of A- and 94% of the portfolio being investment grade, the portfolio remains of good credit quality.

8.3.2.2. The Legacy credit guarantee (intermediation) portfolio

At the end of June 2016, the credit guarantee portion of Belfius' Legacy portfolio amounted to EUR 4.3 billion, down EUR 1.1 billion compared to December 2015, mainly due to amortizations. It relates essentially to Credit Default Swaps and Financial Guarantees issued on corporate/public issuer bonds (83%), ABS (15%) and covered bonds (2%). The good credit quality of the underlying reference bond portfolio, additional protection against credit risk incorporated in the bond itself and the protections purchased by Belfius from various monoline insurers (US reinsurance companies, essentially Assured Guaranty) result in a portfolio that is 100% investment grade. The average rating of the portfolio remains at A-. At the end of June 2016, the average residual life of the portfolio stood at 7.1 years. Since the end of 2011, the Legacy credit guarantee portfolio has been reduced by EUR 7.4 billion or 63%.

8.3.2.3. Funding to Dexia

Since February 2015, the funding to Dexia has been reduced to below EUR 100 million. As at 30 June 2016, the remaining funding relates mainly to a loan to Dexia Crediop (EUR 4.5 million) for which Dexia Crediop has made a deposit of the same amount with Belfius and the co-financing of a loan (EUR 51.1 million) granted by DCL to a very creditworthy British real estate (social housing) company that passes through the accounts of DCL.

Please note also that, while it was still part of the Dexia Group, the former Dexia Bank (now Belfius Bank) was the Dexia Group's "competence centre" for derivatives (mainly interest rate swaps): this meant that all Dexia entities could cover their market risks with derivatives with Dexia Bank, mainly under the standard contractual terms related to cash collateral. The former Dexia Bank systematically covered these derivative positions externally, as a result of which these derivatives broadly appear twice in Belfius accounts: once in relation to Dexia and once for the hedging. The remaining outstanding notional amount of derivatives with Dexia amounted to approximately EUR 43.3 billion at the end of June 2016, a decrease of EUR 5.6 billion compared to the end of 2015.

8.3.2.4. Other Side

Other run-off activities consist mainly of derivatives with (non-Franchise) foreign counterparties and of transactions with former related parties, inherited from the Dexia era.

8.4. Post-balance sheet events

Dividend

The Board of Directors considers paying an interim dividend of EUR 75 million on the current year profit of 2016. Note that the decision is subject to approval of the ECB.

Possible conversion of the documentation of subordinated debt instruments held by Arcopar

Belfius Bank and Arcopar are examining the conversion of documentation of the bilateral subordinated perpetual loans (issued by Belfius Bank and held by Arcopar), for EUR 85 million notional in total to a documentation under a public EMTN program, in order to increase the marketability and liquidity of these instruments.

Sale of International Wealth Insurer

In 2015, Belfius Insurance has decided to activate the sale of its participation in "International Wealth Insurer" following the strategy of Belfius to concentrate its activities on Belgium. Foyer S.A., the largest privately owned financial group of Luxembourg, has reached an agreement in June 2016 with Belfius Insurance on the acquisition of "International Wealth Insurer". The transaction was closed on 9 August 2016, there was positive impact in result of EUR 8 mio which will be recorded in 2H 2016

EU-wide EBA Stress test: Belfius among well capitalized European banks

On 29 July 2016, the EU-wide EBA stress test results were published. Starting from a very comfortable CET1 capital ratio of 15.9% (Phased In) as per the end of 2015, Belfius still achieves a solid CET1 ratio of 11.4% (Fully Loaded) after the 2016 EBA stress test. Based upon such result, Belfius ranks among the well capitalized European banks for which EBA published the stress test result and Belfius scores substantially better than the average stress test result of 9.4%.

New tax legislation for credit institutions

A legislation regarding a new annual tax for credit institutions has been published in the Belgian Official Gazette on 11 August 2016. This is under analysis by Belfius, but no major impacts are expected.

Call DSFB 4

The securitisation vehicle DSFB 4 was called in July 2016; it concerned loans granted to Belgian public entities. As at end of June 2016, an amount of EUR 2,128 million was outstanding. The underlying loans from DSFB 4 will be used as part of the collateral for the Targeted Longer-Term Refinancing Operation II (TLTRO II).

Belfius' activities are exposed to a number of risks such as - but not exclusively - credit risks, market risks, liquidity

8.5. Risk Management

Fundamentals of credit risk in 2015

Banking activities in Retail and Commercial

The Belgian macroeconomic climate improved slightly in 2015. Against this background, lending to the Retail and Commercial business line – one of the core segments at the bank – remained at a high level, and this based on a stable lending policy in general, albeit adjusted for some elements (see below).

Demand for consumer credit remained stable in 2015. The criteria used for granting consumer loans remained generally unchanged compared to 2014 and is in line with the “Responsible Lending” charter that is part of the Belgian Financial Sector Federation (Febelfin).

As far as the production of mortgage loans is concerned, 2015 can be divided into 2 separate periods. The decision taken by the new Flemish government in the summer of 2014 to wind down the “housing bonus” system, resulted in a sharp increase in demand for housing loans in the second half of 2014 which continued during the first months of 2015. In addition, the historically low interest rates also led to an unprecedented wave of early repayments. The vast majority of prepaid existing mortgage loans were refinanced internally. Furthermore, Belfius Bank was able to attract a considerable number of new customers with adequate credit quality by refinancing their former mortgage loans at other banks. During the second half of 2015 the production of new mortgage loans returned to levels less impacted by refinancing.

In this exceptional market environment, the Risk Department conducted reinforced internal monitoring of the potential higher risk segments of mortgage loans (combinations of longer repayment terms, higher Loan-to-value financing ratios and higher debt service costs vs. income ratios). Belfius Bank took measures to keep production in these niches within strict limits. In the meantime the cost of risk on mortgage loans remained under control, though there was a slight increase in the cost of risk on mortgage loans that originates from the market and loan allocation conditions in the years preceding the financial crisis of 2008-2011. Since then, the allocation policy has been gradually adjusted to take account of the changing market circumstances.

Belfius has approximately 200,000 self-employed workers, professionals and SMEs as customers. Each one of them can rely on the personal service of a business banker. Belfius Bank's project to have lending decisions for business loans taken by local teams working close to the customer was further intensified in 2015. This strategy

contributes clearly to a better knowledge of the customer and his or her situation, while numerous tests and realised statistics indicate that the risk remains well under control. The continuous fine-tuning of the decision-making logic and the enhanced and quickly reactive monitoring on deteriorating risk profiles is clearly bearing fruit.

The overall profitability and strength of Belgian SMEs remained good, although the latter are more and more confronted with a changing consumer pattern (e.g. e-commerce). In 2015, according to GRAYDON, 10,605 companies were forced to cease trading, which was 6.1% lower than the number in 2014. 23,050 jobs were as such put at risk. This is the lowest number since 2008, the beginning of the economic crisis, and a decrease of 11.6% in comparison with 2014. The main reason for this positive trend, also visible in risk statistics of the portfolio of business lending of Belfius Bank, was the economic growth of 1.3%. Consequently, the cost of business loans at Belfius Bank remained at a good risk/return level and within the target levels. Belfius therefore intends to keep supporting the production of business loans, also in relation to start-ups. At the same time, the Risk department continues the improvement of the process of early warning indicators in order to keep permanently the risks in this market segment well under control.

Banking activities in Public and Corporate

In 2015, Belfius kept providing the public and social sector, as well as mid & large corporations, with an extensive and integrated range of products and services. It strengthened its partnership with the customers from the public and social sector by continuing to invest in having an in depth knowledge of their needs and continuing to be able as such to offer them new and tailored solutions to fund their operations, manage their finances and meet their insurance requirements. The strategy to become also the reference partner for corporates that service this public and social sector (Business-to-Government) was further implemented.

The Public Sector loans portfolio maintained its very low risk profile. The economic climate of low inflation, moderate growth and historical low interest levels resulted in a limited pressure on the expenditures of Belgian municipalities. Local tax increases with an eye to budget balance were for that reason rather limited. The indebtedness of municipalities remains stable and their financial costs have fallen as a result of the historical low interest rates. The increase of staffing and operating expenditures is being kept under control, thanks to, among others, low inflation. Worth mentioning is that municipalities received in 2015 an increased support of regional authorities through various funds and subsidies. This additional effort of the regional authorities should not be underestimated considering that the latter experienced themselves the impact of the sixth State reform, the low inflation and the necessary budgetary discipline. Besides the current budgetary limits, some other structural reforms will weigh on the finances of municipalities in the coming years, such as the ongoing pension reform for their statutory staff, the contribution of local authorities to remedying Belgian public finance, the increasing costs of social aid and security (in particular the reform of the fire brigades) and finally the challenges of the ageing population.

From a risk management point of view, the hospital sector remains a focus of attention. The potential developments in the area of hospital funding are closely monitored. The indebtedness of Belgian hospitals has increased importantly the past 5 years. The operating profit of the sector globally improved but remains all in all rather limited. As a consequence, some hospitals display a structural shortfall in repayment capacity. According to our well-known studies, the Belgian hospital sector seems somewhat underfunded and an overcapacity regarding beds and infrastructure prevails. The Minister of public health works on a plan to address these challenges.

Belfius' corporate banking business is focused on Belgian companies with an annual turnover exceeding 10 million euro. With approximately 6,000 corporate customers, Belfius Bank is actually positioned as a challenger in this segment, but a new growth strategy has been started in 2015. Belfius has taken the necessary measures to ensure that this growth strategy will go hand in hand with a good creditworthiness and acceptable risk concentrations. The credit profile of the corporate banking lending remained fairly stable during 2015, which also meant that the cost of risk remained at an acceptable level and within the limits set. The Belgian economy

gradually recovered during 2015 but growth remained low. The rather unforeseen growth recession in China in the second half of the year disturbed the growth engine. The 2015 index jump imposed by the Belgian government however supported the competitiveness of Belgian companies, backed by the low import costs of energy and raw material. As a result, the general recovery of profitability of Belgian corporates - already started in 2014 – continued in 2015.

Belfius monitors sector risks in a proactive way and defined specific measures with regard to a limited number of more vulnerable sectors. The sustainable energy sector in Belgium for example faces since 2012 some challenges due to, among other things, the run-down of the subsidy mechanisms regarding green energy. A change in the energy policy could potentially bring some relief to this sector. In the meantime, the less performing files identified are being monitored with the appropriate attention as part of the existing watch list process. In the shipping industry, Belfius Bank continued to focus exclusively, as it has done in previous years, on shipping companies and other shipping-related businesses that have a commercial relationship with the bank and a clear link with the Belgian economy. Connections with companies that do not meet these criteria were further reduced. The shipping companies' performance globally improved, helped by reduced bunkering expenses and cost optimisations through alliances. The indicators and opinions on the future evolution of the shipping sector remain however divergent. Finally, the commercial property sector is also being watched closely, despite its usually good performance. Belfius Bank has further reinforced acceptance standards for these customers to enable any market corrections to be absorbed. Furthermore, a lot of work was put in the frequent monitoring of real estate during the full life cycle of the underlying credit loans.

Insurance

The management of the credit risk of Belfius Insurance is the responsibility of Belfius Insurance risk management team, albeit in collaboration with the credit and risk teams at Belfius Bank and within the risk management guidelines regarding credit limits, etc. that apply to the whole of the Belfius group. As such, this means that credit limits are defined on a consolidated basis and that transfers of limits between the bank and insurance arm of the business are permitted, provided that both parties agree. The CROs of Belfius Bank and Belfius Insurance coordinate the requests together.

Credit risk in 2016

The first half of 2016 was characterized by strong fluctuations in the financial markets in a context of moderate growth in Europe. Various shocks and rumors hit the markets and caused strong movements in stock and bond markets.

Fear of a global slowdown

In the first months of the year, fear of a global slowdown caused panic reaction and strong turbulence on the stock market. In Belgium, this even led at one point to a stock market correction of more than 20% on the BEL 20 index compared to the beginning of the year. Rumours about a hard landing of the Chinese economy and a possible recession in the emerging markets as a consequence of an appreciation of the USD were at the root of these market turbulences. In the end, the Chinese downturn has been rather limited and, as the US did not increase its rates, the USD did not materially appreciate against the EUR. However, the stock market did not completely recover and throughout the first half of the year remained approximately 6% below the level of early January.

From an economic point of view, Europe continued its moderate growth whereby the Belgian economy in particular suffered from a weak first quarter. Most international institutions and independent research agencies lowered their growth prospects for the EU and the eurozone. However, as mentioned, despite the market turbulences, Belgian consumer and producer confidence remained on track and the labour market as a whole improved throughout the EU.

Terrorist attacks in Belgium and social conflicts

On 22 March 2016, there were major terrorist attacks in Belgium which had a negative economic impact on the catering and tourism industry. The National Bank of Belgium assessed that such terror attacks could negatively impact the growth by 0.1% of GDP. However, Belgian consumer and producer confidence remained unaffected.

The first half of the year was also marked by social conflicts and strikes in the public sector.

ECB policy

On 11 March 2016, in view of slowing growth and inflation, the ECB decided to develop its quantitative easing program further. More bonds can be bought each month (i.e. EUR 80 billion instead of EUR 60 billion) and corporate bonds are now also eligible for the purchase programme. As a consequence, interest rates came under pressure and credit spreads tightened. However, the euro did not weaken against the USD as the interest rate differential between the eurozone and the US did not increase, because the Federal Reserve decided not yet to raise its policy interest rates.

Brexit

On 23 June 2016, in a referendum the UK expressed its wish to leave the European Union. This outcome was unexpected by the financial markets and led to strong declines in the stock markets as well as a depreciation of the euro and especially the sterling against the US dollar. Due to the rush of investors to high quality assets, interest rates also fell. The 10-year German bund even became negative and traded at approximately -13 bps at the end of June. How the exit from the European Union will work out, in which time frame, and which economic sectors will be impacted, is for the time being unknown. This again increases uncertainty and volatility.

The UK is also one of Belgium's most important export markets. According to the National Bank of Belgium, business with the UK represents approximately EUR 3 billion of added value. What effect the Brexit may have on these trade relations is currently unknown.

EU-wide EBA Stress Test

Belfius Bank was subject to the 2016 EU-wide stress test conducted by the European Banking Authority, in cooperation with the National Bank of Belgium, the European Central Bank, the European Commission and the European Systemic Risk Board.

The stress test applied to 51 European banks and its aim was to assess the resilience of selected institutions when confronted by severe financial and economic stress over a three-year time horizon (2016-2018). The stress test was carried out applying a static balance sheet assumption as at December 2015, and therefore does not take into account any future business strategies and management actions. The final outcome of this exercise is translated into the relevant banks' solvency figures as per the end of 2018. The 2016 stress test does not contain a pass-fail solvency threshold (as was the case in the 2014 stress test), but instead was designed to be used as crucial information for the 2016 supervisory review process that will continue during the second half of the year.

Starting from a very comfortable CET 1 Phased In ratio of 15.9% as at the end of 2015, the CET 1 ratio increased to 17.6% under the baseline stress scenario (in Fully Loaded format) as per the end of 2018. Under the 2016 EBA adverse stress scenario, Belfius still achieves a solid CET 1 Fully Loaded ratio of 11.4%. Based upon this result, Belfius ranks among the best capitalized European banks and scores substantially better than the average of 9.4% of the 51 European banks for which EBA published the stress test result.

This outcome confirms the appropriateness of our strategy over recent years, the long-term vision of our shareholder, our solidity and our resilience, all of which are crucial in the current challenging macroeconomic environment.

Exposure to credit risk¹¹

As at 30 June 2016, the total credit risk exposure, within Belfius reached EUR 175.2 billion, an increase of EUR 3.3 billion or 2% compared to the end of 2015. This slight increase is mainly due to the higher commercial activities in the first half-year of 2016 and short-term investments on French region bonds. At bank level, credit risk exposure amounted to EUR 156.6 billion, up 2.6% compared to the end of 2015. At the level of Belfius Insurance, credit risk exposure decreased by 3.8% to EUR 18.6 billion at the end of June 2016.

Breakdown of credit risk by counterparty	31/12/2015	30/06/2016
<i>in EUR billion</i>		
Central governments	17.2	18.1
<i>of which government bonds</i>	13.9	14.3
Public sector entities	51.5	52.3
Corporate	26.1	26.5
Monoline insurers	3.6	4.1
ABS/MBS	1.8	2.3
Project Finance	1.8	2.0
Individuals, self-employed and SME's	40.5	41.4
Financial institutions	29.2	28.5
Total	171.9	175.2

The credit risk exposure on public sector entities and the institutions that receive guarantees from these public sector entities (30% of the total), and on individuals, self-employed and SMEs (24% of the total) constitute the two main categories. The relative proportion of the central governments segment amounted to 11% at the end of June 2016. Inside this segment, the credit risk on government bonds increased by 3% from EUR 13.9 billion at the end of 2015 to EUR 14.3 billion at the end of June 2016. More than half (59%) of the government bonds portfolio is invested in Belgian government bonds. While at bank level the Belgian government bonds represent 37% of the total government bond portfolio, the relative proportion at Belfius Insurance stood at almost 80%.

At the end of June 2016, credit risk exposure on financial institutions and on corporates was 16% and 15% respectively. The credit risk on monoline insurers (2% of the total) on bonds issued by issuers principally active in infrastructure and public utilities projects is predominantly an indirect risk arising from credit guarantees written by Belfius Bank and reinsured with monoline insurers.

Belfius' positions are mainly concentrated in the European Union: 94% or EUR 147 billion at bank level and 98% or EUR 18.1 billion for Belfius Insurance.

70% of the total credit risk exposure is on counterparties categorised in Belgium country exposures, 7% in France, 6% in the United Kingdom, 4% in Italy and 3% in Spain. The credit risk exposure of Belfius counterparties in the United Kingdom amounted to EUR 11 billion. Almost three-quarters of this credit risk exposure concerns bonds, of which close to 60% are inflation-linked, issued by utilities and infrastructure companies in the United Kingdom that operate in regulated sectors such as water and electricity distribution. These bonds are of good credit quality (98% investment grade), and moreover the majority of the outstanding bonds are covered with a credit protection issued by a credit insurer that is independent from the bond issuer. The remainder concerns the bond portfolio of Belfius Insurance, a short-term credit portfolio for treasury management of Belfius Bank and receivables on clearing houses. The credit risks on those portfolios are also of good credit quality.

At the end of June 2016, 85% of the total credit risk exposure had an internal credit rating investment grade (IG), compared to 84% at the end of December 2015.

¹¹ Credit risk exposure is expressed as Full Exposure at Default – FEAD, as used in the Pillar 3-report. Belfius credit risks are based on a consolidation scope that includes its fully consolidated subsidiaries, Belfius Insurance included.

Asset quality

At the end of June 2016, the amount of impaired loans and advances to customers amounted to EUR 2,027 million, stable compared to the end of 2015. In the first half of 2016, the asset quality ratio slightly improved from 2.29% at the end of 2015 to 2.22% at the end of June 2016. The coverage ratio further strengthened to 57.4% at the end of June 2016.

In June 2016, collective impairments on loans and advances to customers amounted to EUR 359 million.

Liquidity risk

Consolidation of the liquidity profile

During the first half-year of 2016, Belfius Bank continued its efforts to keep a diversified liquidity profile by:

- managing its funding surplus within the commercial balance sheet;
- continuing to obtain and diversify long-term funding from institutional investors by issuing, inter alia, covered bonds backed by quality loans, and senior unsecured debt;
- collecting short and medium-term (CP/CD/EMTN) deposits from institutional investors;
- continuing its downsizing of the Legacy portfolio.

At the end of June 2016, Belfius Bank participated in the European Central Bank's second TLTRO funding programme in a total amount of EUR 3 billion and repaid early its EUR 1.65 billion participation in the first TLTRO funding programme. The participation in the second TLTRO is aimed at financing the investment need of SMEs, social sector and retail clients. The TLTRO is partially used to finance the call of DSFB 4. This funding vehicle, secured with public sector loans, was sold externally. As the funding cost was higher than the actual funding cost in the market, Belfius Bank decided to call DSFB 4 with value date in July 2016.

In April 2016, Belfius Bank launched its first subordinated benchmark issue. This Tier 2 transaction was highly successful. The EUR 500 million notes, with a maturity of 10 years, bear an annual coupon of 3.125%. With this Tier 2 transaction Belfius is climbing up the ladder of juniority, after several benchmarks in covered bonds and senior unsecured notes. Additionally, this subordinated transaction fits well within the strategy of diversification of funding sources and investor base as well as the further optimisation of the maturity profile.

The Liquidity Coverage Ratio (LCR), introduced within the framework of the Basel III reforms, became a pillar I requirement for European banks on 1 October 2015 (at a level of 60%). In Belgium the law already requires banks to respect a LCR of 100% from that date onwards. Belfius Bank closed the first half-year of 2016 with an LCR ratio of 121%. The bank's LCR ratio has remained above 100% since the beginning of the year.

The Net Stable Funding Ratio (NSFR), based on our current interpretation of current Basel III rules, stood at 108% at the end of June 2016.

Liquidity reserves

At the end of June 2016, Belfius Bank had quickly mobilisable liquidity reserves of EUR 32.0 billion. These reserves consisted of EUR 0.6 billion in cash, EUR 20.4 billion in ECB eligible bonds (of which EUR 15.7 billion are CCP-eligible¹²), EUR 9.2 billion in other assets also eligible at the ECB and EUR 1.8 billion in other liquid bonds.

These reserves represent six times the bank's unsecured (senior unsecured) institutional funding outstanding at the end of June 2016 and having a remaining maturity of less than one year.

Funding diversification at Belfius Bank

Belfius Bank has a historically stable volume of commercial funding that comes from its RC and PC customers. This funding increased from EUR 81 billion at the end of December 2015 to EUR 84 billion at the end of June

¹² CCP = Central Counterparts

2016, of which EUR 62 billion is from RC. The commercial funding represents 77% of the total funding sources. Following the issue of new mortgage covered bonds and the participation of Belfius Bank in the second TLTRO programme, the secured funding, which still includes DSFB 4 at the end of June 2016, increased to EUR 15 billion or 14% of the total funding sources.

The wholesale unsecured funding remained stable at EUR 5.7 billion.

The remainder of the bank's funding requirements comes from institutional short-term deposits (Treasury) mainly obtained through placement of Certificates of Deposit and Commercial Paper.

The collected funding is used, firstly and most importantly, to finance the granting of loans to RC and PC clients.

Next to that, Belfius Bank also has a historical bond portfolio, including an ALM portfolio for liquidity management purposes, with highly liquid assets, and a historical bond portfolio (Legacy bond portfolio) that was set up between 2003 and 2008.

As a result of derivative contracts to cover interest rate risk of its activities, Belfius Bank has an outstanding position in derivatives for which collateral must be posted and is being received (cash & securities collateral). Against the background of historically low interest rates, in net terms, Belfius Bank posts more collateral than it receives.

The loan to deposit ratio, which indicates the proportion between assets and liabilities of the commercial balance sheet, stood at 89% at the end of June 2016 versus 91% at the end of 2015.

Brexit

In a cautious attempt to anticipate the potential adverse negative effect of the Brexit referendum of 23 June 2016, Belfius covered its GBP liquidity gap until end of August. So far, markets have remained fairly liquid. Nevertheless, the total liquidity requirement increased slightly for Belfius bank following the fall of interest rates and additional collateral to be posted for derivatives, for which Belfius can use its solid liquidity buffer.

Encumbered assets

According to our current interpretation of the EBA guideline on the matter, the encumbered assets at Belfius Bank level amounted to EUR 41.3 billion at the end of June 2016 and represented 23.9% of total bank balance sheet and collateral received under securities format, which amounted to EUR 173 billion (EUR 165 billion assets and EUR 8 billion collateral received). This represents a limited increase of the encumbrance ratio of 0.4% compared to the end of 2015.

Since the establishment of the first covered bond programme in 2012, the bank has issued covered bonds for a total amount of EUR 7.9 billion. At the end of June, the assets encumbered for this funding source are composed of commercial loans (public sector and mortgage loans) and amounted to EUR 9.9 billion. Public and mortgage loans encumbered in securitisations (DSFB 4 and Penates 5) amounted to EUR 2.9 billion at the end of June.

The bank is also collecting funding through repo markets and other collateralised deposits. At the end of June 2016, the total amount of assets used as collateral for this activity amounted to EUR 5.2 billion, of which EUR 3.4 billion linked to the ECB funding of EUR 3 billion. It is worth mentioning that during 1H 2016, the volume of assets encumbered for ECB funding source increased by EUR 1.5 billion following the additional participation of Belfius Bank to the TLTRO. This negative impact will be offset by the call of DSFB 4 in July that will generate a decrease of encumbered assets for EUR 2.2 billion.

The balance of encumbered assets is mainly linked to collateral pledged (gross of collateral received) for the derivatives exposures for EUR 21.9 billion under the form of cash or securities. The collateral pledged increased by EUR 2.7 billion compared to the end of 2015. A significant part of collateral pledged is financed through collateral received from other counterparties with whom the bank concluded derivatives in the opposite direction.

8.6. Ratings

As of 27 September 2016, Belfius Bank had the following long-term credit ratings:

	Long-term rating	Outlook	Short-term rating
Fitch	A-	Stable	F2
Moody's	A3	Stable	Prime-2
Standard and Poor's	A-	Negative	A-2

8.7. Other information

Belfius Bank is not dependent on any of its subsidiaries, save for Belfius Insurance SA/NV. Belfius Insurance SA/NV holds the licences required for insurance undertakings, and Belfius Bank consequently relies on it for the insurance activities carried out by it.

There is no arrangement known to Belfius Bank, the operation of which may at a subsequent date result in a change of control of Belfius Bank.

There are no recent events particular to Belfius Bank which are, to a material extent, relevant to the evaluation of its solvency.

8.7.1. Litigation

Belfius (Belfius Bank and its consolidated subsidiaries) is involved as a defendant in a number of litigations in Belgium, arising in the ordinary course of its business activities, including those where it is acting as an insurer, capital and credit provider, employer, investor and tax payer.

In accordance with the IFRS rules, Belfius makes provisions for such litigations when, in the opinion of its management, after analysis by its company lawyers and external legal advisors as the case may be, it is probable that Belfius will have to make a payment and when the amount of such payment can be reasonably determined.

With respect to certain other litigations against Belfius of which management is aware (and for which, according to the principles outlined above, no provision has been made), the management is of the opinion, after due consideration of appropriate advice, that, while it is often not feasible to predict or determine the ultimate outcome of all pending litigations, such litigations are without legal merit, can be successfully defended or that the outcome of these actions is not expected to result in a significant loss in the Belfius Consolidated Financial Statements.

The most important cases are listed below, regardless of whether a provision has been made or not. Their description does not deal with elements or evolutions that do not have an impact on the position of Belfius. If the cases listed below were to be successful for the opposing parties, they could eventually have monetary consequences for Belfius. Such impact remains unquantifiable at this stage.

Furthermore, with regard to Belfius Insurance, no specific provision was made for significant litigation.

8.7.1.1. Housing Fund of the Brussels Capital Region

On 9 October 2012, the Housing Fund of the Brussels Capital Region summoned Belfius Bank before the Brussels Commercial Court. The Housing Fund subscribed in a total amount of EUR 32,000,000 to 4 treasury notes issued by Municipal Holding between July and September 2011. Following the liquidation of Municipal Holding, the Housing Fund could only receive repayment for EUR 16,000,000. It demands the payment by Belfius Bank of the non-repaid capital. As the loss incurred on this investment is the result of a voluntary waiver of the claim by the Housing Fund, which matches half of the investment, Belfius Bank rejects the demand from the Housing Fund.

On 27 March 2014, the Brussels Commercial Court accepted the claim application by the Housing Fund, but declared it unfounded. The Housing Fund lodged an appeal against this judgment on 3 June 2014.

There was no significant evolution in this claim during the first half of 2016.

No provision has been made for this claim.

8.7.1.2. BBTK and ACLVB

On 8 May 2014, two trade unions within Belfius Bank, BBTK and ACLVB, summoned Belfius Bank before the Brussels Labour Court. They demand the annulment of the collective bargaining agreements that Belfius Bank signed with two other trade unions of the bank. BBTK and ACLVB are of the opinion that these collective bargaining agreements amend, without their consent, previous collective bargaining agreements Belfius Bank also concluded with them. In addition, they are of the opinion that an employer can only sign a collective bargaining agreement with some of the existing trade unions within the firm, if the said employer has not signed previous collective bargaining agreements with other trade unions. The bank rejects this claim as the previous collective bargaining agreements have not been amended and because the law provides in general that a collective bargaining agreement can be signed with only one trade union.

On 26 November 2015, the Labour Tribunal adjourned the hearing for oral pleadings to 20 October 2016 for procedural reasons having no impact on the merits of the case.

There was no significant evolution in this claim during the first half of 2016.

No provision has been made for this claim.

8.7.1.3. Arco

On 30 September 2014, 737 shareholders from 3 companies of the Arco Group (Arcopar, Arcoplus and Arcofin) summoned Belfius Bank, together with the 3 aforementioned Arco companies, before the Brussels Commercial Court. Principally, they demand the annulment of their agreement to join the capital of these 3 companies as shareholder, based on deception or fallacy. They demand that the Court orders Belfius Bank in solidum with each of the 3 above mentioned Arco companies to repay their capital contributions, increased by interest and compensation. On an ancillary basis, they applied to the Commercial Court to order Belfius Bank to pay compensation based on an alleged shortcoming in its information duty towards them. Because the file submitted by them lacks information with respect to proof and assessment of damages, Belfius cannot assess the content of the claim and has to reject it.

On 16 December 2014, 1,027 shareholders and on 15 January 2016, 466 other shareholders of the 3 aforementioned Arco companies joined the summons on a voluntary basis. Belfius has asked for their files so that it can evaluate the content of their claim.

On 17 December 2015, 2,169 shareholders of the 3 aforementioned Arco companies issued a writ to the Belgian State for compulsory intervention. They demand that the Commercial Court orders the Belgian State to pay compensation based on the alleged illegality of the guarantee scheme the Belgian State enacted in favour of Arco shareholders. This demand is subordinated to their claims against Belfius Bank and has no negative impact on Belfius Bank.

There was no significant evolution in this claim during the first half of 2016.

No provision has been made for this claim.

8.7.2. Management and Supervision of Belfius Bank

8.7.2.1. Composition of the Management Board and the Board of Directors

A. Management Board

The Management Board currently has six members who have all acquired experience in the banking and financial sector. The members of the Management Board form a college.

As of the date of this Base Prospectus, the Management Board consists of the following six members:

Name	Position	Significant other functions performed outside Belfius Bank
Marc Raisière	Chairman	none
Dirk Gyselinck	Member	none
Eric Hermann	Member	none
Olivier Onclin	Member	none
Dirk Vanderschrick	Member	none
Johan Vankelecom	Member	none

The above members of the Management Board have their business address at 1210 Brussels, Place Charles Rogier 11, Belgium.

The Board of Directors has delegated all of its management powers to the Management Board set up from among its members. Such delegation of its powers does not extend to the determination of the general policy, or to any other powers that are reserved pursuant to the Companies Code or to the Banking Law to the Board of Directors.

As a result, the Management Board is responsible for the effective management of the bank, directing and coordinating the activities of the various business lines and support departments within the framework of the objectives and general policy set by the Board of Directors.

The Management Board ensures that the bank's business activities are in line with the strategy, Risk Appetite Framework and general policy set by the Board of Directors. It passes on relevant information to the Board of Directors to enable it to take informed decisions. It formulates the proposals and advices to the Board of Directors with a view to define or improve the bank's general policy and strategy.

The members of the Management Board are required to carry out their duties in complete objectivity and independence and to take care of the interests of the different stakeholders. This implies that the necessary conditions must be met in order to carry out the functions of a bank in a stable and continuous manner.

Working under the supervision of the Board of Directors, the Management Board takes the necessary measures to ensure that the bank has a robust structure suited to the bank's organisation, including surveillance measures, with a view to guaranteeing the effective and prudent management of the bank in accordance with the Banking Law.

There are no potential conflicts of interest between any duties to Belfius Bank of the members of the management board and their private interests and other duties.

B. Board of directors

Belfius Bank is managed by its Board of Directors, which is entitled to take any action the right to which is not expressly reserved to the General Meeting of Shareholders of Belfius Bank by law or the articles of association of Belfius Bank. In accordance with the Belgian Banking Law, the Board of Directors has delegated to the Management Board of Belfius Bank all such powers to the maximum extent permitted under Belgian law.

Pursuant to the articles of association of Belfius Bank, the Board of Directors of Belfius Bank is composed of a minimum of 5 members appointed for maximum terms of four years. The table below sets forth the names of the Directors, their position within Belfius Bank and the other significant functions they perform outside Belfius Bank.

The executive members of the Board of Directors shall withdraw on the date of the General Shareholders' Meeting held in the year in which they reach the age of 65.

The non-executive members of the Board of Directors shall withdraw on the date of the General Shareholders' Meeting held in the year in which they reach the age of 70.

The Board of Directors has the right to make an exception to the aforementioned principles on a case-by-case basis if it considers it to be in the company's best interest.

The business address for the members of the Board of Directors is 1210 Brussels, Place Charles Rogier 11, Belgium.

Composition as at the date of the Base Prospectus

As at the date of this Base Prospectus, the Board of Directors consists of 13 members, 6 of whom sit on the Management Board.

The Board of Directors, which is made up of professionals from a variety of industries, including the financial sector, has the expertise and experience required associated with the bank's various operating businesses.

Name	Position	Significant other functions performed outside Belfius Bank
Jozef Clijsters	Chairman of the Board of Directors of Belfius Bank	none
Marc Raisière	Chairman of the Management Board of Belfius Bank	none
Dirk Gyselinck	Member of the Management Board of Belfius Bank Responsible for Public & Corporate Banking	none
Eric Hermann	Member of the Management Board of Belfius Bank Chief Risk Officer	none
Olivier Onclin.....	Member of the Management Board of Belfius Bank Chief Operating Officer Responsible for Operations, IT, Purchasing & Facility Management and Organisation	none
Dirk Vanderschrick	Member of the Management Board of Belfius Bank Responsible for Retail and Commercial Banking	none
Johan Vankelecom	Member of the Management Board of Belfius Bank Chief Financial Officer Responsible for Financial Reporting, Research, Liquidity and Capital Management, Corporate Advisory, Asset and Liability Management, Legal and Tax	none
Jean-Pierre Delwart	Member of the Board of Directors of Belfius Bank (Independent Director)	Chairman of the Board of Directors of Eurogentec
Carine Doutrelepon	Member of the Board of Directors of Belfius Bank (Independent Director)	Lawyer and Full Professor at the Université Libre de Bruxelles (ULB)

Name	Position	Significant other functions performed outside Belfius Bank
Georges Hübner.....	Member of the Board of Directors of Belfius Bank (Independent Director)	Full Professor at HEC Management School of the University of Liège and Associated Professor at the University of Maastricht, School of Business and Economics, Limburg Institute of Financial Economics
Chris Sunt.....	Member of the Board of Directors of Belfius Bank	Lawyer
Lutgart Van Den Berghe	Member of the Board of Directors of Belfius Bank (Independent Director)	Executive Director at Guberna and Extraordinary Professor at the Vlerick Business School
Rudi Vander Vennet.....	Member of the Board of Directors of Belfius Bank (Independent Director)	Full Professor in Financial Economics and Banking at the University of Ghent (UG)

There are no potential conflicts of interest between any duties to Belfius Bank of the members of the board of directors and their private interests and other duties.

8.7.1.2. Advisory committees set up by the board of directors

The Board of Directors of Belfius Bank established various advisory committees to assist in its task, i.e. a Nomination Committee, a Remuneration Committee, an Audit Committee and a Risk Committee. These committees are exclusively composed of Non-Executive Directors. At least one member of each advisory committee is independent within the meaning of Article 526ter of the Companies Code. The members of these advisory committees sit at a maximum in two of these committees.

There are no potential conflicts of interest between any duties to Belfius Bank of the members of any of the following advisory committees and their private interests and other duties.

A. Nomination committee

As of the date of the Base Prospectus, the Nomination Committee of Belfius Bank has the following membership:

Name	Position
Lutgart Van Den Berghe	Chairman – Director of Belfius Bank
Jozef Clijsters	Member - Chairman of the Board of Directors of Belfius Bank
Carine Dautrelepon.....	Member - Director of Belfius Bank

The members of the Nomination Committee have the required skills, on the basis of their education and professional experience, to give a competent and independent judgment on the composition and operation of the bank's management bodies, in particular on the individual and collective skills of their members and their integrity, reputation, independence of spirit and availability.

The Nomination Committee:

- identifies and recommends, for approval of the Shareholders Meeting or of the Board of Directors as the case may be, candidates suited to filling vacancies on the Board of Directors, evaluates the balance of knowledge,

skills, diversity and experience within the Board of Directors, prepares a description of the roles and capabilities for a particular appointment and assesses the time commitment expected.

- decides on a target for the representation of the underrepresented gender within the Board of Directors and prepares a policy on how to increase the number of underrepresented gender in order to meet that target.
 - periodically, and at least annually, assesses the structure, size, composition and performance of the Board of Directors and makes recommendations to it with regard to any changes;
 - periodically, and at least annually, assesses the knowledge, skills, experience, degree of involvement and in particular the attendance of members of the Board of Directors and advisory committees, both individually and collectively, and reports to the Board of Directors;
 - periodically reviews the policies of the Board of Directors for selection and appointment of members of the Management Board, and makes recommendations to the Board of Directors;
 - prepares proposals for the appointment or mandate renewal as the case may be of directors, members of the Management Board, the Chairman of the Board of Directors and the Chairman of the Management Board;
 - assesses the aptitude of a director or a candidate director to meet the criteria set forth for being considered as an independent director;
 - examines questions relating to problems with the succession of directors and members of the Management Board;
 - establishes a general and specific profile for directors and members of the Management Board;
 - ensures the application of provisions with regard to corporate governance;
 - prepares proposals for amendments to the internal rules of the Board of Directors and the Management Board;
 - assess the governance memorandum each year and if necessary proposes amendments;
 - checks observance of corporate values; at least annually discusses and analyses the quantitative statement and qualitative analysis of communications regarding stress, burn-out and inappropriate behaviour at work and actions to be taken to remedy situations.

In performing its duties, the Nomination Committee ensures that decision-taking within the Board of Directors is not dominated by one person or a small group of persons, in a way which might be prejudicial to the interests of the bank as whole.

The Nomination Committee may use any type of resources that it considers to be appropriate to the performance of its task, including external advice, and receives appropriate funding to that end.

The Nomination Committee acts for both Belfius Bank and Belfius Insurance.

B. Remuneration committee

As of the date of the Base Prospectus, the Remuneration Committee of Belfius Bank has the following membership:

Name	Position
Lutgart Van Den Berghe	Chairman - Director of Belfius Bank
Jozef Clijsters	Member - Chairman of the Board of Directors of Belfius Bank
Carine Doutrelepoint	Member - Director of Belfius Bank

The members of the Remuneration Committee have the required skills, on the basis of their education and professional experience, to give a competent and independent judgment on remuneration policies and practices and on the incentives created for managing risks, capital and liquidity of the bank. In order to perform its tasks, since 2014 the Remuneration Committee has interacted regularly with the Risk Committee and the Audit Committee.

The Risk Committee ensures that the Belfius group's risk management, capital requirements and liquidity position, as well as the probability and the spread in time of profits are correctly taken into consideration in decisions relating to remuneration policy.

The Audit Committee contributes to the establishment of objectives for the independent control function of the Auditor General.

The Remuneration Committee prepares the decisions of the Board of Directors by inter alia:

- developing the remuneration policy, as well as making practical remuneration for the chairman, the non-executive members of the Board of Directors and the members of the advisory committees under the Board of Directors. The Board of Directors submits these remuneration proposals to the General Meeting for approval.
- developing the remuneration policy as well as making practical proposals for the remuneration of the chairman of the Management Board and, at his proposal, the remuneration of the members of the Management Board. The Board of Directors then determines the remuneration of the chairman and the members of the Management Board.
- providing advice about the proposals made by the chairman of the Management Board of Belfius Bank in relation to the severance remuneration for members of the Belfius Bank Management Board. On the proposal of the remuneration committee, the Board of Directors of Belfius Bank determines the severance remuneration of the chairman and members of the Belfius Bank Management Board.
- advising the Board of Directors in relation to the remuneration policy for employees whose activity has a material effect on the risk profile of the Belfius Group (known as "Identified Staff") and in relation to the compliance of the allocation of remuneration to Identified Staff with regard to the remuneration policy put in place for such people.
- developing the remuneration policy and objectives of the individuals responsible for the independent audit functions.
- preparing the remuneration report approved by the Board of Directors and published in the annual report.
- periodically checking to ensure that the remuneration programmes are achieving their objective and are in line with applicable conditions.
- annually assessing the performance and objectives of the members of the Management Board.
- providing an opinion of the elaboration of a global "Risk Gateway" in consultation with the Risk Committee, containing various levers applied at various points in the performance management cycle with an impact on determination of the variable remuneration

The Remuneration Committee exercises direct supervision over the determination of objectives and remuneration of the individuals responsible for the independent control functions (Chief Risk Officer, General Auditor & the Compliance Officer).

The Remuneration Committee acts for both Belfius Bank and Belfius Insurance.

C. Audit committee

As at the date of the Base Prospectus, the Audit Committee of Belfius Bank has the following membership:

Name	Position
	Chairman
Georges Hübner	Director of Belfius Bank
	Member
Chris Sunt	Director of Belfius Bank

The Audit Committee has at least one independent director with the individual expertise required in accountancy and/or audit and has collective expertise in the fields of banking as well as accountancy and audit.

The Audit Committee assists the Board of Directors in its task of carrying out prudential controls and exercising general supervision. The Audit Committee of Belfius Bank operates independently of the Audit Committee implemented at Belfius Insurance. However, the respective Audit Committees of Belfius Bank and Belfius Insurance meet jointly at least once a year. Additional joint meetings may be held at the request of the Chairman of the Audit Committee of Belfius Bank.

D. Risk Committee

As at the date of the Base Prospectus, the Risk Committee has the following membership:

Name	Position
Rudi Vander Vennet.....	Chairman
	Director of Belfius Bank
Georges Hübner	Member
	Director of Belfius Bank
Chris Sunt	Member
	Director of Belfius Bank

The members of the Risk Committee have the individual expertise and professional experience required to define the strategy regarding risk and the level of risk appetite of the bank.

The Risk Committee has advisory powers and responsibilities with regard to the Board of Directors in the following areas:

- appetite and strategy regarding the bank's current and future risks, more particularly the effectiveness of the risk management function and the governance structure to support them;
- monitoring implementation of risk appetite and strategy by the Management Board;
- allocating the risk appetite to various categories of risks and defining the extent and limits of risk in order to manage and restrict major risks;
- considering the risks run by the bank with its customer tariffs.
- assessing activities which expose the bank to real risks;

- supervising requirements in terms of capital and liquidity, the capital base and the bank's liquidity situation;
- the guarantee that risks are proportional to the bank's capital;
- formulating an opinion with regard to major transactions and new proposals for strategy activities that have a significant impact on the bank's risk appetite;
- obtaining information and analysing management reports as to the extent and nature of the risks facing the bank; and
- monitoring the Internal Capital Adequacy Assessment Process (ICAAP) and the Recovery Plan.

The Risk Committee of Belfius Bank operates independently of the Risk and Underwriting Committee of Belfius Insurance. On the request of the Chairman of the bank's committee, a joint Risk Committee of Belfius Bank and Belfius Insurance may be held. To promote sound remuneration policy and practices, subject to the tasks of the Nomination Committee and the Remuneration Committee, the Risk Committee examines whether incentives in the remuneration system take proper account of the institution's risk management, equity requirements and liquidity position, as well as the probability and distribution of profit over time.

The Risk Committee and the Audit Committee periodically exchange information in particular concerning the quarterly risk report, the specific report on operational risks, the effective management report on the assessment of internal control and the risk analyses performed by the Legal, Compliance and Audit departments. The aim of this exchange of information is to enable the two committees to perform their tasks properly and to take the form of a joint meeting.

8.7.1.3. Selected Financial Information

Audited Consolidated Financial Statements of Belfius Bank

Belfius Bank's Audited Consolidated Balance Sheet

	Note	31 December 2014	31 December 2015

(1) In order to align the presentation of the bank levies to 2015 classification, the levies related to the deposit guarantee scheme were in 2014 consolidated statement of income reclassified from “interest expense” to “other expense”.

(2) Certain line items were aggregated in 2014 and have been detailed further in 2015 to facilitate the reading of the statement of income.

9. TERMS AND CONDITIONS OF THE NOTES

(Annex V.4 of Regulation (EC) 809/2004)

The following is the text of the terms and conditions (the “Terms and Conditions”, each chapter or subchapter individually referred to as “Condition”) of the Notes, subject to completion and amendment and as supplemented or varied in accordance with the relevant provisions of the Final Terms. In the event of any inconsistency between the provisions of the Final Terms and the other provisions of this Programme, the Final Terms will prevail. All capitalised terms that are not defined in these Terms and Conditions will have the meanings given to them in the relevant Final Terms.

References in the Terms and Conditions to the Notes are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

Bearer Notes are issued under an agency agreement dated 27 September 2016 (as amended or supplemented as at the date of issue of the Notes (the “Issue Date”), referred to as the “Agency Agreement”, see Annex 5), between Belfius Financing Company as Issuer, Belfius Bank and Banque Internationale à Luxembourg, when relevant.

The Notes will be issued in series (each a “Series”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “Tranche”) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche will be identical to the terms of other Tranche of the same Series) will be set out in the Final Terms.

To the extent applicable, the Issuer and the Calculation Agent undertakes to comply with Book VI of the Belgian Code of Economic Law in respect of Notes issued under the Programme and placed in the framework of a public offer in Belgium. For this purpose, a public offer has the meaning set forth in Article 3 of the Belgian Act of 16 June 2006 on the public offer of investment instruments and the admission to trading of investment instruments on a regulated market.

In accordance with Articles VI.82 to VI.84 of the Belgian Code of Economic Law, the Issuer or the Calculation Agent may only make a unilateral modification of a product if those three cumulative conditions are met:

- (i) it is limited to events of force majeure or other events which significantly modify the economy of the contract and for which the Issuer is not responsible;
- (ii) the modification itself is not significant, so that it does not create an imbalance between the rights and obligations of the parties, to the detriment of the Noteholders. The Issuer must take all measures and make every effort to continue the product under similar circumstances; and
- (iii) no costs are charged to the Noteholder.

Furthermore, the redemption features provided by section 9.5.3 (“Redemption at the option of the Issuer”) of the Prospectus, which will be further specified in the Final Terms of each Series, are deemed to be the principal object of the contract within the meaning of Article VI.82 of the Belgian Code of Economic Law. The other early redemption features of the Notes provided by this Chapter 9 (as described under sections 9.7.2.2 *Market Disruption*, 9.7.2.3 *Potential Adjustment Events*, 9.7.2.4 *Extraordinary Events*, 9.7.3.1 *Terms applicable irrespective of whether an Index is Multiple Exchange or not*, 9.7.3.2 *Terms applicable to an Index that is not Multiple Exchange*, 9.7.3.3 *Terms applicable to an Index that is Multiple Exchange*, 9.7.4.2 *Potential Adjustment*

Events, 9.7.4.3 *Extraordinary Events*, 9.7.5.2 *Market Disruption*, 9.7.6.2 *Commodity Index Event*, and 9.7.7.2 *Events affecting the Index*) are only possible (i) as a consequence of events of force majeure or other events which significantly modify the economy of the Note and for which the Issuer is not responsible (ii), except in the case of force majeure, the Issuer is required to indemnify the Noteholder for the loss suffered by the Noteholder because of the early redemption; (iii) no costs are charged to the noteholder and (iv) no deduction of any costs whatsoever is allowed and a pro rata refund of the costs already borne by the investor (in the proportion (total initial term minus elapsed period)/total initial term), must be provided for. The Terms and Conditions allow for the Substitution of the Issuer provided that the conditions listed in section 9.16 are met.

In the case of a Note without capital protection, the Issuer shall pay in accordance with the indemnification-principle laid down in article VI.83. 10° CEL, at least the Fair Market Value of the Note. **Fair Market Value** means the valuation using (i) the most relevant available market data or market quotation, or, (ii) if no such relevant data or quotation may be found at the relevant time, a valuation mathematical model generally accepted in the financial sector;

In the case of a capital protected or guaranteed Note, the Issuer opts for the monetization of the relevant Notes. **Monetization** means that the underlying financial structure (derivative component) of a capital protected or guaranteed Note will be unwound at its market value and added to the bond component. The Fair Market Value of the Note, consisting of the Fair Market Value of both the bond and the derivative component, will be capitalized at least up to the protected or guaranteed level. In case of such monetization of the Note, the Noteholders will always have the right, as an alternative to the monetization, to sell the Note to the Issuer or to an agent appointed by the Issuer at market value. In any case of early redemption (for capital protected Notes as well as for Notes without capital protection), no deduction of any costs will be applied and the costs already borne by the Noteholders will be refunded pro rata temporis to the Noteholders.

9.1. Form, Denomination and Title

The Denomination of the Notes will be at least EUR 1,000. Certain Belfius Financing Company Notes are issued in bearer form (“Bearer Notes”)¹³ in the Denominations specified in the relevant Final Terms. These Belfius Financing Company Notes will be represented by a Permanent Global Note, deposited with BIL as common depositary for Euroclear and Clearstream Luxembourg and will not be exchangeable for definitive notes, unless specified otherwise in the relevant Final Terms.

The Belfius Bank Notes and certain Belfius Financing Company Notes are issued in dematerialised form (“Dematerialised Notes”) in the Denomination(s) specified in the relevant Final Terms.

Dematerialised Notes are issued in dematerialised form via a book-entry system maintained in the records of the National Bank of Belgium (“BNB”) as operator of the BNB System in accordance with Article 468 and following of the Belgian Code of Companies and will be credited to the accounts held with the BNB System by Belfius Bank, Euroclear Bank SA/NV (“Euroclear”), Clearstream Banking SA (“Clearstream, Luxembourg”) or other BNB System participants for credit by Belfius Bank, Euroclear, Clearstream, Luxembourg or other BNB System participants to the securities accounts of their subscribers.

Transfer of Dematerialised Notes will be effected only through records maintained by the BNB System, Belfius Bank, Euroclear and Clearstream, Luxembourg or other BNB System participants and in accordance with the applicable procedures of the BNB System, Euroclear and Clearstream, Luxembourg or other BNB System participants.

The Notes will not be physically delivered. They will be held in a securities account.

¹³ Belfius Financing Company Notes may be issued in Bearer form or in Dematerialized form

Title to the Belfius Financing Company Notes that are not issued in dematerialised form shall pass by transfer to or from the securities account. In these Terms and Conditions, the “Noteholder” means the person who has the Notes on his or her securities account.

9.2. Pay Offs

Introduction

The pay-offs allowed in the Note Issuance Program can be divided into 6 main categories in function of the calculation and payment of Interest (periodic or not), the calculation methodology of the amount paid at redemption of the Notes (the “Redemption Amount”) (one calculation and payment at maturity, or a sum of periodic calculation paid at maturity) and the settlement of the Redemption Amount (cash or physical). These categories are:

- A. Structures with a periodic payment;
- B. Structures with one payment at maturity with cap;
- C. Structures with one payment at maturity without cap;
- D. Structures with a sum of periodic calculations and payment at maturity;
- E. Structures with a periodic payment and physical settlement.
- F. Structures with an amortizing redemption.

The formulas proposed below try to be general formulas meant to be used for a lot of different types of products. In accordance with the Prospectus Regulation, the Issuer can decide not to use some components of the formula by setting these components on 0 or 1 or not applicable. The Final Terms will specify which formula(s) will be used for a specific product issued and which specific parameters go into the formula. If a component of the formula is 0 or 1 or not applicable, and the respective component is not used for a specific issue of Notes, it is possible to render the formula in the Final Terms without the unapplied component(s).

A. Structures with a periodic payment

The first category includes the products generating a periodic payment of Interest (fixed or variable) (the “Periodic Payment”) and a Redemption Amount which can be equal or not to 100% of the capital invested less fees.

Definition

The Periodic Payments can be calculated applying the next formula(s) [for n periods]:

$$\text{Formula } i = (\text{Participation Rate}_i \times \max(X\%, \min(\text{Performance}_i, Y\%)) + \text{Bonus}_i)$$

The Redemption Amount at Maturity (period n) can be calculated applying the next formula:

$$\text{Formulal } i = \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%, \min(\text{Performance}_i, Y\%)) + \text{Bonus}_i)]$$

The Final Terms will specify the parameters (Participation Rate, X%, Y%) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) How many periods (n) will be used and what formula relates to what period.
- 2) Which underlying (the “Underlying”) will be used to calculate the Performance (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds) (as defined in the Final Terms).
- 3) Which sub formula will apply to calculate the Performance. This Performance can be:
 - a) a single fixing
 - b) a difference between 2 Underlyings : $\text{Underlying}_1 - \text{Underlying}_2$
 - c) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price} - \text{Final Price}}$, with or without reset of the Initial Price
 - d) $\frac{\text{Initial Price}}{\text{Final Price} - \text{Initial Price}}$, with or without reset of the Initial Price
 - e) $\frac{\text{Final Price}}{\text{Initial Price} - \text{Final Price}}$, with or without reset of Initial Price
 - f) $\frac{\text{Final Price}}{\text{Initial Price} - \text{Final Price}}$, with or without reset of Initial Price
 - g) $\frac{\text{Final Price}}{\text{Initial Price}}$
 - h) $\sum_{j=1}^Y w_{i,j} \times \max\left(U\%, \min\left(\left(\frac{\text{Final Price}_j - \text{Initial Price}_j}{\text{Initial Price}_j}\right), Z\%\right)\right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 4) If the structure can be called either by the Issuer at certain dates, or when the Underlying reaches a certain level at a certain date or during a certain period.
- 5) If the value of some parameters depends on the level of the Underlying at a certain date or during a certain period (=condition).
- 6) How the Bonus_i is defined. The Bonus_i can be
 - a. a fixed rate
 - b. a fixed rate subject to a condition on the Underlying
 - c. a rate which is the result of a formula such as the formulas above.
 - d. A rate which is the result of a sum of formulas such as the formulas above.
- 7) What the Participation Rate will be.
- 8) What the floor X% will be.
- 9) What the cap Y% will be.
- 10) What daycount convention has to be applied.

Examples

1. Collared Floater (5 years, payment every 3 months)

Definition:

In a Collared Floater, the Noteholder receives periodically a variable interest rate (linked to an Underlying). This rate is capped at a certain percentage (Y%) and floored at another level (X%). The Noteholder receives 100% of his invested capital at Maturity.

Product:

Periodic payments :

1. Periods: 20
2. Underlying: Euribor3months
3. Performance will be a single fixing (subformula 3.a) is applicable). Fixing in advance (2 Business Days before start of the Interest Period)
4. Not applicable
5. Not applicable
6. Bonus = 0%
7. Participation Rate = 100%
8. X% = 2.20% (annualized)
9. Y% = 5.00% (annualized)
10. Daycount: act/360, mod fol, adjusted

The formula for the Periodic Payments will be

$$\begin{aligned} & (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i) \\ & = (100\% \times \max(2.20\%, \min(Performance, 5.00\%)) + 0\%) \end{aligned}$$

Redemption Amount :

1. Not Applicable
2. Underlying: Euribor3months
3. Single fixing 2 Business Days before start of the Interest Period (subformula 3.a) is applicable).
4. Not applicable
5. Not applicable
6. Bonus = 0%
7. Participation Rate = 0%
8. X% = 0%
9. Y% = 0%
10. No Daycount

The formula for the Redemption Amount will be

$$\begin{aligned} & Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)] \\ & = Denomination + [Denomination \times (0\% \times \max(0\%, \min(Performance_i, 0\%)) + 0\%)] \\ & = Denomination \end{aligned}$$

2. Target Memory Autocall

Definition:

In a Target Memory Autocall, there is no right to receive 100% of the invested capital less fees at Maturity.

-> If, on an Interest Payment Date, the Underlying (typically an index) has lost more than a certain percentage of its initial value (for example -30%), no Interests are paid and the Interests (for example, 7.50%) are recorded in the Memory which starts at zero.

-> If the Underlying has not lost more than a certain percentage of its initial value (for example, -30%), the Interests and the memory are paid.

-> If the Underlying is above a predefined level (typically its initial value), the Interests and the memory are paid and the Note is redeemed at par (autocallable).

At Maturity, if the Underlying is below a third predefined level (for example, -50%), the Redemption Amount is linked to the evolution of the Underlying, which means that investors will receive less than the invested capital, less fees. Otherwise, the Note is redeemed at par

Product:

Periodic payments (i = 1 to 4) :

1. Periods: 5
2. Underlying: SX5E
3. Performance will be $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (Subdivision 3.c) is applicable), no reset for the Initial Price
4. Callable is applicable (Subdivision 4) is applicable) if Performance: $\geq 0\%$

5. Condition is applicable (Subdivision 5))
6. Bonus: $= - \sum_{w=1}^{i-1} Formula_w$ if Performance_i ≥ -30%
 $= 0\%$ if Performance_i < -30%
7. Participation Rate $=$ period i (i = 1 to 4) if Performance_i ≥ -30
 $= 0\%$ if Performance_i < -30%
8. X% $= 7.50\%$ if Performance_i ≥ -30%
 $= 0\%$ if Performance_i < -30%
9. Y% $= 7.50\%$ if Performance_i ≥ -30%
 $= 0\%$ if Performance_i < -30%
10. Daycount: 30/360, following, unadjusted

➡ If Performance_i ≥ -30% and < 0%

The formula for the Periodic Payments will be

$$(Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)$$

$$= (i \times \max(7.50\%, \min(Performance, 7.50\%))) - \sum_{w=1}^{i-1} Formula_w$$

➡ $= (i \times (7.50\%)) - \sum_{w=1}^{i-1} Formula_w$ If Performance_i < -30%,

Formula for the Periodic Payments will be

$$(Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)$$

$$= (0\% \times \max(0\%, \min(Performance, 0\%))) + 0\% = 0$$

➡ If Performance_i ≥ 0%, then the transaction terminates automatically (autocallable).

Formula for Redemption Amount will be:

$$Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)]$$

$$= Denomination + \left[Denomination \times \left(i \times \max(7.50\%_i, \min(Performance_i, 7.50\%_i)) - \sum_{w=1}^{i-1} Formula_w \right) \right]$$

$$= Denomination + \left[Denomination \times \left(i \times 7.50\% - \sum_{w=1}^{i-1} Formula_w \right) \right]$$

Redemption Amount:

1. Periods: 5
2. Underlying: SX5E
3. Performance will be $\frac{Final Price - Initial Price}{Initial Price}$ (Subdivision 3.c) is applicable), no reset for the Initial Price
4. Call is activated if Performance_i ≥ 0%
5. Conditions are activated
6. Bonus_i $= - \sum_{w=1}^{i-1} Formula_w$ if Performance_i ≥ -30%; $= 0\%$ if Performance_i < -30%
7. Participation Rate = 5 if Performance_i ≥ -30%; $= 0\%$ if Performance_i < -30% and ≥ -50%; $= 100\%$ if Performance_i < -50%

8. $X\% = 7.50\%$ if $\text{Performance}_i \geq -30\%$; $= 0\%$ if $\text{Performance}_i < -30\%$ and $\geq -50\%$; $= -100\%$ if $\text{Performance}_i < -50\%$
9. $Y\% = 7.50\%$ if $\text{Performance}_i \geq -30\%$; $= 0\%$ if $\text{Performance}_i < -30\%$ and $\geq -50\%$; $= 100\%$ if $\text{Performance}_i < -50\%$
10. Daycount: 30/360, following, unadjusted

→ If $\text{Performance}_i \geq -30\%$ and $< 0\%$, then Formula_i will be:

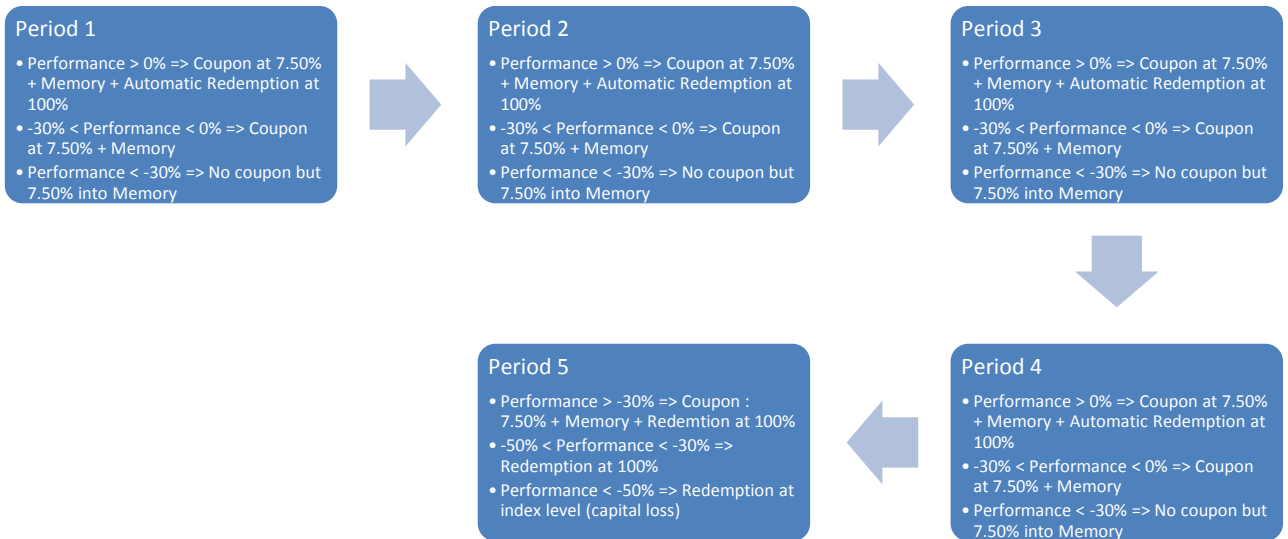

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ &= \text{Denomination} + \text{Denomination} \times [(5 \times \max(7.50\%, \min(\text{Performance}_i, 7.50\%))) - \sum_{w=1}^{i-1} \text{Formula}_w] \\ &= \text{Denomination} + \left[\text{Denomination} \times \left(i \times 7.50\% - \sum_{w=1}^{i-1} \text{Formula}_w \right) \right] \end{aligned}$$

→ If $\text{Performance}_i < -30\%$ and $\geq -50\%$, then Formula_i will be:

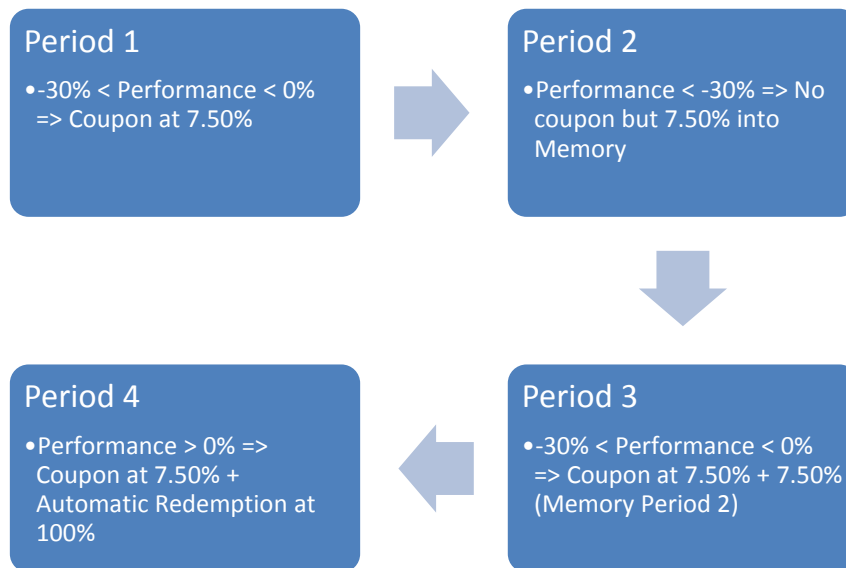

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ &= \text{Denomination} + [\text{Denomination} \times (0\% \times \max(0\%, \min(\text{Performance}_i, 0\%)) + 0\%)] \\ &= \text{Denomination} \end{aligned}$$

→ If $\text{Performance}_i < -50\%$, then Formula_i will be :

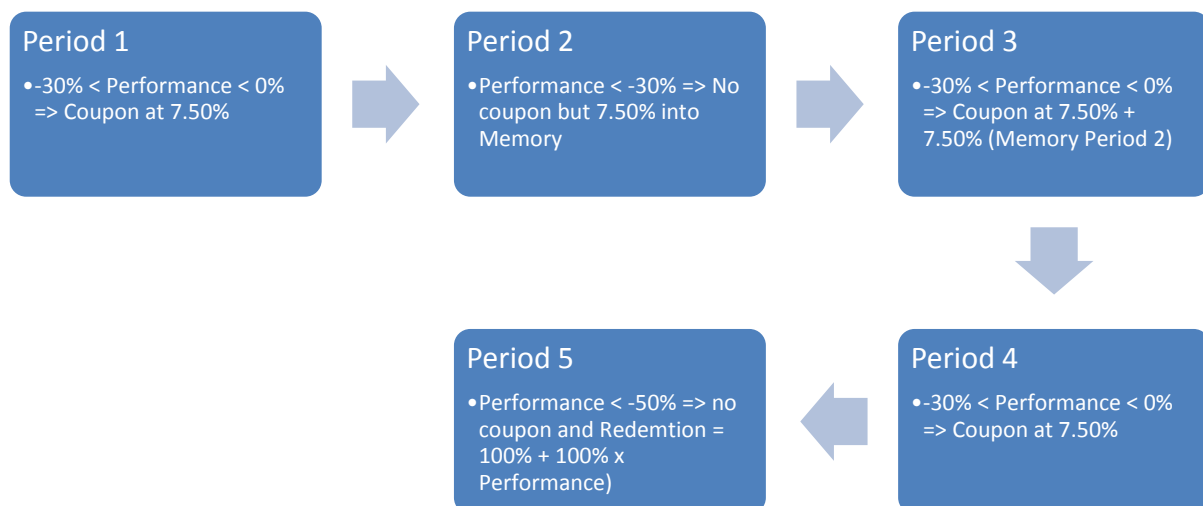

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ &= \text{Denomination} + [\text{Denomination} \times (100\% \times \max(-100\%, \min(\text{Performance}_i, 100\%)) + 0\%)] \end{aligned}$$

Optimistic Scenario

Pessimistic Scenario

3. Light Reverse

Definition:

In a Light Reverse, one single barrier needs to be observed at Maturity. There is no right to receive 100% of the invested capital less fees at maturity

The Noteholder receives periodically (typically every year) a fixed Interest rate (for example 5.50%).

At Maturity, the Noteholder receives 100% of its investment if the Underlying (typically an Index) has not lost more than a pre-defined percentage (for example -40%) of its initial value. Otherwise the index performance is paid and there is a loss of capital.

Product:

Periodic payments:

1. Periods: 5
2. Underlying: SX5E
3. Performance is $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (Subdivision 3.c) is applicable), no Reset for the Initial Price

4. Not applicable
5. Not applicable
6. Bonus = 5.50%
7. Participation Rate = 100%
8. X% = 0%
9. Y% = 0%
10. Daycount: 30/360, unadjusted, following

The formula for the Periodic Payments will be

$$\begin{aligned} & (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i) \\ & = (0\% \times \max(0\%, \min(Performance, 0\%)) + 5.50\%) = 5.50\% \end{aligned}$$

Redemption Amount :

1. Periods: Not Applicable
2. Underlying: Eurostoxx 50 (SX5E)
3. Performance is $\frac{Final Price - Initial Price}{Initial Price}$ (Subdivision 3.c) is applicable), no Reset for the Initial Price
4. Not applicable
5. Digitals are activated (Subdivision 5) is applicable)
6. Bonus = 0%
7. Participation Rate = 0% if Performance \geq -40%;
100% if Performance $<$ -40%.
8. X% = 0% if Performance \geq -40%;
-100% if Performance $<$ -40%.
9. Y% = 0% if Performance \geq -40%;
100% if Performance $<$ -40%.
10. Daycount: 30/360, unadjusted, following

➡ If Performance \geq -40%, then formula for the Redemption Amount will be

$$\begin{aligned} & Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)] \\ & = Denomination + [Denomination \times (0\% \times \max(0\%, \min(Performance_i, 0\%)) + 0\%)] \\ & = Denomination \end{aligned}$$

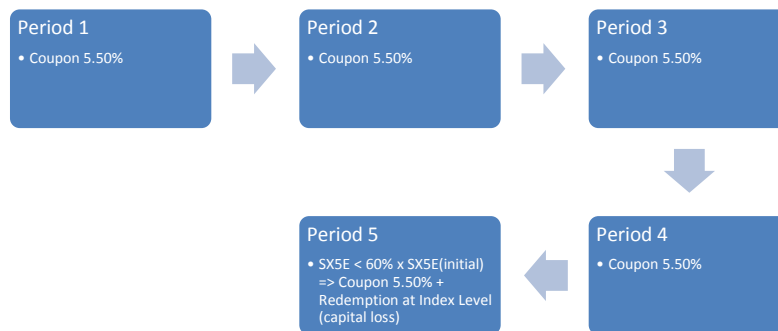

➡ If Performance $<$ -40%, then formula for the Redemption Amount will be

$$\begin{aligned} & Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)] \\ & = Denomination + [Denomination \times (100\% \times \max(-100\%, \min(Performance_i, 100\%)) + 0\%)] \\ & = Denomination + [Denomination \times Performance_i] \end{aligned}$$

Optimistic Scenario

Pessimistic Scenario

B. Structures with one payment at maturity with cap

The second category includes the products which do not generate any Periodic Payments but one global payment at Maturity. This last payment can be fixed (in a so-called “zero coupon product”) or variable. The formulas as stipulated below will specify if the Note have a Redemption Amount at 100% of the capital invested less fees or not.

Definition

The Variable Linked Redemption Amount can be constituted out of the next formula(s):

$$\text{Formula } i = \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)]$$

The Final Terms will specify the parameters (Participation Rate, X%, Y%) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) Which Underlying will be used to calculate the Performance (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds).
- 2) Which sub formula will apply to calculate the Performance. This Performance can be:
 - a) a single fixing
 - b) a difference between 2 Underlyings : $\text{Underlying}_1 - \text{Underlying}_2$
 - c) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - d) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - e) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Final Price}}$, with or without reset of Initial Price
 - f) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of Initial Price
 - g) $\frac{\text{Final Price}}{\text{Initial Price}}$
 - h) $\sum_{j=1}^Y w_{i,j} \times \max\left(U\%, \min\left(\left(\frac{\text{Final Price}_j - \text{Initial Price}_j}{\text{Initial Price}_j}\right), Z\%\right)\right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 3) If the structure can be called either by the Issuer at certain dates, or when the Underlying reaches a certain level at a certain date or during a certain period.
- 4) If the value of some parameters depends on the level of the underlying at a certain date or during a certain period (=condition).
- 5) How the Bonus_i is defined. The Bonus_i can be:
 - a. a fixed rate
 - b. a fixed rate subject to a condition on the Underlying
 - c. a rate which is the result of a formula such as the formulas above.
 - d. a rate which is the result of a sum of Formulas such as the Formulas above..
- 6) What the Participation Rate will be.
- 7) What the floor X% will be.
- 8) What the cap Y% will be.
- 9) What daycount convention has to be applied.

Examples

1. Call spread

Definition:

In a Call spread, there is no Periodic Payment. At Maturity, the Redemption Amount will be equal to 100% of the capital invested less fees plus any positive evolution of the Underlying capped at a defined level.

Product:

Redemption Amount :

1. Underlying : Eurostoxx 50 (SX5E)
2. Performance is $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (Subdivision 2.c) is applicable) where Initial Price is closing level of Index observed at 24/09/2012 and Final Price is arithmetic average of the closing levels observed at 10/09/2017, 11/09/2017 and 12/09/2017.
3. Not applicable
4. Not applicable
5. Bonus = 0%
6. Participation Rate = 100%
7. X% = 0%
8. Y% = 45%
9. No daycount

The formula for the Redemption Amount will be

$$\text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)]$$

$$\text{Denomination} + [\text{Denomination} \times (100\% \times \max(0\%, \min(\text{Performance}, 45\%)) + 0\%)] =$$

Optimistic Scenario

$$\text{Performance} = 30\% \Rightarrow \text{Denomination} + [\text{Denomination} \times (100\% \times \max(0\%, \min(30\%, 45\%)) + 0\%)] = 130\%$$

Pessimistic Scenario

$$\text{Performance} = -30\% \Rightarrow \text{Denomination} + [\text{Denomination} \times (100\% \times \max(0\%, \min(-30\%, 45\%)) + 0\%)] = 100\%$$

2. Digital on CMS

Definition:

The Digital on CMS product is the combination of a typical Zero Coupon bond (with a predefined interest payment at maturity) and a potential additional payment (the digital feature) if the Underlying (in this case the CMS rate) is above a certain level at maturity.

Product:

Redemption Amount :

1. Underlying : CMS10y
2. Performance is a single fixing ((Subdivision 2.a) is applicable)
3. Not applicable
4. Condition is applicable ((Subdivision 4) is applicable) -> at observation date, if CMS10y is at or above 2.10%
5. Bonus = 25.20 %
6. Participation Rate = 0% if CMS10y < 2.10%
100% if CMS10y ≥ 2.10%
7. X% = 0% if CMS10y < 2.10%
10.40 % if CMS10y ≥ 2.10%
8. Y% = 0% if CMS10y < 2.10%
10.40 % if CMS10y ≥ 2.10%
9. No daycount

→ If CMS10y < 2.10%, then

Formula for the Redemption Amount will be

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ & \text{Denomination} + [\text{Denomination} \times (0\% \times \max(0\%, \min(\text{Performance}_i, 0\%)) + 25.20\%)] \\ & = \text{Denomination} + [\text{Denomination} \times (25.20\%)] \end{aligned}$$

→ If CMS10y ≥ 2.10%, then

Formula for the Redemption Amount will be

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ & \text{Denomination} + [\text{Denomination} \times (100\% \times \max(10.40\%, \min(10.40\%)) + 25.20\%)] \\ & = \text{Denomination} + [\text{Denomination} \times (10.40\% + 25.20\%)] \end{aligned}$$

Period 1

- CMS10y < 2.10% =>
Redemption Price = 100% +
25.20% + 0%
- CMS10y > 2.10% => 100% +
25.20% + 10.40%

C. Structures with one payment at maturity without cap

The third category includes the Notes which do not generate any Periodic Payments but one global payment at Maturity. This last payment can be fixed (in a so-called “zero coupon product”) or variable. The formulas as stipulated below will specify if the product is with redemption at 100% of the capital invested less fees or not.

Definition

The Variable Linked Redemption Amount can be constituted out of the next formula(s):

$$\text{Formula } i = \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \text{Performance}_i) + \text{Bonus}_i)]$$

The Final Terms will specify the parameters (Participation Rate, X%) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) Which underlying will be used to calculate the Performance (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds).
- 2) Which sub formula will apply to calculate the Performance. This Performance can be:
 - a) a single fixing
 - b) a difference between 2 Underlyings : $\text{Underlying}_1 - \text{Underlying}_2$
 - c) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - d) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - e) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Final Price}}$, with or without reset of Initial Price
 - f) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Final Price}}$, with or without reset of Initial Price
 - g) $\frac{\text{Final Price}}{\text{Initial Price}}$
 - h) $\sum_{j=1}^Y w_{i,j} \times \max\left(U\%, \min\left(\left(\frac{\text{Final Price}_j - \text{Initial Price}_j}{\text{Initial Price}_j}\right), Z\%\right)\right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 3) If the structure can be called either by the Issuer at certain dates, or when the Underlying reaches a certain level at a certain date or during a certain period.
- 4) If the value of some parameters depends on the level of the underlying at a certain date or during a certain period (=condition).
- 5) How the Bonus_i is defined. The Bonus_i can be:
 - a. a fixed rate
 - b. a fixed rate subject to a condition on the Underlying
 - c. a rate which is the result of a Formula such as the Formulas above
 - d. A rate which is the result of a sum of Formulas such as the Formulas above.
- 6) What the Participation Rate will be.
- 7) What the floor X% will be.
- 8) What daycount convention has to be applied.

Examples

1. Optimal Performance

Definition:

In an Optimal Performance, there is no right to receive 100% of the invested capital less fees at Maturity. At Maturity, if the underlying (typically an equity index or equity share) is at or above its initial level, but below a defined threshold (for example 150%) investors receive 100 % of the invested capital plus a fixed amount (50% in this example).

If the Underlying is above this defined threshold of 150%, Noteholders will receive the performance of the Underlying.

If the Underlying is strictly below its initial level, Noteholders will receive 150 % of the performance. Below a certain level of the underlying, Noteholders will suffer a capital loss.

Product:

Redemption Amount :

1. Underlying: Eurostoxx 50 (SX5E)
2. Performance = $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ if Final Price is \geq Initial Price (Subdivision 2.c) is applicable), no Reset for the Initial Price
= $\frac{\text{Final Price}}{\text{Initial Price}}$ if Final Price is $<$ Initial Price (Subdivision 2.c) is applicable), no Reset for the Initial Price
3. Not applicable
4. Digitals are activated (Subdivision 4) is applicable)
5. Bonus = 0% if Final Price is \geq Initial Price
- 100% if Final Price is $<$ Initial Price
6. Participation Rate = 100% if Final Price is \geq Initial Price
150% if Final Price is $<$ Initial Price
7. X% = 50% if Final Price is \geq Initial Price
Not applicable if Final Price is $<$ Initial Price
8. Y% = not applicable
9. No daycount

➡ If Final Price is \geq Initial Price

Formula for the Redemption Amount will be

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ &= \text{Denomination} + [\text{Denomination} \times (100\% \times \max(50\%, \min(\text{Performance})) + 0\%)] \end{aligned}$$

➡ If Final Price is $<$ Initial Price then

Formula for the Redemption Amount will be

$$\begin{aligned} & \text{Denomination} + [\text{Denomination} \times (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)] \\ &= \text{Denomination} + [\text{Denomination} \times (150\% \times \max(\min(\text{Performance})) - 100\%)] \end{aligned}$$

Optimistic Scenario

Final Price = 135% x Initial Price =>

$$\text{Denomination} + [\text{Denomination} \times (100\% \times \max(50\%, \min(35\%))) + 0\%] = 150\%$$

Pessimistic Scenario

Final Price = 40% x Initial Price =>

$$\text{Denomination} + [\text{Denomination} \times (150\% \times \max(\min(80\%)) - 100\%)] = 90\%$$

2. Digital on CMS

Definition:

The Digital on CMS product is the combination of a classical zero coupon bond (with a predefined interest payment at Maturity) and a potential additional payment (the digital feature) if the underlying (in this case the CMS rate) is above a certain level at Maturity.

Product:

Redemption Amount :

1. Underlying: CMS10y
2. Performance is a single fixing ((Subdivision 2.a) is applicable)
3. Not applicable
4. Condition is applicable ((Subdivision 4) is applicable) -> at observation date, if CMS10y is at or above 2.10%
5. Bonus = 25.20 %
6. Participation Rate = 0% if CMS10y < 2.10%
100% if CMS10y ≥ 2.10%
7. X% = 0% if CMS10y < 2.10%
10.40 % if CMS10y ≥ 2.10%
8. Y% = 0% if CMS10y < 2.10%
10.40 % if CMS10y ≥ 2.10%
9. No daycount

➡ If CMS10y < 2.10%, then

The formula for the Redemption Amount will be

$$\begin{aligned}
& Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)] \\
& Denomination + [Denomination \times (0\% \times \max(0\%, \min(Performance_i, 0\%)) + 25.20\%)] \\
& = Denomination + [Denomination \times (25.20\%)]
\end{aligned}$$

➡ If CMS10y \geq 2.10%, then

The formula for the Redemption Amount will be

$$\begin{aligned}
& Denomination + [Denomination \times (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i)] \\
& Denomination + [Denomination \times (100\% \times \max(10.40\%, \min(10.40\%)) + 25.20\%)] \\
& = Denomination + [Denomination \times (10.40\% + 25.20\%)]
\end{aligned}$$

Period 1

- CMS10y < 2.10% =>
Redemption Price = 100% + 25.20% + 0%
- CMS10y > 2.10% => 100% + 25.20% + 10.40%

D. Structures with a sum of periodic calculation and payment at maturity

The fourth category includes the products which does not generate any Periodic Payments but one global payment at Maturity. This last payment can be seen as the sum of different periodical components.

The formulas as stipulated below will specify if the Note will have a Redemption Amount of 100% of the capital invested less fees or not.

Definition

The Variable Linked Redemption Amount can be constituted out of the next formula(s):

Formula i = Denomination +

$$\left[Denomination \times \max \left(V\%, \sum_{i=1}^n (Participation Rate_i \times \max(X\%_i, \min(Performance_i, Y\%_i)) + Bonus_i) \right) \right]$$

The Final Terms will specify the parameters (Participation Rate, X%, Y%) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) How many periods (n) will be used and what formula relates to what period
- 2) Which Underlying will be used to calculate the Performance (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds).
- 3) Which sub formula will apply to calculate the Performance. This Performance can be:
 - a) a single fixing
 - b) a difference between 2 Underlyings: Underlying₁ – Underlying₂
 - c) $\frac{Final Price - Initial Price}{Initial Price}$, with or without reset of the Initial Price
 - d) $\frac{Initial Price - Final Price}{Initial Price}$, with or without reset of the Initial Price
 - e) $\frac{Final Price - Initial Price}{Final Price}$, with or without reset of Initial Price
 - f) $\frac{Initial Price - Final Price}{Final Price}$, with or without reset of Initial Price
 - g) $\frac{Final Price}{Initial Price}$
 - h) $\sum_{j=1}^Y w_{i,j} \times \max \left(U\%, \min \left(\left(\frac{Final Price_j - Initial Price_j}{Initial Price_j} \right), Z\% \right) \right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 4) If the Note can be called either by the Issuer at certain dates, or when the Underlying reaches a certain level at a certain date or during a certain period.
- 5) If the value of some parameters depends on the level of the underlying at a certain date or during a certain period (=condition).
- 6) How the Bonus_i is defined. The Bonus_i can be:
 - a. a fixed rate
 - b. a fixed rate subject to a condition on the Underlying
 - c. a rate which is the result of a Formula such as the Formulas above.
 - d. A rate which is the result of a sum of Formulas such as the Formulas above.
- 7) What the Participation Rate will be.
- 8) What the floor X% will be.
- 9) What the cap Y% will be.
- 10) What the global floor of V% will be.
- 11) What daycount convention has to be applied.

Examples

1. Cliquet

Definition:

The Cliquet will pay at maturity the sum of the yearly performances of the Underlying, where yearly performances are floored at $X\%$ (for example, -3%) and capped at $Y\%$ (for example, 7%).

Global payout is floored at $V\%$ (for example, 0%) to have a right to receive 100% of the invested capital less fees at Maturity.

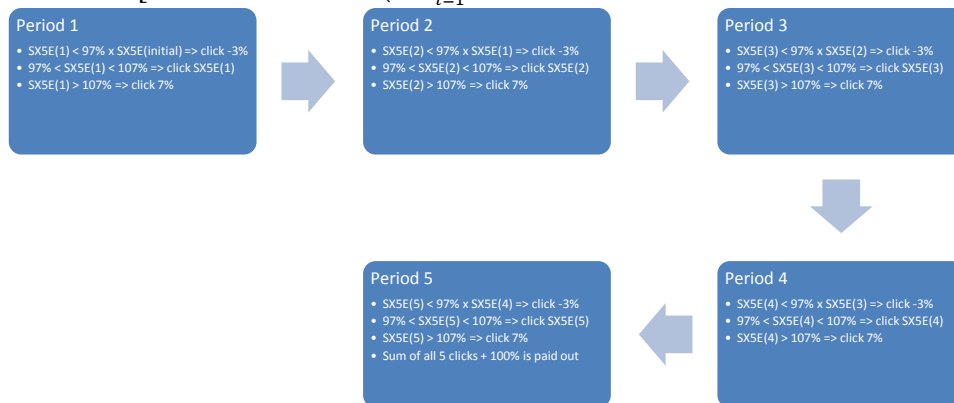

Product:

Redemption Amount :

1. Periods (n) : 5
2. Underlying : SX5E
3. Performance is $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (subformula 3.c)) with annual reset.
4. Not applicable
5. Not applicable
6. Bonus = 0%
7. Participation Rate = 100%
8. $X\% = -3\%$
9. $Y\% = 7\%$
10. $V\% = 0\%$
11. No daycount

The Variable Linked Redemption Amount is equal to :

$$\begin{aligned} & \text{Denomination} + \left[\text{Denomination} \right. \\ & \quad \times \max \left(V\%, \sum_{i=1}^n \left(\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i \right) \right) \left. \right] \\ &= \text{Denomination} + \left[\text{Denomination} \times \max \left(0\%, \sum_{i=1}^5 \left(100\% \times \max(-3\%, \min(\text{Performance}_i, 7\%)) + 0\% \right) \right) \right] \end{aligned}$$

E. Structures with periodic payments and physical settlement

Typically, this category refers to Notes called reverse convertible for which the Redemption Amount is not equal to 100% of the capital invested less fees and can be done in physical instruments (shares for instance) depending on the final value of these shares instead of cash.

Definition

The Periodic Payments can be constituted out of the next formula(s) (for n periods):

$$\text{Formula } i = (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i)$$

The Redemption Amount at the end of period n can be constituted out of the next formula's.

If the Performance is at or above a certain Barrier, the Redemption Amount is in cash at par.

If the Performance is below a certain Barrier, then physical settlement will apply.

Number of shares to be delivered

$$\frac{\text{Denomination}}{\text{Specified Denomination}} \times \left[\frac{\text{Specified Denomination}}{\text{Initial Price}} - \left(\text{Non - integer amount of } \frac{\text{Specified Denomination}}{\text{Initial Price}} \right) \right]$$

Fractional Share Amount

$$\frac{\text{Denomination}}{\text{Specified Denomination}} \times \text{Final Price} \times \left(\text{non - integer amount of } \frac{\text{Specified Denomination}}{\text{Initial Price}} \right)$$

These formulas stipulate how many shares will be delivered per Specified Denomination of the Notes. The number of shares has to be an integer amount. The non-integer amount will then be paid in cash (= Fractional Share Amount).

The Final Terms will specify the parameters (Participation Rate, X%, Y%) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) How many periods (n) will be used and what formula relates to what period.
- 2) Which underlying will be used to calculate the Performance (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds).
- 3) Which sub formula will apply to calculate the Performance. This Performance can be:
 - a) a single fixing
 - b) a difference between 2 Underlyings : $\text{Underlying}_1 - \text{Underlying}_2$
 - c) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - d) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
 - e) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Final Price}}$, with or without reset of Initial Price
 - f) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of Initial Price
 - g) $\frac{\text{Final Price}}{\text{Initial Price}}$
 - h) $\sum_{j=1}^Y w_{i,j} \times \max \left(U\%, \min \left(\left(\frac{\text{Final Price}_j - \text{Initial Price}_j}{\text{Initial Price}_j} \right), Z\% \right) \right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 4) If the structure can be called either by the Issuer at certain dates, or when the Underlying reaches a certain level at a certain date or during a certain period.
- 5) If the value of some parameters depends on the level of the underlying at a certain date or during a certain period (=condition).
- 6) How the Bonus_i is defined. The Bonus_i can be
 - a. a fixed rate
 - b. a fixed rate subject to a condition on the Underlying
 - c. a rate which is the result of a Formula such as the Formulas above.
 - d. a rate which is the result of a sum of Formulas such as the Formulas above.

- 7) What the Participation Rate will be.
- 8) What the floor X% will be.
- 9) What the cap Y% will be.
- 10) What daycount convention has to be applied.

Example

1. Reverse Convertible on Total shares

Definition:

The Reverse Convertible will pay a high fixed Interest Rate during the lifetime of the Note. The Redemption Amount will depend on the evolution of the Underlying. Is the Underlying at or above a certain barrier, the Redemption Amount will be at 100%. Is the Underlying below the barrier, the Redemption will be in a number of shares of the Underlying

Product:

Periodic payments:

1. Periods (n): 5
2. Underlying: Total
3. Performance is $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (subformula 3.c))
4. Not applicable
5. Not applicable
6. Bonus = 8 %
7. Participation Rate = 0%
8. X% = 0 %
9. Y% = 0%
10. Daycount: 30/360, unadjusted, following

$$\begin{aligned} & (\text{Participation Rate}_i \times \max(X\%_i, \min(\text{Performance}_i, Y\%_i)) + \text{Bonus}_i) \\ & = (0\% \times \max(0\%_i, \min(\text{Performance}_i, 0\%_i)) + 8\%) \end{aligned}$$

Variable Linked Redemption Amount:

1. Periods (n): 5
2. Underlying: Total
3. Performance is $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$ (subformula 3.c))
4. Not applicable
5. Applicable: Condition = 70% x Initial Price
6. Bonus = 8 %
7. Participation Rate = 0%
8. X% = 0 %
9. Y% = 0%
10. Daycount: 30/360, following, unadjusted

➡ If Final Price is at or above 70% of Initial Price, then 100%,

Denomination

➡ Otherwise number of shares (Subdivision 5) is applicable)

Number of shares to be delivered

$$\frac{\text{Denomination}}{\text{Specified Denomination}} \times \left[\frac{\text{Specified Denomination}}{\text{Initial Price}} - \left(\text{Non} - \text{integer amount of } \frac{\text{Specified Denomination}}{\text{Initial Price}} \right) \right]$$

Fractional Share Amount

$$\frac{\text{Denomination}}{\text{Specified Denomination}} \times \text{Final Price} \times \left(\text{non} - \text{integer amount of } \frac{\text{Specified Denomination}}{\text{Initial Price}} \right)$$

Optimistic scenario

Final Price > 70% x Initial Price, then Coupon of 8% + 100% Redemption

Pessimistic scenario

For instance, if Final Price of Total = 22.90, which is below 70% x 38.20 (Initial Price of Total), then

Per Specified Denomination of € 1000,

$$\left[\frac{1000}{38.20} - \left(\text{Non} - \text{integer amount of } \frac{1000}{38.20} \right) \right] = 26 \text{ shares of Total.}$$

And

$$22.90 \times \left(\text{non} - \text{integer amount of } \frac{1000}{38.20} \right) = 4.08 \text{ euro in cash}$$

F Structures with a periodic payment of interest and an amortizing redemption

Typically, this category refers to Notes generating a periodic payment of Interest (fixed or variable) (the “Periodic Payment”) and for which the Redemption Amount at maturity is not equal to 100% of the capital invested less fees but for which the Redemption will be made in parts during the life of the instrument (several Partial Redemption Dates).

Definition

The Periodic Payments of Interest can be calculated by applying the next formula(s) [for n periods]:

$$\text{Formula } i = \text{Denomination} * \text{Pool Factor}_i \times \text{Interest Rate}_i$$

The Redemption Amount_i on Redemption Date_i (for i = 1 to period n-1) can be calculated by applying the next formula:

$$\text{Formula } i = [\text{Denomination} \times (\text{Pool Factor}_i - \text{Pool Factor}_{i+1})]$$

Save for the period i = n for which the Redemption Amount_n on Redemption Date_n can be calculated by applying the next formula:

$$\text{Formula } n = [\text{Denomination} \times (\text{Pool Factor}_n)]$$

The Final Terms will specify the parameters (Pool Factor_i, Interest Rate_i, Redemption Amount_i, Redemption Date_i) of the specific issue (see introduction). The Final Terms will also specify if a combination of more than one of these formulas is used. The Final Terms will furthermore specify:

- 1) How many periods (n) will be used and what formula relates to what period.
- 2) In case of Floating Rate Notes, which underlying (the “Underlying”) will be used to calculate the Interest Rate_i (Rate, Share or Basket of Shares, Share Index or Basket of Share Indexes, Commodity Index or Basket of Commodity Indexes, Inflation Index, Fund or Basket of Funds) (as defined in the Final Terms).

In case of Fix Rate Note, the Interest Rate_i determined for each period.

- 3) Which sub formula will apply to calculate the Performance. This Performance can be:

- a) a single fixing
- b) a difference between 2 Underlyings : Underlying₁ – Underlying₂
- c) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
- d) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of the Initial Price
- e) $\frac{\text{Final Price} - \text{Initial Price}}{\text{Final Price}}$, with or without reset of Initial Price
- f) $\frac{\text{Initial Price} - \text{Final Price}}{\text{Initial Price}}$, with or without reset of Initial Price
- g) $\frac{\text{Final Price}}{\text{Initial Price}}$

- h) $\sum_{j=1}^Y w_{i,j} \times \max \left(U\%, \min \left(\left(\frac{\text{Final Price}_j - \text{Initial Price}_j}{\text{Initial Price}_j} \right), Z\% \right) \right)$, with or without reset of the Initial Price. W means the weight of the Underlying. Y can be the number of Underlyings, or can be the number of periods.

The Final Terms will also determine how the Final Price and Initial Price are defined. These can be 1 observation, an average of X observations, with a look-back feature (lowest/highest during a certain period).

- 4) The Partial Redemption Date(s)_i
- 5) What the Pool Factor_i will be.
- 6) What daycount convention has to be applied.

Example

1. Liquidity

Definition:

The Liquidity issue will pay a step up Interest Rate (1% the first year, 1% the second year, 1.10% the third year, 1.30% the fourth year, 1.60% the fifth year, 2% the sixth year) during the lifetime of the Notes. The Redemption Amount will be spread over time, with partial redemption of the invested capital (less fees) starting from year 3. The Interest Amount is paid on the outstanding nominal of the Notes, which means that we must apply a pool factor to the Denominations in order to compute the Interest Amount received on each Denomination. The cumulative Redemption Amounts will be at 100%.

Product:

Periodic payments of interest and capital:

1. Periods (n): 6

2. Interest Rates

i	Interest Rate _i
1	1%
2	1%
3	1.10%
4	1.30%
5	1.60%
6	2%

3. Not Applicable

4. Redemption Dates

i	Redemption Date _i
1	7 October 2015
2	7 October 2016
3	7 October 2017
4	7 October 2018
5	7 October 2019
6	7 October 2020

5. Pool Factor

i	Pool Factor _i
1	100%
2	100%
3	100%
4	75%
5	50%
6	25%

6. Daycount: ACT/ACT ICMA, unadjusted, following

9.3. Interest on the Notes

The interest to be paid on the Notes (the “Interest”) can be based on a fixed rate (“Fixed Rate”, such Notes to be referred to as “Fixed Rate Notes”), a floating rate (“Floating Rate”, such Notes referred to as “Floating Rate Notes”) or linked to any other variable, formula and/or underlying (“Variable Linked Rate”, such Notes to be referred to as “Variable Linked Rate Notes”) (Fixed Rate, Floating Rate and Variable Linked Rate are together referred to as “Interest Rate”). The Interest Rate is expressed as a percentage per annum.

The Notes can also be Zero Coupon Notes, in which case no Interest is paid periodically.

The Interest is calculated per Note for each Interest Period as the product of the Calculation Amount, the Interest Rate and the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms, in which case the Interest payable in respect of such Note for such Interest Period shall equal such Interest Amount.

Interest shall cease to accrue on each Note from the due date for redemption thereof unless payment of the principal thereof or delivery of the Redemption Amount (as defined below) to be delivered in respect thereof is improperly withheld or refused or unless default is otherwise made in respect of such payment. In such event, interest shall only cease to accrue from the date on which payment of such Redemption Amount in respect thereof is made or, if earlier and if applicable, from the seventh day after notice is given to the Noteholders in accordance with these Terms and Conditions that payment of the Redemption Amount will be made, provided that, upon such presentation, payment is in fact made.

9.3.1. Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate specified in the relevant Final Terms, such interest being payable in arrears on each Interest Payment Date.

9.3.2. Floating Rate Notes

Floating Rate Notes bear Interest at the Floating Rate specified in the relevant Final Terms, as fixed on the Interest Determination Date applicable to the relevant Interest Payment Date and payable in arrears. The Floating Rate will be determined by the Calculation Agent as the sum of the rate published on the Publication Source for the specified Designated Maturity and the Spread, all as specified in the relevant Final Terms.

If however a Maximum Rate is specified in the Final Terms and the Floating Rate (determined as described above) is equal to or higher than the Maximum Rate, the Floating Rate will be such Maximum Rate.

If however a Minimum Rate is specified in the Final Terms and the Floating Rate (determined as described above) is equal to or lower than the Minimum Rate, the Floating Rate will be such Minimum Rate.

9.3.3. Variable Linked Rate Notes

Variable Linked Rate Notes bear Interest at the Variable Linked Rate specified in the relevant Final Terms, as fixed in the way specified in the Final Terms, and payable in arrears. The Variable Linked Provisions below will apply.

9.3.4. Zero Coupon Notes

Zero Coupon Notes may be issued at their principal amount or at a discount to it, applying an Amortisation Yield, and will not bear Interest. Zero Coupon Notes that are also Bearer Notes may be subject to certain formalities on transfer under the laws of Luxembourg.

9.3.5. Payment of the Interest

Interest on the Notes will be payable in arrears on the applicable Interest Payment Date. The first payment of Interest will be on the first Interest Payment Date following the Issue Date. The last payment will be on the Maturity Date.

9.4. Definitions

“Averaging Dates”:

Means the dates specified as such in the relevant Final Terms.

If an Averaging Date in respect of the Underlying is not a Scheduled Trading Day, then, the Averaging Date for such Underlying shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Initial Averaging Date or Disrupted Day, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (1) that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of such Underlying and, (2) the Calculation Agent shall determine its good faith estimate of the value for the Underlying as of the Valuation Time on that Averaging Date

If an Averaging Date for the Underlying is affected by the occurrence of a Disrupted Day, then, the Averaging Date for such Underlying shall be the first succeeding Valid Date. If the first succeeding Valid Date in respect of such Underlying has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (1) that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of such Underlying and, (2) the Calculation Agent shall determine its good faith estimate of the value for the Underlying as of the Valuation Time on that Averaging Date

“Business Day”:

Regarding the Notes issued outside the X/N System, “**Business Day**” means:

a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place(s) and on the days specified for that purpose in the related Final Terms, a TARGET Settlement Day, if “TARGET”, “TARGET2” or “TARGET Settlement Day” is specified for that purpose in the related Final Terms or if place(s) and days, or such terms, are not so specified in the related Final Terms.

Regarding the Notes that will be issued through the X/N Clearing System (“X/N System”) of the National Bank of Belgium, “**Business Day**” means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and
- (ii) in the case of euro, (a) a day other than a Saturday or Sunday on which the NBB-SSS is operating and (b) a day on which banks and forex markets are open for general business in Belgium and (c) (if a payment in euro is to be made on that day), a day which is a business day for the TARGET2 System (a “**TARGET Business Day**”); and
- (iii) in the case of a currency other than euro and/or one or more business centres (the “**Business Centre(s)**”), as specified in the applicable Final Terms, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in each of the Business Centres.

“Business Day Convention”:	<p>means the convention for adjusting any relevant date if it would otherwise fall on a day that is not a Business Day. The following terms, when used in conjunction with the term “Business Day Convention” and a date, shall mean that an adjustment will be made if that date would otherwise fall on a day that is not a Business Day so that:</p> <ul style="list-style-type: none"> (i) if “Following” is specified, that date will be the first following day that is a Business Day; (ii) if “Modified Following” or “Modified” is specified, that date will be the first following day that is a Business Day unless that day falls in the next calendar month, in which case that date will be the first preceding day that is a Business Day; and (iii) if “Preceding” is specified, that date will be the first preceding day that is a Business Day. <p>In the event of Notes cleared to the X/N Clearing System, the Following Business Days Convention will always be applicable for Fixed Rate Notes (unless otherwise specified in the applicable Final Terms).</p>
“Calculation Agent”:	<p>means Belfius Bank, unless specified otherwise in the relevant Final Terms. Whenever the Calculation Agent is required to act or to exercise judgment in any way, it will do so in good faith and in a commercially reasonable manner. The Calculation Agent shall have no responsibility to Noteholders for good faith errors or omissions in its calculations (without limitation, errors or omissions due to events which are not under the direct control of the Calculation Agent) and determinations as provided in the Terms and Conditions, except for those resulting from the gross negligence or wilful misconduct of the Calculation Agent. (see 9.13 “Responsibility of the Calculation Agent” in the Base Prospectus).</p>
“Calculation Amount”:	<p>means the Denomination or such other Amount as specified in the applicable Final Terms</p>
“Day Count Fraction”:	<p>means, in respect of the Notes and the calculation of the Interest:</p> <ul style="list-style-type: none"> (i) if “1/1” is specified or nothing is specified, 1, (ii) if “Actual/Actual-ICMA” is specified in the applicable Final Terms, <ul style="list-style-type: none"> (aa) if the Interest Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Interest Period divided by the product of <ul style="list-style-type: none"> (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; <p>and</p> <ul style="list-style-type: none"> (bb) if the Interest Period is longer than one Determination Period, the sum of: <ul style="list-style-type: none"> (x) the number of days in such Interest Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and (y) the number of days in such Interest Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year <p>where:</p> <p>“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and</p>

“Determination Dates” means the dates specified in the applicable Final Terms or, if none is so specified, the Interest Payment Date and, the Interest Commencement Date.

- (iii) if “**Actual/Actual**” or “**Act/Act**” is specified, the actual number of days in the Interest Period in respect of which payment is being made divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of:
 - (a) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366; and
 - (b) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (iv) if “**Actual/365 (Fixed)**”, “**Act/365 (Fixed)**”, “**A/365 (Fixed)**” or “**A/365F**” is specified, the actual number of days in the Interest Period in respect of which payment is being made divided by 365;
- (v) if “**Actual/360**”, “**Act/360**” or “**A/360**” is specified, the actual number of days in the Interest Period in respect of which payment is being made divided by 360;
- (vi) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified, the number of days in the Interest Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

Day Count Fraction

=

$$\frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

Where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30; and

- (vii) if “**30E/360**” or “**Eurobond Basis**” is specified, the number of days in the Interest Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

Day Count Fraction

=

$$\frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

Where:

	<p>“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;</p> <p>“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;</p> <p>“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;</p> <p>“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;</p> <p>“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and</p> <p>“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30.</p>
“EURIBOR”	means that the rate for the relevant Interest Determination Date will be the rate for deposits in euros for a period of the Designated Maturity as of 11:00 a.m., Brussels time on the day that is two TARGET Settlement Days preceding that Interest Determination Date, as determined by the Calculation Agent.
“Hedge Positions”	means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by the Issuer or, in the case of Belfius Financing Company Notes, Guarantor in order to hedge, individually or on a portfolio basis, the Notes.
“Interest Commencement Date”:	means the Issue Date or such other date specified in the relevant Final Terms.
“Interest Determination Date”:	means each date specified as such in the relevant Final Terms.
“Interest Payment Date”:	<p>means each date, as specified in the relevant Final Terms, on which the Interest as determined by the Calculation Agent for the applicable Interest Period is payable in accordance with Condition 9.3.5. <i>Payment of the Interest.</i></p> <p>If such day is not a Business Day it will be adjusted by the Business Day Convention specified in the relevant Final Terms.</p>
“Interest Period”:	means each period from, and including, one Interest Period End Date to, but excluding, the next following applicable Interest Period End Date, except that the initial Interest Period will commence on, and include, the Interest Commencement Date.
“Interest Period End Date”:	<p>If “Adjusted” is specified in the relevant Final Terms, Interest Period End Date means the relevant Interest Payment Date.</p> <p>If “No Adjustment” is specified in the relevant Final Terms, Interest Period End Date means the relevant Interest Payment Date, without however applying any adjustment in accordance with the Business Day Convention specified to be applicable to the Interest Payment Dates.</p> <p>If “Adjusted” or “No Adjustment” is not specified in the relevant Final Terms, the Interest Period End Date(s) shall be as specified in those Final Terms.</p>
“Issue Date”:	means the date on which the Notes are issued as specified in the relevant Final Terms.
“Maturity Date”:	means the date on which the Notes come to maturity as specified in the relevant Final Terms, unless such day is not a Business Day in which case it

will be adjusted by the Following Business Day Convention, unless otherwise specified in the relevant Final Terms.

“Specified Currency”:

means the currency of the Notes as specified in the relevant Final Terms.

“TARGET Settlement Day”:

means any day on which TARGET 2 (the Trans-European Automated Real-time Gross settlement Express Transfer system) is open.

“Valid Date”:

Means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date, or Initial Averaging Date as applicable, in respect of the relevant Valuation Date, or Initial Valuation Date as applicable, does not or is not deemed to occur.

9.5. Redemption and Purchase

9.5.1. Final Redemption

Unless previously entirely redeemed, purchased and cancelled or unless its maturity is extended pursuant to an Issuer's or Noteholder's Option the Notes shall be redeemed on the Maturity Date. The Notes may not be redeemed prior to that date, without prejudice to the other provisions of these Terms and Conditions.

The Redemption of the Notes can be Variable Linked ("Variable Linked Redemption Amount"), in which case the Variable Linked Provisions below will apply.

9.5.2. Partial Redemption

If Partial Redemption is provided to be applicable in the relevant Final Terms, the Notes shall be partially redeemed without giving notice to the Noteholders on the Partial Redemption Date(s) so provided in the relevant Final Terms. Any such partial redemption of Notes shall be at the relevant Partial Redemption Amount specified in the relevant Final Terms.

9.5.3. Redemption at the Option of the Issuer

If a Call Option is provided to be applicable in the relevant Final Terms, the Issuer may, on giving irrevocable notice to the Noteholders falling within the Issuer's Optional Redemption Period redeem all or, if so provided, some of the Notes in the principal amount or integral multiples thereof and on the date or dates so provided. Any such redemption of Notes shall be at their Redemption Amount together with interest accrued to the date fixed for redemption, unless otherwise specified in the relevant Final Terms. Any such redemption or exercise must relate to the Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed, as specified in the relevant Final Terms, and be no greater than the Maximum Redemption Amount to be redeemed, as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice.

Early Redemption for any Subordinated Notes can only occur at the option of the Issuer. In case of early redemption by the Issuer an approval must be obtained from the relevant regulator.

9.5.4. Mandatory Early Redemption

If Mandatory Early Redemption is provided to be applicable in the relevant Final Terms and one or more Trigger Events (as defined in the Final Terms), the Issuer shall without giving notice to the Noteholders automatically redeem all or, if so provided, some of the Notes in the principal amount or integral multiples thereof on the Mandatory Early Redemption Date(s) so provided in the relevant Final Terms once the Calculation Agent determines that a Trigger Event has occurred. Any such redemption of Notes shall be at the Mandatory Early Redemption Amount specified in the relevant Final Terms.

The Trigger Events mentioned above can relate to the following (without however being exhaustive, these are merely examples):

- in case a Variable Linked Redemption Amount depends on the evolution of one or more Underlyings, a Trigger Event applies, for example, if the level of the relevant Underlying exceeds on a specified date a certain pre-defined value as specified in the relevant Final Terms;
- in case the relevant Notes bear interest, a Trigger Event applies, for example, if the sum of the Interest Amounts paid together with the Interest Amount payable on the next following Interest Payment Date exceeds an amount specified in the relevant Final Terms. As a consequence, the Interest Amount payable in respect of such Note for the relevant Interest Period may be capped in order not to exceed the amount specified in the relevant Final Terms.

9.5.5. Repurchase

The Issuer or, as applicable, the Guarantor and any of their subsidiaries may at any time purchase Notes in the open market or otherwise at any price.

9.5.6. Cancellation

All Notes purchased by or on behalf of the Issuer, as applicable, the Guarantor or any of their subsidiaries may thereafter be cancelled by the Fiscal Agent or by the Domiciliary Agent by a reduction of the principal amount of such notes. Any Notes so redeemed or purchased and cancelled in accordance with this Condition may not be reissued or resold and the obligations of the Issuer and, as applicable, the Guarantor in respect of any such Notes shall be discharged.

9.5.7. Redemption upon Capital Disqualification Event

If this Condition is specified as being applicable in the relevant Final Terms of Subordinated Notes, then, following the occurrence of a Capital Disqualification Event and, in relation to *Condition 9.9.2. Status of Subordinated Notes*, the Issuer may, subject to the prior consent of the Lead Regulator applicable to Belfius Bank, within ninety days of the occurrence of the relevant Capital Disqualification Event and on giving not less than thirty nor more than sixty days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in accordance with *Condition 9.17. Notices* (with a copy to the Fiscal Agent or to the Domiciliary Agent, for Notes issued by Belfius Financing Company), at its option, redeem all, but not some only, of the Subordinated Notes (such option to redeem being referred to herein as a "**Capital Disqualification Event Early Redemption Option**") at the Capital Disqualification Event Early Redemption Price, together with interest accrued and unpaid, if any, to the date fixed for redemption.

The notice given to the Noteholders pursuant to this Condition 9.5.7 shall contain a confirmation by the Issuer stating that a Capital Disqualification Event has occurred and is continuing, and such confirmation shall be conclusive and binding on the Noteholders.

In these Conditions:

a "**Capital Disqualification Event**" shall be deemed to have occurred if the Issuer determines, in good faith and after consultation with the Lead Regulator applicable to Belfius Bank, at any time after the Issue Date, that by reason of the non compliance with the applicable criteria for Tier 2 capital, the Subordinated Notes are or will be fully or partially excluded from Tier 2 capital of Belfius Bank (excluding for these purposes any non recognition as a result of any non recognition due to any applicable limitations on the amount of such capital of Belfius Bank);

and

"**Capital Disqualification Event Early Redemption Price**" means (i) if "**Specified Redemption Amount**" is specified in the relevant Final Terms, an amount per Calculation Amount being the product of the Specified Fixed Percentage Rate and the Calculation Amount **provided that** the Specified Fixed Percentage Rate will not, in any case, be less than 100 per cent. or (ii) if "**Par Redemption**" is specified in the relevant Final Terms, an amount per Calculation Amount equal to 100 per cent. per Calculation Amount.

9.6. Payment

Noteholders shall pay the Denominations on the subscribed Notes in cash at the time of subscription or by debit of the cash account linked to the securities account, in which Notes are to be held, on the Issue Date.

If the Issue Date is a day, which is not a Business Day in the place of payment of the Denominations, payment will be due on that day as adjusted by the Following Business Day Convention, unless otherwise specified in the relevant Final Terms.

Any amounts payable by the Issuer in respect of the Notes, be they Interests, Redemption Amounts or other, shall be made by transfer to the cash account linked to the securities account in which the Notes are held subject to all applicable laws and regulations.

If the date for payment of Interest, Redemption Amount or any other amount due to the Noteholders is a day, which is not a Business Day in the place of payment, the Noteholders shall not be entitled to payment until the day as adjusted by the Following Business Day Convention, unless otherwise specified in the relevant Final Terms.

9.7. Variable Linked Provisions

A Variable Linked Rate or a Variable Linked Redemption Amount can depend on the evolution of one or more Underlyings. If it is specified in the Final Terms that the Underlying is either (i) one or more Market Rates; (ii) a Share or a Basket of Shares, (iii) a Share Index or a Basket of Share Indices, (iv) a Fund or a Basket of Funds, (v) a Commodity or a Basket of Commodities, (vi) a Commodity Index or a Basket of Commodity Indices, or (vii) an Inflation Index, the applicable provisions below in relating to the respective Underlying will apply.

9.7.1. Market Rate

The Underlying can be a Market Rate, such as the EUR CMS Rate, as defined below, or any other Market Rate, as defined in the relevant Final Terms.

EUR CMS Rate: Means that the rate for the relevant Interest Determination Date will be the annual swap rate for euro swap transactions with a maturity of the Designated Maturity, expressed as a percentage, as of 11:00 a.m., Frankfurt time, on the day that is two TARGET Settlement Days preceding that Interest Determination Date, as determined by the Calculation Agent.

9.7.2. Share or Basket of Shares

9.7.2.1. Definitions

Share: Means the share specified as such in the relevant Final Terms.

Share Basket: Means a basket of shares as specified in the relevant Final Terms.

i: The addition of the letter i in subscript to any term indicates that this term is meant to apply to each Share in the Share Basket separately.

w: Means the weight of a certain Share in the Share Basket.

Exchange: Means each exchange or quotation system specified as such for such Share in the relevant Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share on such temporary substitute exchange or quotation system as on the original Exchange).

Related Exchange: Means, each exchange or quotation system specified as such for the relevant Share in the relevant Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Share has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Share on such temporary substitute exchange or quotation system as on the original Related Exchange), provided, however, that where “All

Exchanges” is specified as the Related Exchange in the relevant Final Terms, “Related Exchange” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Share.

Initial Price:	Means the price specified as such or otherwise determined in the relevant Final Terms or, if no means for determining the Initial Price are so provided: in respect of the Initial Valuation Date, the Relevant Price of the relevant Share at the Valuation Time on the Initial Valuation Date, as determined by the Calculation Agent, and in respect of each subsequent Valuation Date, the Final Price for the Valuation Date immediately preceding such Valuation Date, or, if Initial Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Initial Valuation Date, of the prices of the relevant Share or Share Basket as of the Valuation Time on each Initial Averaging Date.
Final Price:	Means the Relevant Price of the relevant Share on the relevant Valuation Date, as determined by the Calculation Agent, or, if Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Valuation Date, of the prices of the relevant Share or Share Basket as of the Valuation Time on each Averaging Date.
Initial Valuation Date:	Means the Issue Date or such other date as specified in the relevant Final Terms, and if such date is not a Scheduled Trading Day in respect of the relevant Share, the Initial Price of such Share shall be determined on the basis of the Relevant Price of such Share as calculated on the immediately following Scheduled Trading Day, subject to Market Disruption, or, if Initial Averaging is specified as applicable, means the final Initial Averaging Date.
Valuation Date:	Means any date specified as such in the relevant Final Terms, and if such date is not a Scheduled Trading Day in respect of the relevant Share, the Final Price of such Share shall be determined on the basis of the Relevant Price of such Share as calculated on the immediately following Scheduled Trading Day, subject to Market Disruption, or, if Averaging is specified as applicable, means the final Averaging Date
Relevant Price:	Means the price of the relevant Share determined by the Calculation Agent at the Valuation Time on the Exchange.
Valuation Time:	Means the time on the relevant Valuation Date, specified as such in the related Final Terms or, if no such time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, in relation to each Share to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.
Scheduled Closing Time:	Means in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.
Scheduled Trading Day:	Means any day on which the Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.
Exchange Business Day:	Means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

9.7.2.2. Market Disruption

“**Market Disruption Event**” means in respect of a Share, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time or (iii) an Early Closure.

In that respect, “**Trading Disruption**” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to the Share on the Exchange, or (ii) in futures or options contracts relating to the Share on any relevant Related Exchange.

In that respect, “**Exchange Disruption**” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for, (i) the Shares on the Exchange, or (ii) in futures or options contracts relating to the Share on any relevant Related Exchange.

In that respect, “**Early Closure**” means the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

In addition, in that respect “**Disrupted Day**” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

If any Valuation Date is a Disrupted Day, then:

- if the Underlying is a Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the scheduled Valuation Date is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall determine its good faith estimate of the value of the Share as of the Valuation Time on that eighth Scheduled Trading Day; and
- if the Underlying is a Basket of Shares, the Valuation Date for each Share not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date, and the Valuation Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Share. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Share, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for that Share as of the Valuation Time on that eighth Scheduled Trading Day.

9.7.2.3. Potential Adjustment Events

Upon the occurrence on or after the Issue Date up to and including the last Valuation Date of a Potential Adjustment Event (as defined below), the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and if so will:

- make the corresponding adjustment(s), if any, to any relevant variable in the Variable Linked formulae of the Notes, which may include the Initial Price or the Final Price, used to calculate any Variable Linked Rate or Variable Linked Redemption Amount as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to

account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and

- determine the effective date(s) of the adjustment(s).

The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Shares traded on such options exchange.

For the purpose hereof, “**Potential Adjustment Event**” shall mean any of the following:

- a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event), or, a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- a distribution, issue or dividend to existing holders of the relevant Shares of (a) such Shares, or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of such Shares equally or proportionately with such payments to holders of such Shares, or (c) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the issuer of the Shares as a result of a spin-off or other similar transaction or (d) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- an extraordinary dividend as determined by the Calculation Agent;
- a call by the issuer of the relevant Shares in respect of such Shares that are not fully paid;
- a repurchase by the issuer of the relevant Shares or any of its subsidiaries of such Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or
- in respect of the issuer of the relevant Shares, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the issuer of the relevant Shares pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Potential Adjustment Event shall be the early redemption of the Notes. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of such Notes.

9.7.2.4. Extraordinary Events

“**Extraordinary Event**” means any of Merger Event, Tender Offer, Nationalisation, Insolvency, Delisting, De-merger Event, Change in Law or Insolvency Filing, as the case may be.

“**Merger Event**” means in respect of any relevant Shares:

- any reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person; or
- any consolidation, amalgamation, merger or binding share exchange of the issuer of the relevant Shares with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such issuer is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding);

- any takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Shares of the issuer of the relevant Shares that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person); or
- any consolidation, amalgamation, merger or binding share exchange of the issuer of the relevant Shares or its subsidiaries with or into another entity in which the issuer of the relevant Shares is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding Shares immediately following such event (a “Reverse Merger”) in each case if the effective date of the Merger Event is on or before the final Valuation Date.

“Tender Offer” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10% and less than 100% of the outstanding voting shares of the issuer of the relevant Shares, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Nationalisation” means that all the Shares or all the assets or substantially all the assets of the issuer of the relevant Shares are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting the issuer of the relevant Shares, (A) all the Shares of that issuer are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares of that issuer become legally prohibited from transferring them (each time as determined in good faith by the Calculation Agent).

“Delisting” means that the Exchange announces that pursuant to the rules of such Exchange, the Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or where the Exchange is within the European Union, in any member state of the European Union).

“De-merger Event” means that the issuer of the relevant Shares is affected by a de-merger (such as, but not limited to, spin off, scission or any operation of a similar nature) leading to the attribution of a basket comprising New Shares and/ or Other Consideration and/ or the relevant Share affected by the de-merger (as the case may be), such basket resulting from such de-merger.

In that respect, **“New Shares”** means ordinary or common shares, whether of the entity or person involved or a third party, that are promptly scheduled to be (i) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the Exchange (or where the Exchange is within the European Union, in any member state of the European Union) and (ii) not subject to any currency exchange controls, trading restrictions or other trading limitations. Other Consideration means cash and/or any securities (other than New Shares) or assets whether of the entity or person involved or a third party.

“Change in Law” means that on or after the Issue Date of the Notes (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that it has become illegal to hold, acquire or dispose of Hedge Positions relating to the Notes.

“Insolvency Filing” means that the issuer of the relevant Shares institutes or has instituted against it by a regulator, supervisor, or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction

over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the issuer of the relevant Shares shall not be deemed an Insolvency Filing.

Upon the occurrence on or after the Issue Date up to and including the last Valuation Date, in the determination of the Calculation Agent, of an Extraordinary Event in respect of any Share, the Calculation Agent, on or after the effective date of such Extraordinary Event, may make such adjustments as it, acting in good faith, deems appropriate (including substitution of any affected Share). Such adjustments to be effective as of the date determined by the Calculation Agent, to account for the effect of the relevant Extraordinary Event to protect the theoretical value of the Notes to the Noteholders immediately prior to such Extraordinary Event.

For the avoidance of doubt, if the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph "Notices", that the relevant consequence of the Extraordinary Event shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

9.7.3. Share Index or Basket of Share Indices

The terms applicable to an Index will differ, depending on whether the Index is specified in the relevant Final Terms to be Multiple Exchange or not. The applicable provisions below will apply.

9.7.3.1. Terms applicable irrespective of whether an Index is Multiple Exchange or not

Definitions

Index:	Means the index specified as such in the relevant Final Terms.
Index Basket:	Means a basket of indices as specified in the relevant Final Terms.
i:	The addition of the letter i in subscript to any term indicates that this term is meant to apply to each Index in the Index Basket separately.
w:	Means the weight of a certain Index in the Index Basket.
Index Sponsor:	Means the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the relevant Index and (b) announces (directly or through an agent) the level for the relevant Index on a regular basis during each Scheduled Trading Day.
Initial Price:	Means the price specified as such or otherwise determined in the relevant Final Terms or, if no means for determining the Initial Price are so provided: in respect of the Initial Valuation Date, the level of the relevant Index at the Valuation Time on the Initial Valuation Date, as determined by the Calculation Agent, and in respect of the each subsequent Valuation Date, the Final Price for the Valuation Date immediately preceding such Valuation Date, or, if Initial Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Initial Valuation Date, of the levels of the relevant Index as of the Valuation Time on each Initial Averaging Date.
Final Price:	Means the level of the relevant Index at the Valuation Time on the relevant Valuation Date, as determined by the Calculation Agent or, if Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Valuation Date, of the levels of the relevant Index as of the Valuation Time on each Averaging Date.

Initial Valuation Date:	Means the Issue Date or such other date as specified in the relevant Final Terms, and if such date is not a Scheduled Trading Day in respect of the relevant Index, the Initial Price of such Index shall be determined on the basis of the level of such Index as calculated on the immediately following Scheduled Trading Day, subject to Market Disruption, or, if Initial Averaging is specified as applicable, means the final Initial Averaging Date.
Valuation Date:	Means any date specified as such in the relevant Final Terms, and if such date is not a Scheduled Trading Day in respect of the relevant Index, the Final Price of such Index shall be determined on the basis of the level of such Index as calculated on the immediately following Scheduled Trading Day, subject to Market Disruption, or, if Averaging is specified as applicable, means the final Averaging Date
Relevant Price	Means the level of the relevant Index determined by the Calculation Agent at the Valuation Time on the relevant Valuation Date.
Scheduled Closing Time:	Means in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

Consequences of Disrupted Days

If any Valuation Date is a Disrupted Day, then:

- if the Underlying is an Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the scheduled Valuation Date is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall determine the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); and
- if the Underlying is a Basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

Adjustment to Indices

- If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula

for and method of calculation as used in the calculation of that Index, then that index (the “**Successor Index**”) will be deemed to be the Index.

- If (i) on or prior to any Valuation Date in respect of an Index, the relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalization and other routine events) (an “**Index Modification**”) or permanently cancels the Index and no Successor Index exists (an “**Index Cancellation**”) or (ii) on any Valuation Date, the Index Sponsor fails to calculate and announce a relevant Index (an “**Index Disruption**” and together with an Index Modification and an Index Cancellation, each an “**Index Adjustment Event**”), the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and if so, shall calculate the level of the Index, using, in lieu of a published level for that Index, the level for that Index as at that Valuation Date as determined by the Calculation Agent in accordance with the formula for and the method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event.

For the purpose hereof “**Index Sponsor**” means the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the Index and (b) announces (directly or through an agent) the level of the Index on a regular basis during each Scheduled Trading Day.

Change in Law

Upon the occurrence on or after the Issue Date up to and including the last Valuation Date, in the determination of the Calculation Agent, of a Change in Law in respect of any Index, the Calculation Agent, on or after the effective date of such Change in Law, may make such adjustments as it, acting in good faith, deems appropriate. Such adjustments to be effective as of the date determined by the Calculation Agent, to account for the effect of the Change in Law to protect the theoretical value of the Notes to the Noteholders immediately prior to such Change in Law.

In that respect, “**Change in Law**” means that, on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that it has become illegal to hold, acquire or dispose of Hedge Positions relating to the Notes.

For the avoidance of doubt, if the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Extraordinary Event shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

9.7.3.2. Terms applicable to an Index that is not Multiple Exchange

Exchange: Means each exchange or quotation system specified as such for such Index in the relevant Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Shares underlying such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share on such temporary substitute exchange or quotation system as on the original Exchange).

Related Exchange: Means, each exchange or quotation system specified as such for the relevant

Index in the relevant Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original Related Exchange), provided, however, that where “All Exchanges” is specified as the Related Exchange in the relevant Final Terms, “Related Exchange” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Valuation Time:	Means the time on the relevant Valuation Date, specified as such in the related Final Terms or, if no such time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, in relation to each Index to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.
Scheduled Trading Day:	Means any day on which the Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.
Exchange Business Day:	Means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

Market Disruption

“**Market Disruption Event**” means in respect of an Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event exists at any time, if a Market Disruption Event occurs in respect of a security included in the relevant Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

In that respect, “**Trading Disruption**” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to securities that comprise 20 percent or more of the level of the relevant Index, or (ii) in futures or options contracts relating to the relevant Index on any relevant Related Exchange.

In that respect, “**Exchange Disruption**” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for, (i) securities that comprise 20 percent or more of the level of the relevant Index, or (ii) in futures or options contracts relating to the relevant Index on any relevant Related Exchange.

In that respect, “**Early Closure**” means the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

In addition, in that respect “**Disrupted Day**” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

9.7.3.3. Terms applicable to an Index that is Multiple Exchange

Exchange:	Means in respect of each component security of the Index (each, a “Component Security”), the principal stock exchange on which such Component Security is principally traded, as determined by the Calculation Agent.
Related Exchange:	Means, each exchange or quotation system specified as such for the relevant Index in the relevant Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original Related Exchange), provided, however, that where “All Exchanges” is specified as the Related Exchange in the relevant Final Terms, “Related Exchange” shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.
Valuation Time:	Means: (i) for the purposes of determining whether a Market Disruption Event has occurred: (a) in respect of any Component Security, the Scheduled Closing Time on the Exchange in respect of such Component Security, and (b) in respect of any options contracts or future contracts on the Index, the close of trading on the Related Exchange; and (ii) in all other circumstances, the time at which the official level of the Index is calculated and published by the Index Sponsor.
Scheduled Trading Day:	Means any day on which: (i) the Index Sponsor is scheduled to publish the level of the Index and (ii) the Related Exchange is scheduled to be open for trading for its regular trading session.
Exchange Business Day:	Means any Scheduled Trading Day on which (i) the Index Sponsor publishes the level of the Index; and (ii) the Related Exchange is open for trading during its respective regular trading session, notwithstanding any Exchange or the Related Exchange closing prior to its Scheduled Closing Time.

Market Disruption

“**Market Disruption Event**” means either

- (i) (a) the occurrence or existence, in respect of any Component Security of:
 - (1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
 - (2) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; OR
 - (3) an Early Closure in respect of such Component Security; AND
 (b) the aggregate of all Component Security in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of the Index; OR
- (ii) the occurrence or existence, in respect of futures or options contracts relating to the Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of

the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

For the purposes of determining whether a Market Disruption Event in respect of any Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security at any time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security and (y) the overall level of the Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market “opening data”.

In that respect, “**Trading Disruption**” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on the Related Exchange.

In that respect, “**Exchange Disruption**” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for: (i) any Component Security on the Exchange, in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on the Related Exchange.

In that respect, “**Early Closure**” means the closure on any Exchange Business Day of the Exchange in respect of any Component Security or the Related Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day.

In addition, in that respect “**Disrupted Day**” means any Scheduled Trading Day on which: (i) the Index Sponsor fails to publish the level of the Index; (ii) the Related Exchange fails to open for trading during its regular trading session; or (iii) a Market Disruption Event has occurred.

9.7.4. Fund or Basket of Funds

9.7.4.1. Definitions

Reference Fund:	Means the Reference Fund specified as such in the relevant Final Terms.
Fund Basket:	Means a basket of Reference Funds as specified in the relevant Final Terms.
i:	The addition of the letter i in subscript to any term indicates that this term is meant to apply to each Reference Fund in the Fund Basket separately.
w:	Means the weight of a certain Reference Fund in the Fund Basket.
Fund Interest Unit:	Means a notional unit of account of ownership in a Reference Fund, whether a share or another type of unit.
Initial Price:	Means the price specified as such or otherwise determined in the relevant Final Terms or, if no means for determining the Initial Price are so provided: in respect of the Initial Valuation Date, the Relevant Price of a Fund Interest Unit in the relevant Reference Fund for the Initial Valuation Date, as determined by the Calculation Agent, and in respect of the each subsequent Valuation Date, the Final Price for the Valuation Date immediately preceding such Valuation Date, or, if Initial Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Initial Valuation Date, of the prices of the relevant Fund Interest Unit in the relevant Reference Fund as of the Valuation Time on each Initial Averaging Date.

Final Price:	Means the Relevant Price of a Fund Interest Unit in the relevant Reference Fund for the relevant Valuation Date, as determined by the Calculation Agent or, if Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Valuation Date, of the prices of the relevant Fund Interest Unit in the relevant Reference Fund as of the Valuation Time on each Averaging Date.
Initial Valuation Date:	Means the Issue Date or such other date as specified in the relevant Final Terms, and if such date is not a Scheduled Fund Valuation Date in respect of the relevant Reference Fund, the Initial Price of a Fund Interest Unit in such Reference Fund shall be determined on the basis of the Relevant Price of such Fund Interest Unit as calculated on the immediately following Scheduled Fund Valuation Date, or, if Initial Averaging is specified as applicable, means the final Initial Averaging Date.
Valuation Date:	Means any date specified as such in the relevant Final Terms, and if such date is not a Scheduled Fund Valuation Date in respect of the relevant Reference Fund, the Final Price of a Fund Interest Unit in such Reference Fund shall be determined on the basis of the Relevant Price of such Fund Interest Unit as calculated on the immediately following Scheduled Fund Valuation Date, or, if Averaging is specified as applicable, means the final Averaging Date.
Relevant Price:	Means the price of the relevant Fund Interest Unit as published by the Fund Administrator. In case a price in respect of any Valuation Date is not published by the fourth Scheduled Fund Valuation Date, the Calculation Agent may determine such price taking into account prevailing market conditions.
Scheduled Fund Valuation Date:	Means any date in respect of which the relevant Reference Fund (or its service provider that generally determines such value) is scheduled, according to its Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Reference Fund to delay or refuse redemption of Fund Interest Units); to determine the value of such Fund Interest Unit or, if the relevant Reference Fund only reports its aggregate net asset value, the date in respect of which such Reference Fund is scheduled to determine its aggregate net asset value.
Fund Documents:	Means, with respect to any Fund Interest Unit, the constitutive and governing documents, subscription agreements and other agreements of the related Reference Fund specifying the terms and conditions relating to such Fund Interest Unit, as amended from time to time.

9.7.4.2. Potential Adjustment Events

Upon the occurrence on or after the Issue Date up to and including the last Valuation Date of a Potential Adjustment Event (as defined below), the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units and if so will:

- (i) make the corresponding adjustment(s), if any, to any relevant variable in the Variable Linked formulae of the Notes, which may include the Initial Price or the Final Price, used to calculate any Variable Linked Rate or Variable Linked Redemption Amount as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest Unit) and
- (ii) determine the effective date(s) of the adjustment(s).

For the purpose hereof, “**Potential Adjustment Event**” shall mean any of the following:

- a subdivision, consolidation or reclassification of the relevant Fund Interest Units or a free distribution or dividend of any such Fund Interest Units to existing holders by way of bonus, capitalisation or similar issue;

- a distribution, issue or dividend to existing holders of the relevant Fund Interest Units of (a) an additional amount of such Fund Interest Units, or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Reference Fund equally or proportionately with such payments to holders of such Fund Interest Units, or (c) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Reference Fund as a result of a spin-off or other similar transaction or (d) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- an extraordinary dividend as determined by the Calculation Agent;
- a repurchase by the Reference Fund of relevant Fund Interest Units whether the consideration for such repurchase is cash, securities or otherwise, other than in respect of a redemption of Fund Interest Units initiated by a Noteholder in such Fund Interest Units initiated by a Noteholder in such Fund Interest Units that is consistent with the Fund Documents; or
- any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Potential Adjustment Event shall be the early redemption of the Notes. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of such Notes.

9.7.4.3. Extraordinary Events

Means any of Nationalisation, Insolvency, Fund Insolvency Event, Fund Modification, Strategy Breach, Fund Hedging Disruption, Regulatory Action, Reporting Disruption, Change in Law and Increased Cost of Hedging.

“**Nationalisation**” means that all the Fund Interest Units or all or substantially all the assets of a Reference Fund are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

“**Insolvency**” means that by reason of voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Reference Fund, (i) all the Fund Interest Units of that Reference Fund are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Fund Interest Units of that Reference Fund become legally prohibited from transferring or redeeming them.

“**Fund Insolvency Event**” means, in respect of any Fund Interest Unit, that the related Reference Fund (i) is dissolved or has a resolution passed for its dissolution, winding-up, official liquidation (other than pursuant to a consolidation, amalgamation or merger); (ii) makes a general assignment or arrangement with or for the benefit of its creditors; (iii) (A) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in clause (A) above and either (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained in each case within fifteen days of the institution or presentation thereof; (iv) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (v) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other

legal process levied, enforced or sued on or against all or substantially all of its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen days thereafter; or (vi) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (v) through (vi) above.

“Fund Modification” means (i) any change or modification of the related Fund Documents that could reasonably be expected to affect the value of such Fund Interest or the rights or remedies of any holders thereof, in each case, as determined by the Calculation Agent, or (ii) the Reference Fund Investment Manager imposes fees or dealing rules that increase the effective dealing costs relating to any Reference Fund.

“Strategy Breach” means any breach or violation of any strategy or investment guidelines stated in the related Fund Documents that is reasonably likely to affect the value of such Fund Interest or the rights or remedies of any holders thereof, in each case, as determined by the Calculation Agent.

“Regulatory Action” means, with respect to any Fund Interest Unit, (i) cancellation, suspension or revocation of the registration or approval of such Fund Interest Unit or the related Reference Fund by any governmental, legal or regulatory entity with authority over such Fund Interest Unit or Reference Fund, (ii) any change in the legal, tax, accounting, or regulatory treatments of the relevant Reference Fund that is reasonably likely to have an adverse impact on the value of such Fund Interest Unit or on any investor therein (as determined by the Calculation Agent), or (iii) the related Reference Fund or its Fund Investment Manager becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged violation of applicable law for any activities relating to or resulting from the operation of such Reference Fund or Fund Investment Manager.

“Reporting Disruption” means, in respect of any Fund Interest Unit, the occurrence of any event affecting such Fund Interest Unit that, in the determination of the Calculation Agent, would make it impossible or impracticable for the Calculation Agent to determine the value of such Fund Interest Unit, and such event is expected to continue for the foreseeable future.

“Change in Law” means that on or after the Issue Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in good faith that it has become illegal to hold, acquire or dispose of Hedge Positions in the Notes.

Upon the occurrence on or after the Issue Date up to and including the last Valuation Date, in the determination of the Calculation Agent, of an Extraordinary Event in respect of any Reference Fund, the Calculation Agent, on or after the effective date of such Extraordinary Event, may make such adjustments as it, acting in good faith, deems appropriate (including substitution of any affected Reference Fund). Such adjustments to be effective as of the date determined by the Calculation Agent, to account for the effect of the relevant Extraordinary Event to protect the theoretical value of the Notes to the Noteholders immediately prior to such Extraordinary Event.

For the avoidance of doubt, if the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Extraordinary Event shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

9.7.5. Commodity or Basket of Commodities

9.7.5.1. Definitions

Commodity:	Means the Commodity specified as such in the relevant Final Terms.
Commodity Basket:	Means a basket of Commodities as specified in the relevant Final Terms.
i:	The addition of the letter i in subscript to any term indicates that this term is

meant to apply to each Commodity in the Commodity Basket separately.

w:	Means the weight of a certain Commodity in the Commodity Basket.
Initial Price:	Means the price specified as such or otherwise determined in the relevant Final Terms or, if no means for determining the Initial Price are so provided: in respect of the Initial Valuation Date, the price of the relevant Commodity on the Initial Valuation Date, as determined by the Calculation Agent, and in respect of the each subsequent Valuation Date, the Final Price for the Valuation Date immediately preceding such Valuation Date or, if Initial Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Initial Valuation Date, of the prices of the relevant Commodity or Commodity Basket as of the Valuation Time on each Initial Averaging Date.
Final Price:	Means the price of the relevant Commodity at the Valuation Time on the relevant Valuation Date, as determined by the Calculation Agent or, if Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Valuation Date, of the prices of the relevant Commodity or Commodity Basket as of the Valuation Time on each Averaging Date.
Initial Valuation Date:	Means the Issue Date or such other date as specified in the relevant Final Terms, and if such date is not a Commodity Business Day in respect of the relevant Commodity, the Initial Price of such Commodity shall be determined on the basis of the price of such Commodity as calculated on the immediately following Commodity Business Day, subject to Market Disruption, or, if Initial Averaging is specified as applicable, means the final Initial Averaging Date.
Valuation Date:	Means any date specified as such in the relevant Final Terms, and if such date is not a Commodity Business Day in respect of the relevant Commodity, the Final Price of such Commodity shall be determined on the basis of the Relevant Price of such Commodity as calculated on the immediately following Commodity Business Day, subject to Market Disruption, or, if Averaging is specified as applicable, means the final Averaging Date.
Relevant Price	Means the price of the relevant Commodity determined by the Calculation Agent at the Valuation Time on the relevant Valuation Date.
Commodity Business Day:	Means for the relevant Commodity a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day on which the relevant Exchange is open for trading during its regular trading session, notwithstanding any such Exchange closing prior to its scheduled closing time.
Exchange:	Means the exchange or principal trading market specified in the relevant Final Terms.

9.7.5.2. Market Disruption

“**Market Disruption Event**” means any of (i) Price Source Disruption, (ii) Trading Disruption, (iii) Disappearance of Commodity, (iv) Material Change in Formula, (v) Material Change in Content or (vi) Tax Disruption, as defined below, except that for a Commodity that is Bullion, (iv) Material Change in Formula and (v) Material Change in Content will not apply.

“**Price Source Disruption**” means (A) the failure of the Price Source to announce or publish the price (or the information necessary for determining the price) for the relevant Commodity; or (B) the temporary or permanent discontinuance or unavailability of the Price Source.

“**Trading Disruption**” means the material suspension of, or the material limitation imposed on, trading in the futures contract on the Commodity or the Commodity on the Exchange. For these purposes:

a suspension of the trading in the futures contract on the Commodity or the Commodity on any Commodity Business Day shall be deemed to be material only if:

all trading in the futures contract on the Commodity or the Commodity is suspended for the entire day; or

all trading in the futures contract on the Commodity or the Commodity is suspended subsequent to the opening of trading on that day, trading does not recommence prior to the regularly scheduled close of trading in such futures contract on the Commodity or Commodity on such day and such suspension is announced less than one hour preceding its commencement; and

a limitation of trading in the futures contract on the Commodity or the Commodity on any Commodity Business Day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the futures contract on the Commodity or the Commodity may fluctuate and the closing or settlement price of the futures contract on the Commodity or the Commodity on such day is at the upper or lower limit of that range.

“Disappearance of Commodity” means:

the permanent discontinuation of trading, in the relevant futures contract on the Commodity; or

the disappearance of, or of trading in, the relevant Commodity; or

the disappearance or permanent discontinuance or unavailability of a price for the Commodity, notwithstanding the availability of the related Price Source or the status of trading in the relevant futures contract on the Commodity or the relevant Commodity.

“Material Change in Formula” means the occurrence of a material change in the formula for or the method of calculating the relevant price of the Commodity.

“Material Change in Content” means the occurrence of a material change in the content, composition or constitution of the Commodity or relevant futures contract on the Commodity.

“Tax Disruption” means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Commodity (other than a tax on, or measured by reference to overall gross or net income) by any government or taxation authority, if the direct effect of such imposition, change or removal is to raise or lower the Relevant Price on the day that would otherwise be a Pricing Date from what it would have been without that imposition, change or removal.

“Bullion” means Gold, Silver, Platinum or Palladium, as the case may be.

In case a Market Disruption Event occurs the Calculation Agent will determine in good faith and in a commercially reasonable manner the Final Price of the relevant Commodity (or a method for determining the Final Price of the relevant Commodity).

For the avoidance of doubt, if the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Market Disruption Event shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

9.7.6. Commodity Index or Basket of Commodity Indices

9.7.6.1. Definitions

Commodity Index: Means the Commodity Index specified as such in the relevant Final Terms.

Commodity Index Basket: Means a basket of Commodities Indices as specified in the relevant Final Terms.

i:	The addition of the letter i in subscript to any term indicates that this term is meant to apply to each Commodity Index in the Commodity Index Basket separately.
w:	Means the weight of a certain Commodity Index in the Commodity Index Basket.
Initial Price:	Means the price specified as such or otherwise determined in the relevant Final Terms or, if no means for determining the Initial Price are so provided: in respect of the Initial Valuation Date, the level of the relevant Commodity Index or Basket on the Initial Valuation Date, as determined by the Calculation Agent, and in respect of each subsequent Valuation Date, the Final Price for the Valuation Date immediately preceding such Valuation Date or, if Initial Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Initial Valuation Date, of the levels of the relevant Commodity Index or Commodity Index Basket as of the Valuation Time on each Initial Averaging Date.
Final Price:	Means the level of the relevant Commodity Index at the Valuation Time on the relevant Valuation Date, as determined by the Calculation Agent or, if Averaging is specified as applicable under the relevant Final Terms, means the arithmetic mean, as determined by the Calculation Agent on the Valuation Date, of the levels of the relevant Commodity Index or Commodity Index Basket as of the Valuation Time on each Averaging Date.
Initial Valuation Date:	Means the Issue Date or such other date as specified in the relevant Final Terms, and if such date is not a Scheduled Publication Day in respect of the relevant Commodity Index, the Initial Price of such Commodity Index shall be determined on the basis of the price of such Commodity Index as calculated on the immediately following Scheduled Publication Day, subject to the occurrence of any Commodity Index Event, or, if Initial Averaging is specified as applicable, means the final Initial Averaging Date.
Valuation Date:	Means any date specified as such in the relevant Final Terms, and if such date is not a Scheduled Publication Day in respect of the relevant Commodity Index, the Final Price of such Commodity Index shall be determined on the basis of the Relevant Price of such Commodity Index as calculated on the immediately following Scheduled Publication Day, subject to the occurrence of any Commodity Index Event, or, if Averaging is specified as applicable, means the final Averaging Date.
Relevant Price	Means the level of the relevant Commodity Index or Commodity Index Basket determined by the Calculation Agent at the Valuation Time on the relevant Valuation Date.
Scheduled Publication Day:	Means any day on which the Commodity Index Sponsor is scheduled to publish the level of the relevant Commodity Index.
Commodity Index Sponsor:	Means the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the relevant Commodity Index and (b) announces (directly or through an agent) the level of the Commodity Index on a regular basis.

9.7.6.2. Commodity Index Event

If, in the opinion of the Calculation Agent, any Commodity Index is modified by the Commodity Index Sponsor, cancelled by the Commodity Index Sponsor, replaced by a successor commodity index or remains unpublished by the Commodity Index Sponsor, or if, in the opinion of the Calculation Agent, a Commodity Index Market Disruption Event occurs (any of the above events, a “Commodity Index Event”), the Calculation Agent shall determine in its sole discretion, but in good faith and in a commercially reasonable manner, how such Commodity Index Event affects the Notes and what its consequences should be.

For the avoidance of doubt, if the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence of the Commodity Index Event shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

A “**Commodity Index Market Disruption Event**” means any of (a) the termination or suspension of, or material limitation or disruption in, the trading of any exchange-traded futures contract included in a relevant Commodity Index, and (b) the settlement price of any such contract has increased or decreased by an amount equal to the maximum permitted price change from the previous day’s settlement price, or (c) the exchange fails to publish official settlement prices for any such contract.

9.7.7. Inflation Index

9.7.7.1. Definitions

Index:	Means the index specified as such in the relevant Final Terms.
Initial Index:	Means the level of the index determined by the Calculation Agent in accordance with the relevant Final Terms.
Final Index:	Means the level of the index determined by the Calculation Agent in accordance with the relevant Final Terms.
Index Sponsor:	Means the sponsor of the Index as specified in the Final Terms.
Reference Month:	Means the calendar month for which the level of the Index was reported, regardless of when this information is published or announced.

9.7.7.2. Events affecting the Index

(i) Delay of Publication

If any level of the Index for a Reference Month has not been published or announced by the day that is five Business Days prior to the next Interest Payment Date, the Calculation Agent may either determine the level of the Index based on its own calculations or make any adjustment to the Notes as it may deem appropriate.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with *Condition 9.17 Notices*, that the Notes will be redeemed early. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of the Notes.

(ii) Cessation of Publication

If a level for the Index has not been published or announced for two consecutive months or the Index Sponsor announces that it will no longer continue to publish or announce the Index then the Calculation Agent may determine a successor Index or make any adjustment to the Notes as it may deem appropriate.

If the Calculation Agent determines that no appropriate successor Index exists, or that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with *Condition 9.17 Notices*, that the Notes will be redeemed early. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of the Notes.

(iii) Rebasing of the Index

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased will be used for purposes of determining the level of the Index from the date of such rebasing; provided, however, that the Calculation Agent may make such adjustments to the Notes as it may deem appropriate.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with *Condition 9.17 Notices*, that the Notes will be redeemed early. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of the Notes.

(iv) Material Modification

If, on or prior to the day that is five Business Days before an Interest Payment Date, the Index Sponsor announces that it will make a material change to the Index, then the Calculation Agent may make any such adjustment to the Index or to the Notes as it may deem appropriate.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent may notify the Noteholders, in accordance with *Condition 9.17 Notices*, that the Notes will be redeemed early. In case of such early redemption, the Calculation Agent shall give its good faith estimate of the value of the Notes.

If the Calculation Agent determines that no adjustment that it could make would produce a commercially reasonable result, the Calculation Agent will notify the Noteholders, in accordance with the paragraph “Notices”, that the relevant consequence shall be either in the case of a capital protected or guaranteed Note (i) the monetization of the Notes, or in other cases (ii) the early redemption of the Notes at their Fair Market Value and in accordance with the principles explained under Section 9.

9.8. Rounding

For the purposes of any calculations required pursuant to these Terms and Conditions (unless otherwise specified in the relevant Final Terms), (i) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), and (ii) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes “unit” means, the lowest amount of such currency that is available as legal tender in the country of such currency.

9.9. Status

9.9.1. Status of Senior Notes

The Notes that are specified in the Final Terms to be Senior Notes and the payments of principal and interest relating to them are direct, unconditional and unsecured obligations of the Issuer and rank at all times *pari passu*, without any preference among themselves, with all other outstanding unsecured and unsubordinated obligations of the relevant Issuer, present and future, but, in the event of insolvency, only to the extent permitted by laws relating to creditors’ rights.

9.9.2. Status of Subordinated Notes

(iv) *Status and Subordination*

Notes in respect of which the status is specified in the applicable Final Terms as “**Subordinated**” (“**Subordinated Notes**”) constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves.

In the event of dissolution or liquidation of the Issuer (including the following events creating a “*samenloop van schuldeisers/concours de créanciers*”: bankruptcy (“*faillissement/faillite*”), judicial liquidation (“*gerechtelijke vereffening/liquidation forcée*”) or voluntary liquidation (“*vrijwillige vereffening/liquidation volontaire*”) (other than a voluntary liquidation in connection with a reconstruction, merger or amalgamation where the continuing corporation assumes all the liabilities of the Issuer)), the rights and claims of the holders of Subordinated Notes

against the Issuer shall be for an amount equal to the principal amount of each Subordinated Note together with any amounts attributable to such Subordinated Notes and shall rank:

- (a) subject to any obligations which are mandatorily preferred by law, junior to the claims of (1) depositors and all other unsubordinated creditors and (2) all Eligible Creditors of the Issuer;
- (b) *pari passu* without any preference among themselves and *pari passu* with any other obligations or instruments of the Issuer that rank or are expressed to rank equally with the Subordinated Notes or the Subordinated Guarantee; and
- (c) senior and in priority to (1) the claims of holders of all classes of share or other equity capital (including preference shares) of the Issuer, (2) the claims of holders of all obligations or instruments of the Issuer which, upon issue, constitute or constituted Tier 1 capital of the Issuer, and (3) the claims of holders of any other obligations or instruments of the Issuer that rank or are expressed to rank junior to the Subordinated Notes or the Subordinated Guarantee.

Subject to applicable law, no Noteholder may exercise or claim any right of set-off in respect of any amount owed to it by the Issuer arising under or in connection with the Subordinated Notes and each Noteholder shall, by virtue of his subscription, purchase or holding of a Subordinated Note, be deemed to have waived all such rights of set-off.

(v) *Defined Terms*

In these Conditions:

“**Eligible Creditors**” means creditors holding claims that, in accordance with their terms, rank or are expressed to rank senior to the Subordinated Notes or, as applicable, the Subordinated Guarantee.

“Tier 1 capital” has the meaning given to it under the Applicable Banking Regulation as applied by the Lead Regulator.

9.10. *Clearing Systems*

The clearing systems operated by Euroclear Bank SA/NV (“Euroclear”), Clearstream Banking SA (“Clearstream, Luxembourg”), the BNB system, and such other clearing system as may be agreed between the Issuer and the Fiscal Agent or Domiciliary Agent and as specified in the relevant Final Terms.

9.11. *Events of Default*

In any of the following events (“Events of Default”) any Noteholder may by written notice to the Issuer and, in the case of Belfius Financing Company Notes, the Guarantor at its or their specified office declare his Note or Notes immediately due and payable with the following consequences (unless, in the case of Senior Notes, such Event of Default shall have been remedied prior to the receipt of such notice):

(A) **Subordinated Notes:**

If default is made in the payment of any principal or interest due in respect of the Subordinated Notes or, as applicable, the Subordinated Guarantee, and such default continues for a period of 30 days or more after the due date, any holder of Subordinated Notes may institute proceedings for the dissolution or liquidation of the Issuer or, as applicable, the Guarantor in the relevant Issuer or Guarantor’s incorporation country.

In the event of a dissolution or liquidation of the Issuer or, as applicable, of the Guarantor, (including, without limitation, the following events creating a “*samenloop van schuldeisers/concours de créanciers*”: bankruptcy (“*faillissement/faillite*”), judicial liquidation (“*gerechtelijke vereffening/liquidation forcée*”), voluntary liquidation (“*vrijwillige vereffening/liquidation volontaire*”) (other than a voluntary liquidation in connection with a reconstruction, merger or amalgamation where the continuing corporation assumes all the liabilities of the Issuer or Guarantor), dissolution (“*ontbinding/liquidation*”), moratorium of payments (“*moratorium/moratoire*”)

and other measures agreed between the Issuer or Guarantor and its creditors relating to the Issuer or Guarantor's payment difficulties, or an official decree of such measures), each holder of Subordinated Notes may give written notice to the Issuer, at its specified office that its Subordinated Note(s) together (if applicable) with accrued interest to the date of payment will become immediately due and payable.

No remedy against the Issuer or the Guarantor other than as referred to in this Condition 9(11) (and, as applicable, in the Subordinated Guarantee) shall be available to the holders of Subordinated Notes, whether for recovery of amounts owing in respect of the Subordinated Notes or in respect of any breach by the Issuer (or by the Guarantor) of any of its obligations under or in respect of the Subordinated Notes.

For the avoidance of doubt, the holders of Subordinated Notes waive, to the fullest extent permitted by law (i) all their rights whatsoever pursuant to Article 1184 of the Belgian Civil Code to rescind ("*ontbinden/résoudre*"), or to demand legal proceedings for the rescission ("*ontbinding/resolution*") of, the Subordinated Notes and (ii) to the extent applicable, all their rights whatsoever in respect of the Subordinated Notes pursuant to Article 487 of the Belgian Companies Code.

(B) Senior Notes: In the case of Senior Notes

- (a) if default is made by the Issuer for a period of 30 calendar days or more in the payment of the final Redemption Amount, or interest on the Notes when and as the same shall become due and payable; or
- (b) in the event of default by the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor, as the case may be, in the due performance of any other obligation under the terms and conditions of the Notes, unless remedied within 45 days after receipt of a written notice thereof given by any Noteholder; or
- (c) in the event of a merger, consolidation or other reorganisation of the Issuer or, as applicable, the Guarantor with, or a sale or other transfer by the Issuer or, as applicable, the Guarantor of all or a substantial part of its assets to, any other incorporated or unincorporated person or legal entity, unless, in each case not involving or arising out of insolvency, the person or entity surviving such merger, consolidation or other reorganisation or to which such assets shall have been sold or transferred shall have assumed expressly and effectively or by law all obligations of the Issuer or, as applicable, the Guarantor, as the case may be, with respect to the Notes and, the interests of the holders of Notes are not materially prejudiced thereby; or
- (d) in the event that the Issuer or, as applicable, the Guarantor is adjudicated bankrupt or insolvent, or admits in writing its inability to pay its debts as they mature, or makes an assignment for the benefit of its creditors, or enters into a composition with its creditors, or applies for a moratorium, or institutes or has instituted any proceedings under any applicable bankruptcy law, insolvency law, composition law or any law governing the appointment of a receiver, administrator, trustee or other similar official for the whole or any substantial part of its assets or property or any other similar law, or in the event that any such proceedings are instituted against the Issuer or, as applicable, the Guarantor and remain undismissed for a period of 30 days, or
- (e) if, for any reason, the relevant Guarantee ceases to be in full force and effect.

Notice of any Event of Default shall be given to the Noteholders in accordance with *Condition 9.17. Notices*.

9.12. Modifications of the Agency Agreement

The Issuer and, as applicable, the Guarantor shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

9.13. Responsibility of the Calculation Agent

All calculations shall be made in a commercially reasonable manner. The Calculation Agent shall have no responsibility to Noteholders for good faith errors or omissions in its calculations (without limitation, errors or omissions due to events which are not under the direct control of the Calculation Agent) and determinations as provided in the Terms and Conditions, except for those resulting from the gross negligence or wilful misconduct of the Calculation Agent. The calculations and determinations of the Calculation Agent shall be made in accordance with the Terms and Conditions (having regard in each case to the criteria stipulated herein and where relevant on the basis of information provided to or obtained by employees or officers of the Calculation Agent responsible for making the relevant calculation or determination) and shall, in the absence of manifest error, be final, conclusive and binding on the Issuer and the Noteholders. The Calculation Agent acts solely as agent of the Issuer and does not assume any obligations or duty to, or any relationship of agency or trust for or with, the Noteholders.

9.14. Prescription

Claims against the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor for payment in respect of any Note shall be prescribed and become void unless made within five years from the date on which such payment first becomes due.

9.15. Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note is due (whether as a result of, or the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution of the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor or otherwise) by any Noteholder in respect of any sum expressed to be due to it from the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor shall only constitute a discharge to the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor, as the case may be, to the extent of the amount in the currency of payment under the relevant Note that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, the Issuer, failing whom, in the case of Belfius Financing Company Notes, the Guarantor, shall indemnify it against any loss sustained by it as a result. In any event, the Issuer, failing whom, in the case of Belfius Financing Company Notes, the Guarantor, shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's and, in the case of Belfius Financing Company Notes, the Guarantor's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or any other judgment or order.

9.16. Substitution

- (i) In case of dissolution, liquidation, reconstruction, merger, amalgamation or any other kind of reorganization, the Issuer and, in the case of Belfius Financing Company Notes, the Guarantor may, without any further consent or co-operation from the Noteholders, at any time, procure that any affiliated or associated corporation of the Issuer or, in the case of Belfius Financing Company Notes, the Guarantor is substituted for the Issuer as the debtor under the Terms and Conditions to be offered by assigning all its rights and obligations to such other corporation (the "Substituted Issuer"), provided that the Substituted Issuer has a long-term debt rating of at least the same level as the one of the Issuer at the time of substitution, if any, and provided that:

- (a) no payment of any Redemption Amount or of interest on any Note is overdue and no other circumstances exist capable of causing the acceleration or redemption of the Notes;
 - (b) the Substituted Issuer shall agree to indemnify the holders of each Note against: all tax, duty, fee or governmental charge which is imposed on such holder by the jurisdiction of the country of the Substituted Issuer's residence for tax purposes and, if different, of its incorporation or any political subdivision or taxing authority thereof or therein with respect to such Note and which would not have been so imposed had such substitution not been made; and any costs or expenses incurred in connection with any such substitution; and
 - (c) in the case of Belfius Financing Company Notes, the Guarantor agrees on the provisions of such substitution as described herein, undertakes that the provisions in the Senior Guarantee (in the case of Senior Notes) and the Subordinated Guarantee (in the case of Subordinated Notes) with respect to the relevant Issuer will apply to the Substituted Issuer in the event of such substitution and shall be bound by all the obligations to be fulfilled by it under the relevant Senior Guarantee (in the case of Senior Notes) and the Subordinated Guarantee (in the case of Subordinated Notes) and the Terms and Conditions of the Notes as a result of such substitution and such obligations shall be legal, valid and enforceable; if the Issuer is substituted by the Guarantor, there is no requirement for an additional and separate guarantee of the obligations under the Notes.
- (ii) The Issuer hereby irrevocably and unconditionally guarantees that the Substituted Issuer shall pay all amounts of Redemption Amount of and interest on the Notes when due. In the event of substitution, this guarantee ceasing to be the valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, shall constitute an Event of Default.
 - (iii) In the event of substitution all references in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the Substituted Issuer and the references in *Condition 9.19. Taxation* to Luxembourg shall be deemed to be to the country where the Substituted Debtor has its domicile or tax residence.
 - (iv) The Substituted Issuer obtains all necessary governmental and regulatory approvals and consents

Notice of any substitution shall be given to the Noteholders in accordance with *Condition 9.17. Notices*.

9.17. Notices

All notices to holders of Notes (including notices to convene a meeting of Noteholders) will be deemed to have been validly given if given through the X/N Clearing System (in case of Belfius Bank Notes and certain Belfius Financing Company Notes) or the systems of Euroclear and Clearstream Luxembourg in accordance with the procedures of the relevant clearing system.

The Notes being held in a securities account, all notices to the Noteholders shall be validly given by a direct notification, in the case of Belfius Financing Company Notes from the Paying Agent to the Noteholders and, in the case of Belfius Bank Notes from Belfius Bank to the Noteholders, each time as the Issuer in his discretionary opinion shall deem necessary to give fair and reasonable notice to the Noteholders.

Any such notice shall be deemed to have been given on the date immediately following the date of notification from the Paying Agent in case of Belfius Financing Company Notes, and from Belfius Bank in case of Belfius Bank Notes.

9.18. Meeting of Noteholders

9.18.1. Definitions:

1. references to a meeting are to a meeting of Noteholders of a single Series of Notes and include, unless the context otherwise requires, any adjournment

2. references to “**Notes**” and “**Noteholders**” are only to the Notes of the Series in respect of which a meeting has been, or is to be, called and to the holders of those Notes, respectively
3. “**agent**” means a holder of a voting certificate or a proxy for, or representative of, a Noteholder
4. “**block voting instruction**” means an instruction issued in accordance with clause 9.18.4. paragraphs 4 to 8
5. “**Extraordinary Resolution**” means a resolution passed at a meeting duly convened and held in accordance with this Agreement by a majority of at least 75 per cent of the votes cast
6. “**voting certificate**” means a certificate issued in accordance with clause 9.18.4 paragraphs 1, 2, and 3 and
7. references to persons representing a proportion of the Notes are to Noteholders or agents holding or representing in the aggregate at least that proportion in principal amount of the Notes for the time being outstanding.

9.18.2. Powers of meetings

A meeting shall, subject to the Terms and Conditions and without prejudice to any powers conferred on other persons by the Agency Agreement, have power by Extraordinary Resolution:

1. to sanction any proposal by the relevant Issuer or the Guarantor or any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Noteholders against the Issuer or the Guarantor, whether or not those rights arise under the Notes
2. to sanction the exchange or substitution for the Notes of, or the conversion of the Notes into, shares, bonds or other obligations or securities of the Issuer, the Guarantor or any other entity
3. to assent to any modification of the Agency Agreement, the Notes proposed by the Issuer, the Guarantor, the Fiscal Agent or the Domiciliary Agent
4. to authorise anyone to concur in and do anything necessary to carry out and give effect to an Extraordinary Resolution
5. to give any authority, direction or sanction required to be given by Extraordinary Resolution
6. to appoint any persons (whether Noteholders or not) as a committee or committees to represent the Noteholders’ interests and to confer on them any powers or discretions which the Noteholders could themselves exercise by Extraordinary Resolution and
7. to approve the substitution of any entity for the relevant Issuer or the Guarantor (or any previous substitute) as principal debtor or guarantor in circumstances not provided for in the Terms and Conditions
8. provided that the special quorum provisions in clause 9.18.7. paragraph 4 shall apply to any Extraordinary Resolution (a “special quorum resolution”) for the purpose of sub-paragraph 2.2 or 2.7.

9.18.3. Convening a meeting

1. The relevant Issuer or the Guarantor may at any time convene a meeting. If it receives a written request by Noteholders holding at least 10 per cent in principal amount of the Notes of any Series for the time being outstanding and is indemnified to its satisfaction against all costs and expenses, the Issuer shall convene a meeting of the Noteholders of that Series. The meeting shall be held at a time and place as determined by the Issuer or, where applicable, the Guarantor, subject to, in the case of Belfius Financing Company Notes, approval by the Fiscal Agent or the Domiciliary Agent.
2. At least 21 days’ notice (exclusive of the day on which the notice is given and of the day of the meeting) shall be given to the Noteholders. A copy of the notice shall be given by the party convening the meeting to the other parties. The notice shall specify the day, time and place of meeting and the nature of the resolutions to be proposed and shall explain how Noteholders may appoint proxies or representatives, obtain voting certificates and use block voting instructions and the details of the time limits applicable.

9.18.4. Arrangements for voting

1. If a Noteholder Note wishes to obtain a voting certificate in respect of it for a meeting, he must notify the Paying Agent at least 48 hours before the time fixed for the meeting. The Paying Agent shall then issue a voting certificate in respect of it.

2. A voting certificate shall:

- be a document in the English language;
- be dated;
- specify the meeting concerned and the serial numbers of the Notes and
- entitle, and state that it entitles, its bearer to attend and vote at that meeting in respect of those Notes.

3. Once a Paying Agent has issued a voting certificate for a meeting in respect of a Note, it shall not release the Note until either:

the meeting has been concluded or

the voting certificate has been surrendered to the Paying Agent.

4. If a Noteholder wishes the votes attributable to it to be included in a block voting instruction for a meeting, then, at least 48 hours before the time fixed for the meeting, (i) he must notify for that purpose the Paying Agent and (ii) he or a duly authorised person on his behalf must direct the Paying Agent how those votes are to be cast. The Paying Agent shall issue a block voting instruction in respect of the votes attributable to all Notes for which it has received such notification.

5. A block voting instruction shall:

be a document in the English language

be dated

specify the meeting concerned

list the total number and serial numbers of the Notes, distinguishing with regard to each resolution between those voting for and those voting against it

certify that such list is in accordance with directions received as provided in paragraphs 8, 10 and 13 and

appoint a named person (a “proxy”) to vote at that meeting in respect of those Notes and in accordance with that list. A proxy need not be a Noteholder.

6. Once a Paying Agent has issued a block voting instruction for a meeting in respect of the votes attributable to any Notes the directions to which it gives effect may not be revoked or altered during the 48 hours before the time fixed for the meeting.

7. Each block voting instruction shall be deposited at least 24 hours before the time fixed for the meeting at the specified office of the relevant Issuer or the Guarantor or such other place as the Issuer shall designate or approve, and in default it shall not be valid unless the chairman of the meeting decides otherwise before the meeting proceeds to business. If the Issuer requires, a notarial certified copy of each block voting instruction shall be produced by the proxy at the meeting but the Issuer need not investigate or be concerned with the validity of the proxy’s appointment.

8. A vote cast in accordance with a block voting instruction shall be valid even if it or any of the Noteholders’ instructions pursuant to which it was executed has previously been revoked or amended, unless written intimation of such revocation or amendment is received from the relevant Issuer by the chairman of the meeting in each case at least 24 hours before the time fixed for the meeting.

9. No instructions may be giving by the Noteholder to the Paying Agent at the same time for the purposes of both paragraph 5 and paragraph 8 for the same meeting.

9.18.5. Chairman

The chairman of a meeting shall be such person as the Issuer may nominate in writing, but if no such nomination is made or if the person nominated is not present within 15 minutes after the time fixed for the meeting the Noteholders or agents present shall choose one of their number to be chairman, failing which the Issuer may appoint a chairman. The chairman need not be a Noteholder or agent. The chairman of an adjourned meeting need not be the same person as the chairman of the original meeting.

9.18.6. Attendance

The following may attend and speak at a meeting:

1. Noteholders and agents
2. the chairman
3. the Issuer, the Guarantor and the Fiscal Agent or Domiciliary Agent as applicable (through their respective representatives) and their respective financial and legal advisers.

9.18.7. Quorum and Adjournment

1. No business (except choosing a chairman) shall be transacted at a meeting unless a quorum is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the meeting, it shall, if convened on the requisition of Noteholders, be dissolved. In any other case it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the chairman may decide. If a quorum is not present within 15 minutes from the time fixed for a meeting so adjourned, it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the chairman may decide. If a quorum is not present within 15 minutes from the time fixed for a meeting so adjourned, the meeting shall be dissolved.

2. Two or more Noteholders or agents present in person shall be a quorum :

(i) in the cases marked “No minimum proportion” in the table below, whatever the proportion of the Notes which they represent.

(ii) in any other case, only if they represent the proportion of the Notes shown by the table below.

COLUMN 1	COLUMN 2	COLUMN 3	COLUMN 4
Purpose of Meeting	Any meeting except one referred to in column 3	Meeting previously once adjourned through want of a quorum	Meeting previously twice adjourned through want of a quorum
	Required proportion	Required Proportion	Required Proportion
To pass a special quorum resolution	two thirds	one third	No minimum proportion
To pass any other Extraordinary Resolution	A clear majority	No minimum proportion	No minimum proportion
Any other purpose	10 per cent	No minimum proportion	No minimum proportion

3. The chairman may (and shall if directed by a meeting) adjourn the meeting “from time to time and from place to place”. Only business which could have been transacted at the original meeting may be transacted at a meeting adjourned in accordance with this clause.

4. At least 10 days' notice of a meeting adjourned for want of a quorum shall be given in the same manner as for an original meeting and that notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned meeting.

9.18.8. Voting

1. Each question submitted to a meeting shall be decided by a show of hands unless a poll is (before, or on the declaration of the result of, the show of hands) demanded by the chairman, the Issuer, the Guarantor or one or more persons representing 2 per cent. of the Notes.

2. Unless a poll is demanded a declaration by the chairman that a resolution has or has not been passed shall be conclusive evidence of the fact without proof of the number or proportion of the votes cast in favour of or against it.

3. If a poll is demanded, it shall be taken in such manner and (subject as provided below) either at once or after such adjournment as the chairman directs. The result of the poll shall be deemed to be the resolution of the meeting at which it was demanded as at the date it was taken. A demand for a poll shall not prevent the meeting continuing for the transaction of business other than the question on which it has been demanded.

4. A poll demanded on the election of a chairman or on a question of adjournment shall be taken at once.

5. On a show of hands every person who is present in person and who produces a voting certificate or is a proxy or representative has one vote. On a poll every such person has one vote in respect of each principal amount equal to the minimum denomination of such Series of Notes so produced or represented by the voting certificate so produced or for which he is a proxy or representative. Without prejudice to the obligations of proxies, a person entitled to more than one vote need not use them all or cast them all in the same way.

6. In case of equality of votes the chairman shall both on a show of hands and on a poll have a casting vote in addition to any other votes which he may have.

9.18.9. Effect and Publication of an Extraordinary Resolution

An Extraordinary Resolution shall be binding on all the Noteholders, whether or not present at the meeting and each of them shall be bound to give effect to it accordingly. The passing of such a resolution shall be conclusive evidence that the circumstances justify its being passed. The Issuer shall give notice of the passing of an Extraordinary Resolution to Noteholders within 14 days but failure to do so shall not invalidate the resolution.

9.18.10. Minutes

Minutes shall be made of all resolutions and proceedings at every meeting and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting, shall be conclusive evidence of the matters in them. Until the contrary is proved every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

9.19. Taxation

BELGIAN TAXATION ON THE NOTES

The following is a general description of the principal Belgian tax consequences for investors receiving interest in respect of or disposing of, the Notes issued by Belfius Bank and the Notes issued by Belfius Financing Company and is of a general nature based on the issuers' understanding of current law and practice. This general description is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date (for example the rate of the withholding tax). Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below.

Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding, selling or converting the Notes issued by Belfius Bank and/or Belfius Financing Company under the laws of their countries of citizenship, residence, ordinary residence or domicile.

9.19.1. Specific tax regime for notes issued within the x/n System (x/n notes)

Certain Notes (hereafter “X/N notes”) will be issued through the X/N Clearing System (“X/N System”) of the National Bank of Belgium (the “NBB”). In such a case, the following specific tax regime is applicable, as governed by the Law of 6 August 1993 relating to transactions with certain securities (*Wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*) and the Royal Decree of 26 May 1994 on the deduction of withholding tax (*Koninklijk Besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing overeenkomstig Hoofdstuk I van de wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*):

Payments of interest and principal under the Notes by or on behalf of the Issuer may be made without deduction of withholding tax in respect of the Notes if and as long as at the moment of payment or attribution of interest they are held by certain eligible investors (the “Eligible Investors”, see hereinafter) in an exempt securities account (an “X Account”) that has been opened with a financial institution that is a direct or indirect participant (a “Participant”) in the X/N System operated by the NBB. Euroclear and Clearstream, Luxembourg are directly or indirectly Participants for this purpose.

Holding the Notes through the X/N System enables Eligible Investors to receive the gross interest income on their Notes and to transfer the Notes on a gross basis.

Participants to the X/N system must enter the Notes which they hold on behalf of Eligible Investors in an X Account.

Eligible Investors are those entities referred to in article 4 of the abovementioned Belgian Royal Decree of 26 May 1994, which include, *inter alia*:

- (i) Belgian corporations subject to Belgian corporate income tax;
- (ii) institutions, associations or companies specified in article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in 1° and 3° subject to the application of article 262, 1° and 5° of the Income Tax Code of 1992;
- (iii) state regulated institutions (“*institutions parastatales*”, “*parastatalen*”) for social security, or institutions which are assimilated therewith, provided for in article 105, 2° of the Royal Decree implementing the Income Tax Code 1992;
- (iv) non-resident investors provided for in article 105, 5° of the same decree;
- (v) investment funds, recognized in the framework of pension savings, provided for in article 115 of the same decree;
- (vi) tax payers provided for in article 227, 2° of the Income Tax Code 1992 which have used the income generating capital for the exercise of their professional activities in Belgium and which are subject to non-resident income tax pursuant to article 233 of the same code;
- (vii) the Belgian State in respect of investments which are exempt from withholding tax in accordance with a article 265 of the Income Tax Code 1992;
- (viii) investment funds governed by foreign law which are an indivisible estate managed by a management company for the account of the participants, provided the fund units are not offered publicly in Belgium or traded in Belgium; and,

(ix) Belgian resident corporations, not provided for under (i), when their activities exclusively or principally consist of the granting of credits and loans.

Eligible Investors do not include, *inter alia*, Belgian resident investors who are individuals or non-profit making organisations, other than those mentioned under (ii) and (iii) above.

Participants to the X/N System must keep the Notes which they hold on behalf of the non-Eligible Investors in a non-exempt securities account (an “N Account”). In such instance all payments of interest are subject to the 27 per cent. withholding tax. This withholding tax is withheld by the NBB and paid to the Belgian Treasury.

Transfers of Notes between an X Account and an N Account give rise to certain adjustment payments on account of withholding tax:

A transfer from an N Account (to an X Account or N Account) gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the pro rata of accrued interest calculated from the last interest payment date up to the transfer date.

A transfer (from an X Account or N Account) to an N Account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the pro rata of accrued interest calculated from the last interest payment date up to the transfer date.

Transfers of Notes between two X Accounts do not give rise to any adjustment on account of withholding tax.

The pro rata of accrued interest referred to above is equal to the pro rata of accrued interest corresponding to the detention period for non-structured notes. For structured notes issued in the X/N System, the Royal Decree of 1 July 2013 amending the Royal Decree of 26 May 1994 on the deduction of withholding tax (Belgian Official Gazette of 9 August 2013), stipulates that the pro rata of accrued interest should be determined on the basis of the value of the parameter(s) of the structured note on issue date and their respective value(s) on the transfer date. The taxable amount so determined constitutes a lump sum basis which will be different, and possibly higher, than the interest income realised on the next interest date and/or maturity date.

Upon opening of an X Account for the holding of Notes, the Eligible Investor is required to provide the Participant with a statement of its eligible status on a form approved by the Minister of Finance. There is no on going declaration requirement to the X/N System as to the eligible status.

An Exempt Account may be opened with a Participant by an intermediary (an “Intermediary”) in respect of Notes that the Intermediary holds for the account of its clients (the “Beneficial Owners”), provided that each Beneficial Owner is an Eligible Investor. In such a case, the Intermediary must deliver to the Participant a statement on a form approved by the Minister of Finance confirming that (i) the Intermediary is itself an Eligible Investor, and (ii) the Beneficial Owners holding their Notes through it are also Eligible Investors. A Beneficial Owner is also required to deliver a statement of its eligible status to the intermediary.

These identification requirements do not apply to Notes held in Euroclear or Clearstream, Luxembourg as Participants to the X/N Clearing System, provided that Euroclear or Clearstream only hold X Accounts and that they are able to identify the holders for whom they hold Notes in such account.

9.19.2. Notes issued by Belfius Bank

All of the Notes issued by Belfius Bank will be “X/N Notes”.

9.19.2.1. Belgian withholding tax and income tax.

9.19.2.1.1. Belgian resident individuals

Natural persons who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax (“*Personenbelasting*”/“*Impôt des personnes physiques*”) and who hold the Notes as a private investment, are

subject to the following tax treatment with respect to the Notes. Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Natural persons who are Belgian residents for tax purposes, are non-Eligible Investors (N-account holders). All payments of interest on the X/N Notes, as defined below under (i), (ii) and (iii) will therefore be subject to a 27th per cent. withholding tax in Belgium. Belgian natural persons do not have to declare the interest on the Notes in their personal income tax return.

In accordance with Belgian tax law, the following amounts are qualified and taxable as “interest”:

- (i) periodic interest income,
- (ii) amounts paid by the issuer in excess of the issue price (whether or not on the maturity date), and
- (iii) in case of a transfer of the X/N Notes between two interest payment dates, the pro rata of accrued interest (as defined in *condition 9.19.1.* above).

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the management of one’s private estate or unless the capital gains qualify as interest (as defined in (iii) above). Capital losses are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

9.19.2.1.2. Belgian resident companies

Belgian resident companies do qualify as Eligible Investors and will not be subject to Belgian withholding tax provided they hold the Notes on an X Account.

Interest attributed or paid to corporations Noteholders who are Belgian residents for tax purposes, i.e. who are subject to the Belgian Corporate Income Tax (“*vennootschapsbelasting*”/“*impôt des sociétés*”), as well as capital gains realized upon the sale of the Notes are taxable at the ordinary corporate income tax rate of in principle 33.99 per cent. Capital losses realised upon the sale of the Notes are in principle tax deductible.

9.19.2.1.3. Belgian legal entities

Belgian legal entities subject to the Belgian legal entities tax (“*rechtspersonenbelasting*”, “*impôts des personnes morales*”) which do not qualify as Eligible Investors are subject to a withholding tax of 27 per cent on interest payments as defined under 9.19.2.1.1, 2nd § (i) (ii) and (iii). The withholding tax constitutes the final taxation.

Certain Belgian legal entities which qualify as Eligible Investors (see *Condition 9.19.1.*) and which consequently have received gross interest income, are required to declare and pay the 27 per cent. withholding tax to the Belgian tax authorities.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains qualify as interest (as defined as defined under 9.19.2.1.1, 3rd § (iii)). Capital losses are in principle not tax deductible.

9.19.2.1.4. Belgian non-residents

Noteholders who are not residents of Belgium for Belgian tax purposes and who are not holding the Notes through their permanent establishment in Belgium, will not become liable for any Belgian tax on income or capital gains by reason only of the acquisition or disposal of the Notes provided that they qualify as Eligible Investors and that they hold their Notes on an X Account.

9.19.2.2 Other taxes

9.19.2.2.1. Exchange of Information – Common Reporting Standard (“CRS”)

The updated Directive on Administrative Cooperation (“DAC2”) implemented the exchange of information based on the Common reporting Standard (“CRS”) within the EU. As to prevent overlap, the EU Savings Directive was repealed as from 1 January 2016 (1 January 2017 in the case of Austria). The updated Directive on Administrative Cooperation (“DAC2”) and CRS have been transposed in Belgium by the law of 16 December 2015.

If, during 2016, a payment were to be made or collected through a paying agent in Austria or in certain third countries or dependent associated territories of certain Member States, a withholding tax could still be levied in such countries.

Under CRS, financial institutions resident in a CRS country (more than 80 jurisdictions) are required to identify their customers and report, according to a due diligence standard, personal data and financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes e.g. trusts) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

More than 50 countries, including Belgium, will start reporting under CRS in 2017 with respect to calendar year 2016.

9.19.2.2.2. Exchange of Information - FATCA reporting and withholding

Belgium implemented the Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act of 2010, commonly referred to as “FATCA”, through an InterGovernmental Agreement (“IGA”) of 23 April 2014 between Belgium and the United States, which was transposed in Belgium by the law of 16 December 2015.

Under FATCA, financial institutions are required to identify their customers and report, according to a due diligence standard, personal data and financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals that are US citizens or residents and US entities (which includes e.g. trusts). FATCA includes a requirement to look through passive non-US entities to report on the relevant US controlling persons.

Whilst the Notes are held within the Securities Settlement System, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the Securities Settlement System. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payments to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to

make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Notes are discharged once it has paid to or to the order of the Securities Settlement System and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the Securities Settlement System and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an IGA are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make on securities such as the Notes.

9.19.2.2.3. Financial Transaction Tax

On 14 February 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive for a common financial transactions tax (the "FTT") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in financial instruments (including secondary market transactions) in certain circumstances. The issuance and subscription of financial instruments should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in financial instruments where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

In December 2015, 10 of the original 11 Member States issued a statement setting out areas where agreement had been reached as well as areas that were still open. Estonia has indicated that it no longer supports the proposal. The statement indicates that a decision on the open issues should be made by end of June 2016.

The FTT proposal remains subject to negotiation between the participating Member States and the scope of any such taxation is uncertain. Additional EU Member States may decide to participate.

Prospective investors are strongly advised to seek their own professional advice in relation to the FTT.

9.19.2.2.4. Tax on stock exchange transactions

A *taxe sur les opérations de bourse* (tax on stock exchange transactions) will be levied on the purchase and sale in Belgium of the Notes on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is, for capital guaranteed Notes, 0.09 per cent. with a maximum amount of Euro 650 per transaction and per party, and for non capital guaranteed Notes, 0.27 per cent for with a maximum amount of Euro 800 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

However none of the taxes referred to above will be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the *Code des droits et taxes divers* (Code of various duties and taxes) for the *taxe sur les opérations de bourse* and Article 139, second paragraph, of the same code for the *taxe sur les reports*.

9.19.3. Notes issued by Belfius Financing Company

9.19.3.1. Belgian withholding tax and income tax. (for other taxes, reference is made to 9.19.3.2)

9.19.3.1.1. “X/N” Notes

9.19.3.1.1.1. Belgian resident individuals

Natural persons who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax (“*Personenbelasting*”/“*Impôt des personnes physiques*”) and who hold the Notes as a private investment, are subject to the following tax treatment with respect to the Notes. Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Natural persons who are Belgian residents for tax purposes, are non-Eligible Investors (N-account holders). All payments of interest on the X/N Notes, as defined below under (i), (ii) and (iii) will therefore be subject to a 27 per cent. withholding tax in Belgium. Belgian natural persons do not have to declare the interest on the Notes in their personal income tax return.

In accordance with Belgian tax law, the following amounts are qualified and taxable as “interest”:

- (i) periodic interest income,
- (ii) amounts paid by the issuer in excess of the issue price (whether or not on the maturity date), and
- (iii) in case of a transfer of the X/N Notes between two interest payment dates, the pro rata of accrued interest (as defined in *Condition 9.19.1.* above).

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the management of one’s private estate or unless the capital gains qualify as interest (as defined in (iii) above). Capital losses are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

9.19.3.1.1.2. Belgian resident companies

Belgian resident companies do qualify as Eligible Investors and will not be subject to Belgian withholding tax provided they hold the Notes on an X Account.

Interest attributed or paid to corporations Noteholders who are Belgian residents for tax purposes, i.e. who are subject to the Belgian Corporate Income Tax (“*vennootschapsbelasting*”/“*impôt des sociétés*”), as well as capital gains realized upon the sale of the Notes are taxable at the ordinary corporate income tax rate of in principle 33.99 per cent. Capital losses realised upon the sale of the Notes are in principle tax deductible.

9.19.3.1.1.3. Belgian legal entities

Belgian legal entities subject to the Belgian legal entities tax (“*rechtspersonenbelasting*”, “*impôts des personnes morales*”) which do not qualify as Eligible Investors are subject to a withholding tax of 27 per cent. on interest payments as defined under 9.19.3.1.1.1, 3rd § (i), (ii) and (iii). The withholding tax constitutes the final taxation.

Certain Belgian legal entities which qualify as Eligible Investors (see Section “X/N Notes”) and which consequently have received gross interest income are required to declare and pay the 27 per cent. withholding tax to the Belgian tax authorities.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains qualify as interest (as defined as defined under 9.19.3.1.1.1., 3rd § (iii)). Capital losses are in principle not tax deductible.

9.19.3.1.1.4. Belgian non-residents

Noteholders who are not residents of Belgium for Belgian tax purposes and who are not holding the Notes through their permanent establishment in Belgium, will not become liable for any Belgian tax on income or capital gains by reason only of the acquisition or disposal of the Notes provided that they qualify as Eligible Investors and that they hold their Notes on an X Account.

9.19.3.1.2. Notes issued outside the X/N System

9.19.3.1.2.1. Tax rules applicable to natural persons resident in Belgium

Natural persons who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax (“*Personenbelasting*”/“*Impôt des personnes physiques*”) and who hold the Notes as a private investment, are in Belgium subject to the following tax treatment with respect to the Notes. Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

In accordance with Belgian tax law, the following amounts are qualified and taxable as “interest”:

- (i) periodic interest income
- (ii) amounts paid by the issuer in excess of the issue price (whether or not on the maturity date)
- (iii) if the Notes qualify as “fixed income securities” (in the meaning of article 2, §1, 8° Belgian Income Tax Code), in case of a transfer of the Notes between two interest payment dates, the pro rata of accrued interest corresponding to the detention period. “Fixed income securities” are defined as bonds, specific debt certificates issued by banks (*‘kasbon’/‘bon de caisse’*) and other similar securities, including securities where income is capitalised or securities which do not generate a periodic payment of income but are issued with a discount corresponding to the capitalised interest up to the maturity date of the security. In a circular letter of 25 January 2013, the central tax administration takes the position that certain structured notes also qualify as “fixed income securities” if they are characterized by one or more of the following terms: (a) a (conditional) minimum return; (b) capital protection; (c) a periodical coupon and/or (d) the determination of income during an intermediate period via a system of “clicks”. Upon a transfer of such structured notes, the taxable (accrued) interest amount should be determined on the basis of the value of the parameter(s) of the structured note on issue date and their respective value(s) on the transfer date. The taxable amount so determined constitutes a lump sum basis which will be different, and possibly higher, than the interest income realised on the next interest date and/or maturity date.

Payments of interest on the Notes as defined under (i) and (ii) made through a paying agent in Belgium will in principle be subject to a 27 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). If such Belgian withholding tax was levied, then Belgian natural persons do not have to declare the interest on the Notes in their personal income tax return.

Interest amounts on Notes as defined under (iii) made through a paying agent in Belgium are not subject to Belgian withholding tax. The transferor will be required to declare this (accrued) interest amount in his/her personal income tax return.

If the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of currently 27.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the management of one’s private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

9.19.3.1.2.2. Belgian resident companies

Corporations who are Belgian residents for tax purposes, i.e. who are subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”) are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax of 33.99 per cent. Capital losses are in principle deductible.

Interest payments on the Notes made through a paying agent in Belgium can under certain circumstances be exempt from withholding tax, provided a special certificate is delivered. Subject to certain conditions, any Belgian withholding tax that would be levied is creditable in accordance with the applicable legal provisions.

9.19.3.1.2.3. Belgian legal entities

Legal entities who are Belgian residents for tax purposes, i.e. who are subject to Belgian tax on legal entities (“*Rechtspersonenbelasting*”/“*impôt des personnes morales*”) are in Belgium subject to the following tax treatment with respect to the Notes.

Payments of interest, as defined under 9.19.3.1.2.1, 2nd § (i) and (ii), on the Notes made through a paying agent in Belgium will in principle be subject to a 27 withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is required to declare and pay the withholding tax to the Belgian tax authorities.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gain qualifies as interest (as defined under (iii) above). Capital losses are in principle not tax deductible.

9.19.3.1.2.4. Organization for Financing Pensions

Belgian pension fund entities that have the form of an Organization for Financing Pensions (OFP) are subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”). OFPs are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by OFP Noteholders on the Notes and capital gains realised on the Notes will be exempt from Belgian Corporate Income Tax. Capital losses are in principle not tax deductible.

The Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

9.19.3.1.2.5. Belgian non-residents

The interest income as defined under 9.19.3.1.2.1, 2nd § (i) and (ii) on the Notes paid through a professional intermediary in Belgium will, in principle, be subject to a 27 withholding tax, unless the Noteholder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors can also obtain an exemption of Belgian withholding tax on interest from the Notes if they are the owners or *usufructors* of the Notes and they deliver an affidavit confirming that they have not allocated the Notes to business activities in Belgium and that they are non-residents, provided that (i) the interest is paid through a Belgian credit institution, stock market company or clearing or settlement institution and that (ii) the Notes are not used by the Issuer for carrying on a business in Belgium.

The non-residents who use the Notes to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies (see 9.19.3.1.2.2 above). Non-resident Noteholders who do not allocate the Notes to a professional activity in Belgium are not subject to Belgian income tax, save, as the case may be, in the form of withholding tax.

9.19.3.2 Other taxes

9.19.3.2.1. Exchange of Information – Common Reporting Standard (“CRS”)

The updated Directive on Administrative Cooperation (“DAC2”) implemented the exchange of information based on the Common reporting Standard (“CRS”) within the EU. As to prevent overlap, the EU Savings Directive was repealed as from 1 January 2016 (1 January 2017 in the case of Austria). The updated Directive on Administrative Cooperation (“DAC2”) and CRS have been transposed in Belgium by the law of 16 December 2015.

If, during 2016, a payment were to be made or collected through a paying agent in Austria or in certain third countries or dependent associated territories of certain Member States, a withholding tax could still be levied in such countries.

Under CRS, financial institutions resident in a CRS country (more than 80 jurisdictions) are required to identify their customers and report, according to a due diligence standard, personal data and financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes e.g. trusts) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

More than 50 countries, including Belgium, will start reporting under CRS in 2017 with respect to calendar year 2016.

9.19.3.2.2. Exchange of Information - FATCA reporting and withholding

Belgium implemented the Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act of 2010, commonly referred to as “FATCA”, through an InterGovernmental Agreement (“IGA”) of 23 April 2014 between Belgium and the United States, which was transposed in Belgium by the law of 16 December 2015.

Under FATCA, financial institutions are required to identify their customers and report, according to a due diligence standard, personal data and financial information with respect to reportable accounts, which includes interest, dividends, account balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals that are US citizens or residents and US entities (which includes e.g. trusts). FATCA includes a requirement to look through passive non-US entities to report on the relevant US controlling persons.

Whilst the Notes are held within the Securities Settlement System, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the Securities Settlement System. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payments to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to

make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Notes are discharged once it has paid to or to the order of the Securities Settlement System and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the Securities Settlement System and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an IGA are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make on securities such as the Notes.

9.19.3.2.3. Financial Transaction Tax

On 14 February 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive for a common financial transactions tax (the "FTT") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in financial instruments (including secondary market transactions) in certain circumstances. The issuance and subscription of financial instruments should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in financial instruments where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

In December 2015, 10 of the original 11 Member States issued a statement setting out areas where agreement had been reached as well as areas that were still open. Estonia has indicated that it no longer supports the proposal. The statement indicates that a decision on the open issues should be made by end of June 2016.

The FTT proposal remains subject to negotiation between the participating Member States and the scope of any such taxation is uncertain. Additional EU Member States may decide to participate.

Prospective investors are strongly advised to seek their own professional advice in relation to the FTT.

9.19.3.2.4 Tax on stock exchange transactions

A *taxe sur les opérations de bourse* (tax on stock exchange transactions) will be levied on the purchase and sale in Belgium of the Notes on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is, for capital guaranteed Notes, 0.09 per cent. with a maximum amount of Euro 650 per transaction and per party, and for non capital guaranteed Notes, 0.27 per cent. with a maximum amount of Euro 800 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

However none of the taxes referred to above will be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126.1 2° of the *Code des droits et taxes divers* (Code of various duties and taxes) for the *taxe sur les opérations de bourse* and Article 139, second paragraph, of the same code for the *taxe sur les reports*.

9.20. Governing Law and Jurisdiction

The Notes and the Guarantee are governed by Belgian law.

All disputes arising out of or in connection with the Notes or the Guarantees shall be submitted to the jurisdiction of the competent courts in Belgium.

The Agency Agreement is governed by Luxembourg law with respect of Bearer Notes and by Belgian law with respect of Dematerialized Notes.

9.21. Financial Service

The financial service will be performed by Belfius Bank (in Belgium) and BIL (in Luxembourg).

9.22. Representation of Noteholders

There is no representation of the holders of the Notes in relation to any offer of Notes.

9.23. Guarantee

Sections 9.23.1 and 9.23.2 below only apply to Belfius Financing Company Notes.

9.23.1 Senior Guarantee

The Guarantor has, by a Senior Guarantee, unconditionally and irrevocably guaranteed on an unsubordinated basis the due and punctual payment of the principal of and interest on the Senior Notes as well as of any additional amounts which may be required to be paid by Belfius Financing Company (as described under *Condition 9.19. Taxation*) (the “Senior Guarantee” and a “Guarantee”, see Annex 2).

The obligations of the Guarantor under the Senior Guarantee are direct, unconditional and unsecured obligations of the Guarantor and rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by laws relating to creditors’ rights.

9.23.2 Subordinated Guarantee

The Guarantor has, by a subordinated guarantee, unconditionally and irrevocably guaranteed on a subordinated basis, the due and punctual payment of the principal of and interest on the Subordinated Notes, as well as of any additional amounts which may be required to be paid by Belfius Financing Company (as described under *Condition 9.19. Taxation*) (the “Subordinated Guarantee” and a “Guarantee”, see Annex 3).

In the event of a dissolution or liquidation of the Guarantor (including the following events creating a “*concours de créanciers/samenloop van schuldeisers*”: bankruptcy (“*faillite/faillissement*”); judicial composition (“*concordat judiciaire/gerechtigd akkoord*”) and judicial or voluntary liquidation (“*liquidation volontaire ou force/vrijwillige of gedwongen liquidatie*”) (other than a voluntary liquidation in connection with a reconstruction, merger or amalgamation where the continuing corporation assumes all the liabilities of the Guarantor)), the Holders of Subordinated Notes irrevocably waive their rights to equal treatment with other unsecured creditors (“*créanciers chirographaires/chirografaire schuldeisers*”) or Eligible Creditors (as defined in the Conditions). Consequently, the Holders of Subordinated Notes agree that upon the occurrence of any of the events described in the preceding sentence, the Guarantor will have no obligation to pay any principal or interest due to them until all Senior Creditors and Eligible Creditors of the Guarantor have been paid, or the funds necessary to satisfy the Senior Creditors and Eligible Creditors (as defined under the Subordinated Guarantee) have been put in escrow (“*en consignation/in consignatie*”).

On demand, the Noteholders can have access to a copy of the Guarantee by contacting one of the Paying Agents during normal business hours.

10. TERMS AND CONDITIONS OF THE OFFER

(Annex V.5 of Regulation (EC) 809/2004)

The Notes will be offered for subscription during the Offering Period (specified in the relevant Final Terms) at the relevant Issue Price. Any applicable fees or commissions will be specified in the relevant Final Terms. The Issuer has the right to cancel any issue of Notes under the Programme during their Offering Period until the fifth Business Day before their Issue Date, either (i) when it reasonably believes that investors will not subscribe to the offer for an amount of at least the Minimum Amount specified in the relevant Final Terms or (ii) in case it considers there is a material adverse change in market conditions. Investors that have subscribed to these Notes will be notified pursuant to Condition 9.17. of such cancellation. The Issuer has the right to anticipatively terminate the Offering Period if the Maximum Amount of the relevant Notes issue has been reached or if the market conditions adversely affect the interest or the redemption amounts to be paid by the Issuer.

The cash account of the Noteholder will be debited on the Issue Date. At the same date, the Notes will be transferred on the securities accounts of the Noteholders.

If Notes are deposited in a securities account with Belfius Bank, Belfius Bank will not charge any fees for this service, nor for the opening of such securities account. If a Noteholder chooses to deposit his or her securities with another financial institution, he or she must inquire the fees charged by this institution.

The Notes have not been offered or sold and will not be offered or sold directly or indirectly and the Prospectus has not been distributed and will not be distributed, except in such circumstances that will result in compliance with all applicable laws and regulations.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and are subject to U.S. tax law requirements and, subject to certain exceptions, Notes may not be offered, sold or delivered within the United States of America, including its territories and possessions, or to U.S. persons.

The Notes have not been offered, sold or delivered and will not be offered, sold or delivered, as part of their distribution at any time, or otherwise until 40 days after the commencement of the offering within the United States or to, or for the account or the benefit of, U.S. persons and a dealer to which the Notes are sold during the restricted period, will receive a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the U.S. or to, or for the account or benefit of, U.S. persons.

Until 40 days after the commencement of the offering, an offer or sale of Notes within the U.S. by a dealer that is not participating in the offering may violate the registration requirements imposed by the U.S. Securities Act of 1933, as amended.

Any document connected with the issue of the Notes has only been issued or passed on and will only be issued and passed on in the United Kingdom to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995.

Any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “UK FSMA”) in connection with the issue or sale of any Notes, has only been communicated or caused to be communicated and will only be communicated or caused to be communicated in circumstances in which section 21(1) of the UK FSMA does not apply to the Issuer and all applicable provisions of the UK FSMA with respect to anything done in relation to such Notes in, from or otherwise involving the United Kingdom have been complied with and will be complied with.

11. ADMISSION TO TRADING AND DEALING ARRANGEMENTS

(Annex V.6 of Regulation (EC) 809/2004)

The Notes will not be the subject of an application for admission to trading on a regulated or non-regulated market, nor have any Notes previously issued under the Notes Issuance Programme ever been the subject of an application for admission to trading on a regulated market or equivalent market.

If liquidity is provided to be “Applicable” in the relevant Final Terms for any Notes, the price of the Notes is available on demand in the offices of Belfius Bank or on the website www.belfius.be, and this on each Business Day during the term of such Notes in every office of Belfius Bank until 30 Business Days preceding their Maturity Date or, if applicable, 10 Business Days before the Optional Redemption Date, unless in Belfius Bank’s determination, market conditions preclude it from quoting a price. If Belfius Bank quotes a price, it can be considered market maker for the Notes and will organise the secondary market, thereby providing liquidity through bid and offer rates. The main terms of the commitment of Belfius Bank will be specified in the relevant Final Terms and (i) “Maximum Spread” means on any given moment the maximum spread between the then applicable bid and offer rates; (ii) “Maximum Commission” means the maximum commission on the bid and offer rates; and (iii) “Maximum Exit Penalty” means the maximum exit penalty applicable to the nominal amount of the Notes. The bid and offer rates of the Notes on any given moment are subject to the market conditions, interest rates, forward rates; credit spreads of the relevant Issuer or, in the case of Belfius Financing Company Notes, the Guarantor, etc.

In case of sale of the Notes before maturity, the sale proceeds can be lower than the invested amount.

12. USE OF PROCEEDS

The net proceeds of Notes, i.e. the Nominal Amount less any expenses and fees, will be used for general corporate purposes of Belfius Bank. In the case of Belfius Financing Company Notes, the proceeds of the issued notes are fully transferred to Belfius Bank..

13. THIRD PARTY INFORMATION, EXPERT STATEMENTS AND DECLARATIONS

(Annex IV.17 and XI.14 of Regulation (EC) 809/2004)

There has not been any statement or report attributed to a person as an expert which is included in this Base Prospectus.

14. DOCUMENTS ON DISPLAY

(Annex IV.17 and XI.14 of Regulation (EC) 809/2004)

Copies of the annual reports dated December 31st, 2013 for the Issuer and, as applicable, the Guarantor and of all subsequent annual reports to be published, copies of the articles of association of the Issuer and, as applicable, the Guarantor are available free of charge at the office of Belfius Bank and will be available during the entire lifetime of the Notes.

Additionally, the annual reports of Belfius Bank are available on its internet site <https://www.belfius.com/EN/reports/index.aspx>, and the annual reports of Belfius Financing Company are available on its internet site <https://www.belfius-financingcompany.lu/>.

Moreover, copies of the semi-annual and annual reports of Belfius Financing Company and copies of the annual reports of Belfius Bank are available on the Luxembourg Stock Exchange-website: www.bourse.lu.

Annex 1: Template for Final Terms

APPLICABLE FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Notes issued under the Programme.

Final Terms dated [●]

[Belfius Financing Company SA] [Belfius Bank SA/NV]

Issue of [Title of Notes]
[Guaranteed by Belfius Bank SA/NV]
under the

Belfius Financing Company SA

and

Belfius Bank SA/NV

Notes Issuance Programme

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions set forth in the Base Prospectus dated 27 September 2016, which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the “Prospectus Directive”). **This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus and any supplement thereto.** These Final Terms and the Base Prospectus together constitute the Programme for the Tranche. Full information on the Issuer [, the Guarantor] and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for inspection at [the office of the Guarantor,] the office of the Issuer and the website www.belfius.be. A summary of the offer of the Notes is provided in an annex to the Final Terms.

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Final Terms.]

[When completing any final terms, or adding any other final terms or information, consideration should be given as to whether such terms or information constitute “significant new factors” and consequently trigger the need for a supplement to the Programme under Article 16 of the Prospectus Directive.]

1 (i) Issuer: [Belfius Bank SA/NV][Belfius Financing Company SA]

(ii) Guarantor: [N/A][Belfius Bank SA/NV]

(iii) Calculation Agent: Belfius Bank SA/NV

[PART B – OTHER INFORMATION]

RISK INDICATOR

In order to increase the transparency of the risks involved in investment products, Belfius Bank SA/NV has developed a synthetic risk indicator through a scale going from 0 (lowest risk) to 6 (highest risk). The exact risk level for any investment product is determined in function of following criteria: the degree to which capital will be refunded at maturity, term of the relevant Note, type of return (distribution or capitalisation), credit risk and complexity (Underlying and strategy). Other important criteria, such as the liquidity risk of Belfius Bank SA/NV and the market risk, are not taken into account.

Risk Level: [●]

[SIMULATIONS [AND INTERNAL RATE OF RETURN]]

[●] *(Please insert simulations for the Variable Rate or the Variable Linked Redemption Amount)*

[IRR: The internal rate of return is a rate of return used to measure the profitability of an investment: it is the annualized effective compounded return rate that makes the net present value of all cash flows from a particular investment equal to zero.]

[These simulations are fictitious examples and by no means represent reliable indicators.]

[OTHER INFORMATION]

[●] *(Insert other information such as the historical evolution of the Floating Rate or the Underlying(s))*

[This information has been extracted from [Insert source]. [Each of] the Issuer [and the Guarantor] confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by [●], no facts have been omitted which would render the reproduced information inaccurate or misleading]

Annex 2: Senior Guarantee

A form of the Senior Guarantee is reproduced here below:

BELFIUS FINANCING COMPANY SA
And
BELFIUS BANK SA/NV
Notes Issuance Programme
SENIOR GUARANTEE
by
Belfius Bank SA/NV
IN RELATION TO NOTES ISSUED BY Belfius Financing Company

27 September 2016

WHEREAS the Board of Directors of Belfius Financing Company S.A. (the “Issuer” or “Belfius Financing Company”) has decided on 19 August 2015, to update the Notes Issuance Programme (the “Programme”) under which it may from time to time issue Notes (the “Belfius Financing Company Notes”), which may be linked to various underlyings (the “Underlying”), that rank as senior obligations of the Issuer (the “Senior Belfius Financing Company Notes”) or that rank as senior subordinated obligations of the issuer (the “Subordinated Belfius Financing Company Notes”) according to the terms and conditions enumerated in such decision. Senior Belfius Financing Company Notes will be guaranteed by Belfius Bank SA/NV (also named Belfius Banque SA/Belfius Bank NV) (the “Guarantor” or “Belfius Bank”) on a senior basis pursuant to this Senior Guarantee;

WHEREAS the Management Board of Belfius Bank has approved to guarantee on a senior basis the issuance by Belfius Financing Company of Senior Belfius Financing Company Notes under the Programme by its decision of 4 August 2015;

WHEREAS the Management Board of Belfius Bank in its decision of 4 August 2015 has delegated all powers to execute such Senior Guarantee to Mr. D. Gyselinck, member of the Management Board, with the right for him to delegate his powers;

The Guarantor hereby unconditionally and irrevocably guarantees as and for its own debt to each holder of each Senior Belfius Financing Company Note (each a “Noteholder” and together the “Noteholders”) to pay or procure to pay such amounts to the Noteholders who have not obtained due payment from the Issuer if and when such amounts fall due under the Terms and Conditions. The Terms and Conditions are those enumerated in the Base Prospectus and the relevant Final Terms, and which are included by reference in the present Senior Guarantee. This Senior Guarantee is enforceable against the Guarantor upon first demand sent by the holder by registered mail to the registered office of the Guarantor.

The Base Prospectus has been approved by the Financial Services and Markets Authority in its decision of 27 September 2016.

It is understood that any payments to be made under this Senior Guarantee shall be made in the currency of the underlying Notes.

This Senior Guarantee is a continuing guarantee and nothing but payment in full of the amounts due by the Issuer in application of the Notes hereby guaranteed shall discharge the Guarantor of its obligations hereunder in respect of such Notes.

This Senior Guarantee shall be governed by, and interpreted in accordance with, the laws of Belgium.

This Senior Guarantee may be executed in any number of counterparts.

All actions arising out of or based upon this Senior Guarantee are to be brought before the competent Courts in Brussels.

In witness whereof, the Guarantor has authorised and caused this Senior Guarantee to be duly executed and delivered as of 27 September 2016.

On behalf of Belfius Bank SA/NV

Dirk Gyselinck
Member of the Management Board

Annex 3: Subordinated Guarantee

A form of the Subordinated Guarantee is reproduced here below:

BELFIUS FINANCING COMPANY SA
And
BELFIUS BANK SA/NV
Notes Issuance Programme
SUBORDINATED GUARANTEE
by
Belfius Bank SA/NV
IN RELATION TO NOTES ISSUED BY Belfius Financing Company SA

27 September 2016

WHEREAS the Board of Directors of Belfius Financing Company S.A. (the “Issuer” or “Belfius Financing Company”) has decided on 19 August 2015, to update the Notes Issuance Programme (the “Programme”) under which it may from time to time issue Notes (the “Belfius Financing Company Notes”), which may be linked to various underlyings (the “Underlying”), that rank as senior obligations of the Issuer (the “Senior Belfius Financing Company Notes”) or that rank as subordinated obligations of the issuer (the “Subordinated Belfius Financing Company Notes”) according to the terms and conditions enumerated in such decision. Subordinated Belfius Financing Company Notes will be guaranteed by Belfius Bank SA/NV (also named Belfius Banque SA/Belfius Bank NV) (the “Guarantor” or “Belfius Bank”) on a subordinated basis pursuant to this Subordinated Guarantee;

WHEREAS the Management Board of Belfius Bank has approved to guarantee on a subordinated basis the issue by Belfius Financing Company of Subordinated Notes under the Programme by decision of 4 August 2015;

WHEREAS the Management Board of Belfius Bank in its decision of 4 August 2015 has delegated all powers to execute such Subordinated Guarantee to Mr. D. Gyselinck, member of the Management Board, with the right for him to delegate his powers;

The Guarantor hereby unconditionally and irrevocably guarantees as and for its own debt to each holder of each Subordinated Belfius Financing Company Note (each a “Noteholder” and together the “Noteholders”) to pay or procure to pay such amounts to the Noteholders who have not obtained due payment from the Issuer if and when such amounts fall due under the Terms and Conditions. The Terms and Conditions are those enumerated in the Base Prospectus and the relevant Final Terms, and which are included by reference in the present Subordinated Guarantee. This Subordinated Guarantee is enforceable against the Guarantor upon first demand sent by the holder of Subordinated Notes by registered mail to the registered office of the Guarantor.

This Subordinated Guarantee is granted by the Grantor on a subordinated basis. This means that in the event of a dissolution or liquidation of the Guarantor (including the following events creating a “*concours de créanciers/samenloop van schuldeisers*”: bankruptcy (“*faillite/faillissement*”); judicial composition (“*réorganisation judiciaire/gerechtigd reorganisatie*”) and judicial or voluntary liquidation (“*liquidation volontaire ou force/vrijwillige of gedwongen liquidatie*”) (other than a voluntary liquidation in connection with a reconstruction, merger or amalgamation where the continuing corporation assumes all the liabilities of the Guarantor)), the holders of Subordinated Belfius Financing Company Note irrevocably waive their rights to equal treatment with other unsecured creditors (“*créanciers chirographaires/chirographaire schuldeisers*”) or Eligible Creditors. Consequently, the holders of Subordinated Belfius Financing Company Notes agree that upon the occurrence of any of the events described in the preceding sentence, the Guarantor will have no obligation to pay any principal or interest due to them until all Senior Creditors and Eligible Creditors of the Guarantor have been paid, or the funds necessary to satisfy the Senior Creditors and Eligible Creditors have been put in escrow (“*en consignation/in consignatie*”).

“Senior Creditors” means all creditors who are depositors or other general, unsecured, unsubordinated creditors.

“Eligible Creditors” means creditors holding claims that, in accordance with their terms, rank or are expressed to rank senior to the Subordinated Notes or, as applicable, the Subordinated Guarantee

The Base Prospectus has been approved by the Financial Services and Markets Authority in its decision of 27 September 2016.

It is understood that any payments to be made under this Subordinated Guarantee shall be made in the currency of the underlying Belfius Financing Company Notes .

This Subordinated Guarantee is a continuing guarantee and nothing but payment in full of the amounts due by the Issuer in application of the Notes hereby guaranteed shall discharge the Guarantor of its obligations hereunder in respect of such Belfius Financing Company Notes.

This Subordinated Guarantee shall be governed by, and interpreted in accordance with, the laws of Belgium.

This Subordinated Guarantee may be executed in any number of counterparts.

All actions arising out of or based upon this Subordinated Guarantee are to be brought before the competent Courts in Brussels.

In witness whereof, the Guarantor has authorised and caused this Subordinated Guarantee to be duly executed and delivered as of 27 September 2016.

On behalf of Belfius Bank SA/NV

Dirk Gyselinck
Member of the Management Board

Annex 4: Articles of Association

A. Belfius Bank

“BELFIUS BANK”

Société Anonyme

1000 Brussels, boulevard Pachéco 44

VAT Business number BE0403.201.185 (Brussels Register of legal entities)

Company incorporated under the name “Lending Bank” under the terms of a deed executed by notary Albert Raucq in Brussels, with the intervention of Rudy Pauwels, Master of Law, in Deinze, on the twenty-third of October nineteen sixty-two, published in the annex to the Moniteur Belge [official gazette] of the eighth of November thereafter, under number 29878. The Articles of Association have been amended further to records drawn up by:

1) the notary Albert RAUCQ, aforementioned:

- on the fifteenth of October nineteen sixty-five, published in the annex to the Moniteur Belge of the sixth of November thereafter, under number 32196;
- on the thirtieth of December ninety sixty-six, published in the annex to the Moniteur Belge of the twenty-first of January nineteen sixty-seven under number 149-1;
- on the fourteenth of June nineteen sixty-eight, published in the annex to the Moniteur Belge of the twenty-ninth of June thereafter, under number 1822-1 (change of company name);
- on the twenty-third of June nineteen sixty-nine, published in the annex to the Moniteur Belge of the fourth of July thereafter, under number 1840-1;

2) the notary Gilberte RAUCQ, in Brussels:

- on the twentieth of September nineteen seventy-two, published in the annex to the Moniteur Belge of the fourteenth of October thereafter, under number 2811-3;
- on the eleventh of October nineteen seventy-nine, published in the form of an excerpt in the annex to the Moniteur Belge of the eighth of November thereafter, under number 1847-5;
- on the twenty-seventh of October nineteen eighty-two, published in the annex to the Moniteur Belge of the twenty-third of November thereafter, under number 2238-9;
- on the thirtieth of May nineteen eighty-three, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-third of June thereafter, under number 1605-5;
- on the sixteenth of December nineteen eighty-three, published in the form of an excerpt in the annex to the Moniteur Belge of the fourteenth of January nineteen eighty-four, under number 366-11;
- on the seventeenth of October nineteen eighty-five, published in the form of an excerpt in the annex to the Moniteur Belge of the thirteenth of November thereafter, under number 851113-22 and the thirty-first of October nineteen eighty-six, published in the form of an excerpt in the annex to the Moniteur Belge of the second of December nineteen eighty-six under numbers 861202-142 and 143;
- on the seventeenth of November nineteen eighty-six, published in the form of an excerpt in the annex to the Moniteur Belge of the sixteenth of December thereafter, under numbers 861216-221 and 222;
- on the thirtieth of October nineteen eighty-seven, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-eighth of November thereafter, under numbers 871128-284 and 285;

- on the fourth of December nineteen eighty-nine, published in the form of an excerpt in the annex to the Moniteur Belge of the third of January nineteen ninety, under numbers 900103-75 and 76;
- on the twenty-seventh of June nineteen ninety, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-sixth of July thereafter, under numbers 920618-54 and 55;
- on the twenty-fifth of May nineteen ninety-two , published in the form of an excerpt in the annex to the Moniteur Belge of the eighteenth of June thereafter, under numbers 920618-56 and 57;
- on the first of June nineteen ninety-three, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-sixth of June thereafter, under numbers 930626-26 and 27;
- on the twenty-sixth of June nineteen ninety-five , published in the form of an excerpt in the annex to the Moniteur Belge of the twentieth of July thereafter, under numbers 950720-31 and 32;
- on the twenty-sixth of May nineteen ninety-seven, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-fifth of June thereafter, under numbers 970625-14 and 15;
- on the twelfth of February nineteen ninety-eight (containing a change of company names), published in the form of an excerpt in the annex to the Moniteur Belge of the eighteenth of February thereafter, under numbers 980218-434 and 435;
- on the twenty-fourth of September nineteen ninety-eight, published in the form of an excerpt in the annex to the Moniteur Belge of the twenty-first of October thereafter, under numbers 981021-351 and 352;
- on the twenty-fourth of February nineteen ninety-nine, published in the form of an excerpt in the annex to the Moniteur Belge of the eighteenth of March thereafter, under numbers 990318-36 and 37.

3) the notary Eric SPRUYT, in Brussels:

- on the first of April nineteen ninety-nine (change of company name), published in the annex to the Moniteur Belge of the thirteenth of May thereafter, under numbers 990513-142 and 143;
- on the thirty-first of May nineteen ninety-nine, published in the annex to the Moniteur Belge of the twenty-third of June thereafter, under number 990623-458;
- on the twenty-ninth of December nineteen ninety-nine , published in the annex to the Moniteur Belge of the seventeenth of February two thousand, under numbers 20000217-211 and 212.
- on the thirty-first of October two thousand , published in the annex to the Moniteur Belge of the twenty-fourth of November thereafter, under numbers 20001124-567 and 568.

4) The notaries Herwig VAN DE VELDE and Eric SPRUYT, both in Brussels:

- on the twenty-eighth of March two thousand and two, published in the annexes to the Moniteur Belge of the nineteenth of April thereafter, under numbers 20020419-483 and 484, containing, inter alia, the merger and takeover by the company of the limited liability company “Dexia Bank Belgium”, shortened to “Dexia Bank”, the limited liability cooperative company “Artesia Services” and the limited liability company “Bacob”.

5) The notary Herwig VAN DE VELDE, aforementioned:

- on the thirtieth of April two thousand and three, published in the annexes to the Moniteur Belge under numbers 2003-05-19/0055624 and 0055625;
- on the twenty-ninth of August two thousand and three, published in the Annexes to the Moniteur Belge under numbers 20030919/0096816 and 0096817.

6) The notary Carole GUILLEMYN, in Brussels:

13) The notary Carole GUILLEMYN, aforesaid:

- on 2 December 2013, publication in progress

COORDINATED ARTICLES OF ASSOCIATION
--

SECTION 1 – LEGAL FORM – NAME – REGISTERED OFFICE - OBJECT

Article 1 – NAME, LEGAL FORM, DURATION

The Company is a limited liability Company.

The name of the company is “Belfius Bank” in Dutch, “Belfius Banque” in French, “Belfius Bank” in German and “Belfius Bank” in English.

The Company may carry on its commercial activities under the following denominations: its name and its commercial denominations "Belfius Bank & Verzekeringen", "Belfius Banque & Assurances", "Belfius Bank & Versicherungen", "Belfius Bank & Insurance", "Belfius", "Dexia Bank België", "Dexia Banque Belgique", "Dexia Bank Belgien", "Dexia Bank Belgium", "Dexia Bank", "Dexia Banque", "Artesia Banking Corporation", "Artesia BC", "Artesia Bank", "Banque Artesia", "Artesia", "BACOB", "BACOB Bank" and "BACOB Banque".

The Company is established for an indefinite duration.

The Company has the capacity of a Company that currently publicly appeals, or has previously publicly appealed to saving funds.

Article 2 – REGISTERED OFFICE, OTHER OFFICES

The registered office of the Company is situated at Brussels, boulevard Pachéco 44. The registered office may be transferred to another place, within the region of Brussels-capital, by decision of the Board of Directors.

The company may establish offices and branches wherever in the world the Board of Directors deems it useful.

Article 3 - OBJECT

The Company's object is to carry on the business of a credit institution in accordance with the conditions stipulated by the law and regulations governing credit institutions that have been approved by the National Bank of Belgium.

As such, the Company may - for its own account and for the account of third parties or in cooperation with third parties – by itself or by intermediary of natural persons or legal entities, both in Belgium and abroad, undertake any and all permitted activities of a credit institution, any and all banking transactions and associated transactions, all investment services transactions and associated transactions, including inter alia:

1° transactions regarding deposits, credits within the broadest sense, brokerage, stock exchange related operations, launches of issues, guarantees and surety;

2° short, medium and long-term credit transactions, sustain investments by provinces, municipalities and organisations of a regional character, as well as investments effected by all public establishments, companies, associations and organisations, which are constituted for provincial, municipal or regional purposes, and which provinces, municipalities and organisations of a regional character are authorised to support;

3° to further, by means of appropriate credit transactions, the day-to-day operation of the budgets of provinces, municipalities and organisations of a regional character, and of all other institutions referred to in 2° above, as well as the day-to-day management of their exploitations, companies and enterprises

4° transactions in financial derivatives

Furthermore, the Company aims to distribute insurance products from third party insurance companies. The Company may acquire, own and sell shares and participations in one or more companies, within the limits provided for by the legal status of credit institutions.

The Company is entitled to carry out any transactions of whatever nature, inter alia financial, commercial, including goods and estate, relating directly or indirectly to the furtherance of its object or of such a nature as to facilitate the achievement thereof.

All the provisions of the present article must be interpreted in the broadest sense and within the context of the laws and regulations governing transactions of credit institutions.

SECTION II – CAPITAL - SHARES

Article 4 – CAPITAL, SHARES

The issued and fully paid-up capital amounts to three billion four hundred fifty eight million sixty six thousand two hundred twenty seven euros and forty one cent (EUR 3,458,066,227.41).

The capital is divided into three hundred fifty-nine million four hundred twelve thousand six hundred sixteen registered shares (359,412,616) with no face value, each representing one / three hundred fifty-nine million four hundred twelve thousand six hundred sixteenth (1/359,412,616th) fraction of the share capital.

Article 5 - AUTHORISED CAPITAL

The Board of Directors is authorised to increase the authorised capital of the company in one or more instalments at such times and on such terms and conditions as it shall determine up to a maximum amount of three billion four hundred fifty eight million sixty six thousand two hundred twenty seven euros and forty one cent (EUR 3.458.066.227,41). Such authority shall be valid for a period of five years from the gazetting in the annexes to the Moniteur Belge [Official Gazette] of the alteration of the Articles resolved by the extraordinary general meeting of December 2nd 2013. It shall be renewable.

The Board of Directors is authorised to issue in one or more instalments and on the conditions permitted by law, convertible or repayable bonds, equity notes, warrants or other financial instruments that in time entitle to acquire shares up to a maximum amount fixed such that the capital resulting from the conversion or redemption of bonds or the exercise of the warrants or other financial instruments is not increased above the remaining maximum limit to which the Board of Directors is authorised to increase the capital pursuant to paragraph 1 hereof.

Increases of capital decided pursuant to these authorisations may be made by way of cash subscriptions, non-cash contributions, within the permitted legal limits, as well as by capitalisation of available or appropriated reserves, or share premiums, with or without an issue of new shares.

The Board of Directors shall act in observance of shareholders' statutory preferential rights.

Any share premium resulting from an increase of capital resolved by the Board of Directors shall be recorded in a reserve account not available for distribution, which shall offer the same third

party guarantees as the capital, and may not, other than where capitalised by resolution of the General Meeting or Board of Directors as provided above, be reduced or cancelled other than by resolution of the General Meeting taken in the conditions prescribed by article 612 of the Belgian Companies Code.

Article 6 – FORM OF THE SECURITIES

The securities issued by the Company will be registered or dematerialised, as specified by the Board of Directors or by the General Meeting on the occasion of their issue.

SECTION III – BOARD OF DIRECTORS – MANAGEMENT BOARD – OTHER COMMITTEES

A. BOARD OF DIRECTORS

Article 7 - COMPOSITION

7.1 The Company is managed by a Board of Directors composed of a minimum of five members, who are appointed and may be revoked by the General Meeting.

One third of the members of the Board of Directors must be of a different gender to the other members.

7.2 The mandates of the members of the Board of Directors are granted for a period of maximum four years.

The non-executive Board members are eligible for re-election for a maximum of two mandates.

The tasks of a Board member shall end on conclusion of the ordinary General Meeting that decides on the accounts for the previous year, held in the year in which that member's mandate elapses.

7.3 The General Meeting determines the remuneration of the Board members, with the exception of the executive members.

7.4 In the event of there being a vacancy on the Board, the Board of Directors provides for an interim appointment, in accordance with the nomination procedures referred to in this article. The following General Meeting shall make a permanent appointment. The mandate of the person so appointed shall be granted for a period of maximum four years.

7.5 The Board of Directors shall elect a Chairman from among its non-executive members and, if appropriate, one or more Vice-Chairmen, as well as the holders of other positions. The Board of Directors appoints its Secretary, who is either a member of the Board or not.

7.6 The Board of Directors draws up regulations governing its procedures and regularly reviews those procedures.

Article 8 – EXECUTIVE AND NON-EXECUTIVE MEMBERS

8.1 The members of the Board of Directors have, both together and individually, the right profile for leading the institution and the composition of the Board of Directors guarantees that decisions are taken in the light of a sound and prudent policy.

8.2 The Board of Directors comprises executive and non-executive members.

8.3 The majority of members of the Board of Directors are non-executive.

8.4 The executive members are appointed on the proposal of the Management Board as a member of the Management Board.

8.5 At least four of the non-executive members are independent, it being understood that, for the purposes of the present article, independent means the Board members who have the characteristics described in article 526ter of the Belgian Companies Code, namely:

1° for a period of five years prior to his appointment, he has not held the mandate of executive member of the management organ or the position of member of the Management Board or been entrusted with the day-to-day management either at the Company or at an associated Company or for an associated person as described in article 11;

2° Has not held more than three consecutive mandates as non-executive board member on the Board of Directors, for a period not exceeding twelve years;

3° has not, for a period of three years prior to his appointment, formed part of the managerial personnel with the meaning of article 19, 2°, of the Belgian Law of 20 September 1948 on the Organisation of the Economy, of the Company or of a Company or person associated with the Company, as described in article 11;

4° does not and has not received from the Company or from a Company or person associated with the Company as described in article 11 any remuneration or other significant benefit of a proprietary nature, other than the bonuses and remuneration he may receive or have received as a non-executive member of the management organ or member of the supervisory organ;

5°

a) does not own any rights in the company that represent one tenth or more of the capital, of the social fund or

of a category of shares in the Company;

b) if he holds entitlements that represent a quota of less than 10%:

- those entitlements, together with the entitlements held in the same Company by companies over which the independent Board member exerts control, must equal less than one tenth of the capital, of the social fund or of a category of shares in the Company; or

- acts of disposal of the shares or the exercising of the rights associated with those shares may not be subject to agreements or unilateral commitments entered into by the independent member of the management organ;

c) under no circumstances represents a shareholder to whom the conditions of this point apply;

6° has no significant business relationship, nor has had any such relationship in the previous financial year, with the Company or with a Company or person associated with it as described in article 11, either directly or as a partner, shareholder, member of the management organ or member of the managerial personnel within the meaning of article 19, 2° of the Belgian Law of 20 September 1948 on the Organisation of the Economy, of a Company or person that does have such a relationship;

7° has not, in the last three years, been a partner in or employee of the current or previous auditor of the Company or of a Company or person associated with the Company within the meaning of article 11;

8° is not an executive member of the management organ of another company on which an executive Board member of the Company has a seat in the capacity of non-executive member of the management organ or as member of the supervisory organ, and has no other significant links with executive Board members of the Company as a result of positions held at other companies or on other organs;

9° does not have a spouse, civil-law partner or relation by blood or affinity up to the second degree who exercise at the Company or at a Company or for a person associated with the Company as described in article 11 a mandate as member of the management organ, member of the Management Board, person entrusted with the day-to-day management or member of the managerial personnel, within the meaning of article 19, 2° of the Belgian Law of 20 September 1948 on the Organisation of the Economy, or to whom one of the other circumstances described in points 1° to 8° apply.

Article 9 - ROLE OF THE BOARD OF DIRECTORS

9.1 The Board of Directors determines the Company's business strategy and oversees the implementation of that strategy.

9.2 The Board of Directors is actively involved in everything related to this responsibility for general policy, in particular as regards supervision of risk policy, the organisation, the financial stability of the bank and its management, including by determining the objectives and values of the institution.

The Board of Directors appoints people to the necessary roles and assigns the necessary powers and supervises those roles and powers.

9.3 The Board of Directors draws up a corporate governance memorandum.

Article 10 – POWERS OF THE BOARD OF DIRECTORS

10.1 The Board of Directors shall have the powers to carry out all acts which are useful or necessary for the achievement of the object of the Company, except for the powers reserved to the General Meeting by law.

10.2 The Board of Directors may delegate special powers to its Chairman, its Vice-Chairmen or one or more of its members.

Article 11 - MEETINGS OF THE BOARD OF DIRECTORS

11.1 The Board meets when convened by the Chairman or, in the event of his absence, by one of the Vice-Chairmen or, in the event of the absence of the latter, two other members of the Board, whenever the interests of the Company so require. A meeting must be convened if three members of the Board so request.

Notices of meetings shall be validly made by letter, fax, email or any other means referred to in article 2281 of the Civil Code. Any Board member present or duly represented shall be assumed automatically to have been properly convened.

The Board of Directors may always hold valid deliberations, even if no meeting has been convened, providing all members are present or represented.

11.2 The meetings are chaired by the Chairman of the Board. In the absence of the Chairman, he shall be replaced by one of the Vice-Chairmen and, in the latter's absence, by a member designated by the other members of the Board from among the non-executive members.

All deliberations require at least half of the members to be present or represented.

Decisions are taken by a majority of votes cast by the members present or represented, and in the event of a tied vote, the Chairman or the person representing him has the casting vote.

11.3 A member of the Board who is unable to be present may, by letter or any other means of communication in which the authority to vote on his behalf is recorded in a document, authorise another member to represent him and vote in his stead.

However, no member of the Board may represent more than one other member.

11.4 In exceptional cases, duly justified by their urgency and in the interests of the Company, the decisions of the Board of Directors may be taken through the unanimous written consent of its members. The signatures of members of the Board may be placed either on one single document or on several copies of the same document. The decisions shall bear the date of the last signature placed on the said document or documents. However, recourse to this procedure shall not be possible for the closing of the annual accounts.

Meetings may also be held by telephone conference or by videoconference. In that case, the meeting of the Board of Directors shall be deemed to be held at the Company's registered office.

11.5 The minutes of the meetings are approved by the Board and signed by the Chairman or one of the Vice-Chairmen (in the event of the Chairman being absent) or by two non-executive directors (in the event of the Chairman and Vice-Chairmen being absent).

Copies and extracts of the minutes of the Board are signed either by the Chairman or one of the Vice-Chairmen of the Board, by the Chairman or the Vice-Chairman or a member of the Management Board, or by the Secretary-General, or by the Secretary of the Board.

B. MANAGEMENT BOARD

Article 12 – DELEGATION BY THE BOARD OF DIRECTORS

12.1 In accordance with the law, the Board of Directors may delegate all or part of the powers referred to in article 522, paragraph 1, 1 of the Belgian Companies Code to a Management Board, for which only members of the Board of Directors can qualify.

However, this delegation may not involve either the determination of general policy or acts reserved to the Board of Directors by other provisions of the said Companies Code.

12.2 The Management Board exercises the effective management of the bank.

The Management Board ensures that the bank's activities are in keeping with the strategy, the risks and the policy approved by the Board of Directors and provides the Board of Directors with the relevant information, in order that the Board can make well-informed decisions.

The Management Board establishes the most suitable systems for internal audit and ensures that the bank operates in a transparent manner.

Article 13 - COMPOSITION

13.1 The Board of Directors determines the number of members of the Management Board.

The members of the Management Board constitute a collegial body.

13.2 The Chairman, Vice-Chairman and members are appointed by the Board of Directors from among the members referred to in article 8.4, on nomination of the Management Board and in accordance with the regulations governing financial institutions. The appointment of the Chairman of the Management Board will take place on presentation of the Management Board, after consultation with the Chairman of the Board of Directors.

13.3 The Chairman, Vice-Chairman and members may be removed from office by the Board of Directors, on the advice of the Management Board and in accordance with the regulations

governing financial institutions.

Termination of the mandate of a member of the Management Board will result in the immediate termination of his mandate as a member of the Board of Directors.

13.4 The remuneration of members of the Management Board is determined by the Board of Directors, in consultation with the Chairman of the Management Board.

13.5 The Management Board may appoint a Secretary, who is either a member of the Committee or not.

13.6 The Management Board draws up regulations governing its procedures and regularly reviews those procedures.

Article 14 - DISCHARGE

Each year, the Board of Directors will advise on the discharge to be given to the members of the Management Board regarding the execution of their missions during the previous year.

Article 15 – MEETING OF THE MANAGEMENT BOARD

15.1 The quorum with which the committee may validly transact its business is at least half the directors present in person or by proxy.

Each member may give a proxy to a fellow committee member by ordinary letter, telefax, printed email or any other written document.

Each member can only represent one of his colleagues.

Meetings may also be held by telephone conference or by videoconference. In that case, the meeting of the Management Board shall be deemed to be held at the Company's registered office.

15.2 The decisions of the Management Board shall be taken by the simple majority of votes of all members present or represented. In case of a tied vote, the vote of the Chairman of the Management Board shall prevail.

15.3 Copies and extracts of the minutes of the Management Board are signed by its Chairman or, if the Chairman is absent, by its Vice-Chairman or, if both the Chairman and Vice-Chairman are absent, by one of its members or by the Secretary-General or by the Secretary of the Board.

15.4 The Management Board may delegate special powers to its Chairman, Vice-Chairman, one or more of its members, one or more members of the staff or any other person. It may authorise sub-delegation thereof.

C. OTHER COMMITTEES

Article 16 – AUDIT COMMITTEE – APPOINTMENTS AND COMPENSATION COMMITTEE – STRATEGIC COMMITTEE AND RISK & CAPITAL COMMITTEE

16.1 The Board of Directors shall establish an Audit Committee, an Appointments and Compensation Committee, a Strategic Committee and a Risk & Capital Committee, and any other committee the Board deems necessary, and will determine the composition, functioning, manner of deliberation and tasks of those committees.

16.2 The Audit Committee comprises at least one independent member of the Board of Directors, appointed by the Board of Directors, who has the required accountancy and auditing expertise. The members of the Audit Committee have combined expertise in the field of the activities of the credit institution concerned and in accountancy and auditing.

The primary task of the Audit Committee is to assist the Board of Directors with analysing the financial information, including the annual accounts, the annual report and the interim reports.

In addition, the Audit Committee carries out the tasks entrusted to it by the Board of Directors or the Articles of Association.

The annual report of the statutory management organ demonstrates the individual and combined expertise of the members of the Audit Committee.

16.3 The Appointments and Compensation Committee comprises at least one independent Board member, appointed by the Board of Directors from among its members.

The composition of the Appointments and Compensation Committee is such that it can form an expert and independent opinion on the remuneration policy and remuneration practices, in accordance with the applicable regulatory and supervisory requirements.

The Appointments and Compensation Committee submits a proposal for a decision to either the Board of Directors or the General Meeting as appropriate, for each decision about the direct or immediate, indirect or deferred pecuniary benefits associated with the function of or awarded to the members of the management organs.

In addition, each year the Committee prepares a report on the remuneration paid, to be appended to the management report.

The annual report of the statutory management organ demonstrates the individual and combined expertise of the members of the Appointments and Compensation Committee.

16.4 The Board of Directors decides on the composition of the Strategic Committee. The Strategic Committee comprises, as a minimum, the Chairman of the Board of Directors and the Chairman of the Management Board.

The Strategic Committee assists the Board of Directors with determining the bank's strategic objectives and in specific tasks that are entrusted to the Committee.

16.5 The Board of Directors decides on the composition of the Risk & Capital Committee.

The members of the Committee are chosen for their risk management expertise.

The task of the Committee is to assist the Board of Directors in determining the risk policy, the monitoring of the bank's risk profile and supervising the risk management function, in accordance with the sound and prudent management of the bank.

16.6 The Board of Directors may establish one or more additional advisory committees from among its members and on its responsibility.

16.7 The Board of Directors approves the regulations governing the procedures of each of these committees.

Each committee conducts an annual review of its procedures.

D. REPRESENTATION

Article 17 – REPRESENTATION OF THE COMPANY

17.1 The Company is represented either by two members of the Management Board or by one member of the Management Board acting jointly with the persons delegated for this purpose.

17.2 The Company is also validly represented by one or more specially authorised agents within the limits of the powers conferred upon them.

E. CONFLICTS OF INTEREST

Article 18 – DUTY OF DELICACY

18.1 Without prejudice to article 523 and 524ter of the Belgian Companies Code, if a Board member or a member of the Management Board has a direct or indirect interest of any nature whatsoever that is in conflict with a proposed act or decision which, as applicable, is or may become within the sphere of competence of the Board of Directors or the Management Board, including as a result of a dual function, he shall inform the Chairman at once and may not take part in the deliberations or the vote on that proposal; however, when a dual function concerns a company linked to the company in the sense of article 11 of the Belgian Companies Code, it may, notwithstanding the above, attend deliberations and take part in the vote.

18.2 In a general sense, the bank operates a transparent and detailed policy on conflicts of interest.

SECTION IV – MEETINGS OF SHAREHOLDERS

Article 19 – MEETINGS OF SHAREHOLDERS

19.1 The General Meeting of shareholders represents all shareholders.

Decisions of the General Meeting are binding, even in respect of shareholders who abstain or vote against the motion.

Each share gives entitlement to one vote. If the shares are split into sub-shares, in sufficient quantity the sub-shares shall confer the same rights as a share, unless the law provides to the contrary.

19.2 Bondholders, holders of warrants and certificates, issued in collaboration with the Company, may only attend the General Meeting in an advisory capacity.

Article 20 – CONVENING GENERAL MEETINGS

The ordinary General Meetings are convened by the Board of Directors.

The Board of Directors or the auditors may convene extraordinary and special General Meetings. They are obliged to do so at the request of one or more shareholders who own at least one fifth of the shares or who represent at least one fifth of the share capital, within two weeks of the date of the postmark of the registered letter sent to the Board of Directors which states and justifies the items on the agenda and the motions.

Article 21 – ANNUAL MEETING

The Annual Meeting of shareholders takes place on the last Wednesday of April at 2.30 p.m., at the registered office or any other place indicated in the attendance notice. If that day is a legal or bank holiday, the Meeting will take place on the following bank working day.

Article 22 – FORMALITIES FOR ADMISSION TO THE GENERAL MEETING

The holders of registered shares must give notice of their intention to attend the General Meeting.

Any shareholder may be represented at the General Meeting by a proxy holder, whether the latter is himself a shareholder or not.

Bondholders, holders of warrants and certificates, issued in collaboration with the Company, may only attend the General Meeting in an advisory capacity.

Registered bondholders, registered holders of warrants and certificates, issued in collaboration with the Company, must at least five days prior to the date of the General Meeting, give notice in writing of their intention to attend the General Meeting.

Bearer bondholders, holders of warrants and certificates, issued in collaboration with the Company, must at least five days prior to the date of the General Meeting, deposit their securities at the registered office of the Company or at another place mentioned in the convening notice; the holders of dematerialised securities must in the same manner deposit a certificate which is drawn up by the certified account holder or clearing institution, confirming that the securities are unavailable until the date of the Meeting, inclusive. They shall be admitted to the General Meeting upon presentation of the certificate proving that their securities or the certificate was deposited in time.

Co-owners, beneficial owners and bare owners, secured creditors and secured debtors must be represented respectively by one and the same person.

Shareholders may, pursuant to the provision of article 540 of the Belgian Companies Code, put questions to the directors and/or auditor(s) about their reports or points on the agenda. These questions will be answered, where appropriate, by the directors or auditors during the General Meeting.

Shareholders may put the questions dealt with above in writing as soon as the attendance notice has been issued. Provided these shareholders have satisfied the formalities for admission to the meeting and these questions reach the company at the latest on the sixth day prior to the meeting, these questions will be answered.

With the exception of resolutions which have to be passed by notarial act, the shareholders may adopt all resolutions, unanimously and in writing, for which the General Meeting is empowered. For this purpose the Board of Directors shall send the shareholders a registered circular and send the Board members and statutory auditors a circular by ordinary mail, fax, e-mail or any other medium stating the agenda and motions and requesting approval of the motions by the shareholders and return of the letter, duly signed, to the address stated in the circular, within a period of fifteen banking days of receipt. If the approval of all shareholders is not received within this period, the resolution shall be deemed not passed. The holders of bonds, warrants and certificates issued with the company's collaboration may take note of these resolutions at the registered office of the company.

Article 23 – ORGANISATION OF THE MEETING

The Chairman of the Board of Directors chairs the Meeting. He designates the other members of the board of the Meeting.

In the event of his absence, the Chairman is replaced by one of the Vice-Chairmen or, in event of the latter's absence, by a member of the board of directors, designated by the other members.

The minutes of the Meeting shall be signed by the members of the board of the Meeting and by the shareholders who so request.

Copies and extracts of the minutes of the Meeting shall be signed by the Chairman or one of the Vice-Chairmen of the Board of Directors or by two Non-Executive Directors, or by the Secretary-General or by the Secretary of the Meeting.

SECTION V - AUDITORS

Article 24 - AUDITORS

The auditing of the financial situation and the annual accounts of the Company is entrusted to one or more auditors approved by the National Bank of Belgium, who are appointed for a period of three years by the General Meeting, on the proposal of the Board of Directors and on the nomination of the Works Council.

If several auditors are appointed, they shall form a collegial body.

SECTION VI – ANNUAL ACCOUNTS

Article 25 – FINANCIAL YEAR, INVENTORY, ANNUAL ACCOUNTS

The financial year starts on the first of January and ends on the thirty-first of December.

On the thirty-first of December of each year, the Board of Directors draws up an inventory of all assets, rights, receivables, debts and liabilities of whatever kind relating to the business activity of the Company and the Company's own funds allocated to this.

It reconciles the accounts with the inventory data and draws up the annual accounts.

Article 26 – DISTRIBUTION OF PROFITS

26.1 To the amount of the legal minimum, at least one twentieth of the net profits is taken each year to be allocated to the legal reserve.

Distributable profits are made up of the net profits for the financial year, minus prior losses and the allocation provided for in the preceding paragraph, increased by the amount of credit balances carried forward.

26.2 The General Meeting, on the proposal of the Board of Directors, determines the portion of the distributable profits to be allocated to shareholders in the form of dividends. With regard to any surplus, if any, the General Meeting decides either to carry it forward or to enter it under one or more reserve items of which it regulates the use

and application. Furthermore, the General Meeting may decide to distribute sums withdrawn from the reserves available to it; in this case, the decision shall expressly indicate the reserve items from which the withdrawals are made. However, dividends are in the first instance taken from the distributable profits of the respective financial year.

26.3 The terms of payment of dividends are determined by the Board of Directors.

Under the conditions provided for the Belgian Companies Code, the Board of Directors may pay interim dividends.

SECTION VII – WINDING-UP

Article 27 – WINDING-UP, DISTRIBUTION OF AVAILABLE ASSETS

In the event of the Company being wound up, the General Meeting appoints one or more liquidators, and determines their powers and fees and fixes the liquidation procedure.

The Board of Directors is as a matter of law responsible for the liquidation until the liquidators are appointed.

After clearance of the Company's debts and liabilities, the liquidation proceeds are distributed equally between the shareholders in one or more instalments.

SECTION VIII – MISCELLANEOUS PROVISIONS

Article 28 – ELECTION OF DOMICILE

The shareholders, members of the Board, auditors and liquidators are obliged to elect domicile in Belgium for all their dealings with the Company. If they do not comply with this obligation, they shall be deemed to have elected domicile at the registered office of the Company, where all writs, notices and summons will be served upon them and where all letters and communications may be sent to them.

Article 29 – TRANSITIONAL PROVISIONS

Article 7.1, paragraph 2 will not take effect until the fiscal year commencing on 1 January 2019.

In the interim the Company will ensure that the objective described in that article is gradually achieved as further appointments and reappointments are made.

Coordinated text of the Articles of Association certified true by Carole Guillemyn, Master of Law, notary in partnership in Brussels, 24 December 2013.

B. Belfius Financing Company

BELFIUS FINANCING COMPANY S.A.

Société anonyme
R.C.S. Luxembourg B 156.767

Articles of Association Dated 7 May 2014

Title I. - Denomination, Registered office, Object, Duration

Art. 1. There is hereby established a *société anonyme* under the name of “Belfius Financing Company”.

Art. 2. The registered office of the company is established in the municipality of Koerich.

It may be transferred to any other place in the municipality of Koerich by a decision of the board of directors

If extraordinary political or economic events occur or are imminent, which might interfere with the normal activity at the registered office, or with easy communication between this office and abroad, the registered office may be declared to have been transferred abroad provisionally until the complete cessation of these abnormal circumstances.

Such decision, however, shall have no effect on the nationality of the company. Such declaration of the transfer of the registered office shall be made and brought to the attention of third parties by the organ of the corporation, which is best situated for this purpose under such circumstances.

Art. 3. The company is established for an unlimited period.

Art. 4. The purpose of the Company is: (a) to hold shareholdings and stakes, in any form whatsoever, in any commercial, industrial, financial or other Luxembourg or foreign company or undertakings, as well as to manage and optimise these stakes, (b) to acquire by way of participations, contributions, guarantees, acquisitions or options, negotiation or any other means, securities, rights, patents, licenses and other assets, provided the Company considers it appropriate to do so, and in general to hold, manage, optimise, sell or transfer the aforementioned, in whole or in part; (c) to take part in commercial, financial or other transactions and to grant to any holding company, subsidiary, associated or affiliated company or any other company belonging to the same corporate group as the Company any financial assistance, loan, advance or guarantee; (d) to borrow, raise funds by any means whatsoever (including without limitation the issuance of preferred equity certificates (PECs) (nonconvertible or convertible into shares), loans, bonds, acknowledgements of debt and any other form of debt or type of instrument) and to ensure the reimbursement of any borrowed amount; to perform all operations directly or indirectly related to this purpose.

The Company may grant pledges, guarantees, liens, mortgages and any other type of security (surety), as well as any form of compensation, to Luxembourg or foreign entity(ies) in relation to its own obligations and debts, or in relation to the obligations and debts of subsidiaries, associated or affiliated companies or any company belonging to the same corporate group.

The Company may acquire immovable property located abroad or in Luxembourg.

The Company may moreover perform any commercial, technical or financial transactions, involving movable or immovable property, which are directly or indirectly related to the abovementioned purpose.

Title II. - Capital, Shares

Art. 5. The share capital of the Company is set at three million ninety-four thousand four euro (EUR 3,094,004) divided into two hundred and fifty-one (251) shares, without nominal value.

The shares are in registered form.

The company may, to the extent and under the terms permitted by law, purchase its own shares.

The corporate capital may be increased or reduced in compliance with the legal requirements.

The company recognises only one single owner per share. If one or more shares are jointly owned or if the ownership of such share(s) is disputed, all persons claiming a right to such share(s) have to appoint one single attorney to represent such share(s) towards the company.

The failure to appoint such attorney implies a suspension of all rights attached to such share(s).

Title III. – Management

Art. 6. The Company shall be managed by a board of directors composed of at least three (3) directors, who need not be shareholders of the Company. The directors shall be elected by the shareholders at a general meeting, which shall determine their number, remuneration and term of office. The term of office of a director may not exceed six (6) years and the directors shall hold office until their successors are elected. The directors may be re-elected for consecutive terms of office. The directors are split in two (2) categories, directors of category A and directors of category B.

In case the company is incorporated by a sole shareholder, or if, at a general meeting of shareholders, it is noted that the company only has one shareholder, the composition of the board of directors may be limited to one sole director until the next annual general meeting at which it is noted that the company has (again) more than one shareholder.

In this case, the sole director exercises the powers devolving on the board of directors.

The directors are elected by a simple majority vote of the shares present or represented. Any director may be removed at any time with or without cause by the general meeting of shareholders.

In the event of a vacancy in the office of a director because of death, retirement or otherwise, this vacancy may be filled out on a temporary basis until the next meeting of shareholders, in compliance with the applicable legal provisions.

Art. 7. The board of directors will elect from among its members a chairman. When he is prevented, he is replaced by the eldest director. The first chairman may be appointed by the extraordinary general shareholders meeting following the incorporation of the company.

The board of directors convenes upon call by the chairman or by the eldest director, when the chairman is prevented, as often as the interest of the corporation so requires. It must be convened each time two directors so request.

Any director may act at any meeting of the board of directors by appointing in writing or by telegram, telex or facsimile another director as his proxy. A director may represent one or more of his colleagues.

The board of directors can deliberate and/or act validly only if all the directors are present or represented at a meeting of the board of directors. If the required presence quorum is not attained, the meeting shall be adjourned and a second meeting shall be convened at the same hour, five business days later, which will deliberate and/or act validly only if a majority of the directors is present or represented at such meeting.

Decisions shall be taken by a majority vote of the directors present or represented at such meeting. In case of a tie in votes, the vote of the chairman of the meeting will be decisive.

Board resolutions can also be taken by circular letter, the signatures of the different board members may be apposed on several exemplars of the board resolution in writing.

Any director may also participate in any meeting of the board of directors by conference call, videoconference or by other similar means of communication allowing all the persons taking part in the meeting to hear one another. The participation in a meeting by these means is equivalent to a participation in person at such meeting.

Art. 8. The board of directors is vested with the broadest powers to perform all acts of administration and disposition in compliance with the corporate object.

All powers not expressly reserved by law or by the present articles of association to the general meeting of shareholders fall within the competence of the board of directors. The board of directors may pay interim dividends, in compliance with the legal requirements.

Art. 9. The Company will only be bound by the joint signature of any A director together with any B director or by the single signature to whom such signatory power has been validly delegated by the board of directors or by a decision signed by a director A and by a director B jointly

Art. 10. The board of directors may delegate its powers to conduct the daily management of the company to one or more directors, officers, managers or other agents, shareholder or not, acting alone or jointly.

The board of directors may also commit the management of all the affairs of the corporation or of a special branch to one or more managers, and give special powers for determined matters to one or more proxy holders, selected from its own members or not, either shareholders or not.

Art. 11. Any litigations involving the company either as plaintiff or as defendant, will be handled in the name of the company by the board of directors, represented by its chairman or by the director delegated for this purpose.

Title IV. - Supervision

Art. 12. The company is supervised by one or several statutory auditors, appointed by the general meeting of shareholders which will fix their number and their remuneration, as well as the term of their office, which must not exceed six years.

Whenever required by law the company is supervised by one or several independent auditors in lieu of the statutory auditor(s).

The independent auditors are appointed, pursuant to the related legal provisions, either by the general meeting of shareholders or by the board of directors. The independent auditors shall fulfil all the duties set forth by the related law.

Title V. - General meeting

Art. 13. The general meeting of shareholders of the company represents all the shareholders of the company. It has the broadest powers to order, carry out or ratify acts relating to the operations of the company, unless the present articles of association provide otherwise.

The annual general meeting will be held in the city of Luxembourg at the place specified in the convening notices on the third Wednesday of March at 10.00 a.m..

If such day is a legal holiday, the general meeting will be held on the next following business day.

Other general meetings of shareholders may be held at such places and dates as may be specified in the respective notices of meeting.

Each share entitles one vote. Each shareholder may participate to the meetings of the shareholders by appointing in writing, by telecopy, email or any other similar means of communication, another person as his proxy-holder.

If all shareholders are present or represented at a meeting of the shareholders, and if they declare knowing the agenda, the meeting may be held without convening notice or prior publication.

If the company only has one sole shareholder, the latter exercises the powers devolving on the general meeting,

Title VI. - Accounting year, Allocation of profits

Art. 14. The accounting year of the company shall begin on January 1 and shall terminate on December 31 of each year.

Art. 15. After deduction of any and all of the expenses of the company and the amortizations, the credit balance represents the net profits of the company. Of the net profits, five percent (5,00 %) shall be appropriated for the legal reserve; this deduction ceases to be compulsory when the reserve amounts to ten percent (10,00 %) of the capital of the company, but it must be resumed until the reserve is entirely reconstituted if, at any time, for any reason whatsoever, it has been touched.

The balance is at the disposal of the general meeting.

Title VII. - Dissolution, Liquidation

Art. 16. The company may be dissolved by a resolution of the general meeting of shareholders. The liquidation will be carried out by one or more liquidators, physical or legal persons, appointed by the general meeting of shareholders which will specify their powers and fix their remunerations.

Title VIII. - General provisions

Art. 17. All matters not governed by these articles of association are to be construed in accordance with the law of August 10th 1915 on commercial companies and the amendments hereto.

Annex 5: Agency Agreement

BELFIUS FINANCING COMPANY SA

as Issuer

and

BELFIUS BANK SA/NV

as Guarantor of Notes issued by Belfius Financing Company SA, Paying Agent and
Calculation Agent

BANQUE INTERNATIONALE A LUXEMBOURG SA,

as Fiscal Agent and Principal Paying Agent

AGENCY AGREEMENT

Relating to the Notes issued in bearer form by Belfius Financing Company
SA (hereafter the “Bearer Notes”)

under the

BELFIUS FINANCING COMPANY SA

AND

BELFIUS BANK SA/NV

NOTES ISSUANCE PROGRAMME

27 September 2016

This Agency Agreement (the “**Agreement**”) is made as of 27 September 2016 and amends and restates the Agency Agreement dated 15 January 2008 as modified from time to time **BETWEEN**:

- (1) **Belfius Financing Company, SA** with Its Registered Office is located at 20 rue de l'Industrie, L-8399 Koerich, Grand Duchy of Luxembourg (“**Belfius Financing Company**”, the “**Issuer**”);
- (2) **Belfius Bank SA/NV**, with its registered office at Boulevard Pachéco 44, 1000 Brussels, Belgium (“**Belfius Bank**” in its capacity as guarantor of the Notes the “**Guarantor**”, in its capacity as paying agent, the “**Paying Agent**” and its capacity as calculation agent, the “**Calculation Agent**” in the case of Notes issued by Belfius Financing Company under the Notes Issuance Programme); and
- (3) **BANQUE INTERNATIONALE A LUXEMBOURG, SOCIETE ANONYME** with its register office at 69, route d’Esch, L-2953, Luxembourg, Grand Duchy of Luxembourg (“**BIL**”, in its capacity as fiscal agent the “**Fiscal Agent**” and its capacity as principal paying agent the “**Principal Paying Agent**”).

WHEREAS

- (A) Belfius Financing Company, in accordance with the resolutions of the Board of Directors of Belfius Financing Company, passed on 2 September 2016, may from time to time issue Bearer Notes (the “**Belfius Financing Company Notes**”) under the Notes Issuance Programme dated 27 September 2016 (the “**Programme**”), which may be linked to various underlyings (the “**Underlying**”), that rank as senior obligations of the Issuer (the “**Senior Notes**”) or that rank as senior subordinated obligations of the Issuer (the “**Subordinated Notes**”). Senior Notes will be guaranteed by the Guarantor pursuant to a senior guarantee (the “**Senior Guarantee**”) and Subordinated Notes will be guaranteed by the Guarantor pursuant to a senior subordinated guarantee (the “**Subordinated Guarantee**”), both in accordance with the resolutions of the Management Board of the Guarantor passed on 25 July 2016.
- (B) The Programme is described in the prospectus (the “**Prospectus**”) dated 27 September 2016 that replaces and supersedes, as of such date, the Prospectus dated 29 September 2015.
- (C) For the purposes of the Programme the parties (or their predecessors) to this Agency Agreement entered into an agency agreement dated 15 January 2008 (the “**Original Agency Agreement**”) to be amended, restated and superseded by this Agency Agreement.
- (D) Any Bearer Notes issued on or after the date of this Agency Agreement shall be issued under the Programme pursuant to this Agency Agreement. The amendments to the Original Agency Agreement made by this Agency Agreement shall not apply in respect of any further Belfius Financing Company Notes issued pursuant to the Original Agency Agreement on or after the date hereof that are consolidated and form a single series with any Notes issued prior to the date hereof.

IT HAS BEEN AGREED AS FOLLOWS:

Article 1

The Issuer hereby warrants as follows:

- (i) That it is duly incorporated and validly existing under the laws of its country of incorporation and that it has corporate power and authority to conduct its business and to execute, deliver and comply with the provisions of this Agreement and the Notes, as the case may be;
- (ii) that all necessary consents, authorizations, notifications, registrations and filings have been obtained or made (and are in full force and effect) in connection with the compliance by the Issuer with the respective terms of this Agreement and the Notes including all payments to be made by the Issuer thereunder or in connection therewith;
- (iii) that this Agreement constitutes, and upon due execution, issue and/or delivery as aforesaid the Notes will constitute, valid and legally binding obligations of the Issuer in accordance with their respective terms;
- (iv) that the prospectus for the Programme (the “Prospectus”) is accurate in all material respects and does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements contained therein, in the light of the circumstances under which they were made, not misleading;
- (v) that the financial statements and other financial information in the Programme present fairly its financial position and since the date of the most recent financial statements therein contained there has been no material adverse change, financial or otherwise in the condition, general affairs, results of operation or prospects other than as referred to in the Prospectus;
- (vi) that no events exist which, had any Notes been issued, would (or, with the giving of notice or lapse of time or both, could) constitute an event of default under the Notes;
- (vii) that no litigation, arbitration or administrative proceedings are presently current or pending or, to the knowledge of the Issuer threatening which would or might have a material adverse effect on the Issuer or on the ability of the Issuer to perform its obligations under this Agreement and the Notes;
- (viii) that under presently applicable rules, all payments to be made by the Issuer under this Agreement and the Notes are exempt from any taxes, by way of deduction or withholding, and the Issuer is not required by law to make any deduction or withholding therefrom;
- (ix) that the Issuer will pay all and any stamp and other similar taxes and duties payable in its country of incorporation in connection with the authorization, execution and delivery of the Notes, the initial delivery of the Notes and the execution and delivery of this Agreement.

Article 2

The Bearer Notes are issued in bearer form in the Denominations specified in the relevant Final Terms. They will be represented by a Permanent Global Note, deposited with BIL as common depositary for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream Luxembourg**”) and will not be exchangeable for definitive notes, unless specified otherwise in the relevant Final Terms.

The Bearer Notes will not be physically delivered. They will be held in a securities account.

Article 3

The Issuer appoints BIL as Principal Paying Agent and Fiscal Agent and Belfius Bank as Calculation Agent and Paying Agent (together referred to as the “**Agents**”) in respect of any Tranche of Bearer Notes issued under the Programme upon the terms and subject to the conditions herein set forth, unless otherwise specified in the relevant Final Terms.

Article 4

The Issuer or the Guarantor authorises and directs the Fiscal Agent, from the funds provided to it, to make payments of principal and interest on the Bearer Notes on the relevant due dates.

- (1) The Issuer will, before 10.00 a.m. (Central European Time), on each date on which any payment in respect of any Bearer Notes becomes due under the Conditions, transfer to an account specified by the Fiscal and Principal Paying Agent from time to time such amount in the relevant currency as shall be sufficient for the

purposes of such payment in funds settled through such payment system as the Fiscal and Principal Paying Agent and the Issuer may from time to time agree.

(2) Any funds paid by or by arrangement with the Issuer to the Fiscal and Principal Paying Agent pursuant to subclause (1) shall be held by the relevant Agent for payment to the Noteholders, until any payments under the Bearer Notes become prescribed under the Conditions.

(3) The Issuer will ensure that no later than 10.00 a.m. (Central European Time) on the second Business Day (as defined below) immediately preceding the date on which any payment is to be made to the relevant Agent pursuant to subclause (1), the Fiscal and Principal Paying Agent shall receive an irrevocable payment confirmation by authenticated SWIFT from the paying bank of the Issuer. For the purposes of this subclause, “**Business Day**” means any day on which TARGET2 (the Trans-European Automated Real-time Gross settlement Express Transfer system) is open and any other day so specified in the relevant Final Terms.

(4) The Fiscal and Principal Paying Agent shall notify by facsimile or by e-mail the Issuer forthwith:

(a) if it has not by the relevant date specified in subclause (1) received unconditionally the full amount in the Specified Currency required for the payment; and

(b) if it received unconditionally the full amount of any sum payable in respect of the Bearer Notes after such date.

(5) If for any reason the Fiscal and Principal Paying Agent considers in its sole discretion that the amounts to be received by it pursuant to subclause (1) will be, or the amounts actually received by it pursuant thereto are, insufficient to satisfy all claims in respect of all payments then falling due in respect of the Bearer Notes, the Agents shall not be obliged to pay any such claims until the Fiscal and Principal Paying Agent have received the full amount of all such payments.

(6) Without prejudice to subclause (5), if the Fiscal and Principal Paying Agent pays any amounts to the holders of Bearer Notes or to any other Paying Agent at a time when it has not received payment in full in respect of the relevant Bearer Notes in accordance with subclause (1) (the excess of the amounts so paid over the amount so received being the “**Shortfall**”), the Issuer will, in addition to paying amounts due under subclause (1), pay to the Fiscal and Principal Paying Agent on demand interest (at a rate which represents the Fiscal and Principal Paying Agent’s cost of funding the Shortfall) on the Shortfall (or the unreimbursed portion thereof) until receipt in full by the Fiscal and Principal Paying Agent of the Shortfall.

(7) The Fiscal and Principal Paying Agent shall on demand promptly reimburse each other Paying Agent for payments in respect of Bearer Notes properly made by such Paying Agent in accordance with this Agreement and the Conditions unless the relevant Agent has notified the relevant Paying Agent that the Fiscal and Principal Paying Agent does not expect to receive on the due date of a payment in respect of the Bearer Notes sufficient funds to make payment of all amounts falling due in respect of such Bearer Notes.

(8) Whilst any Bearer Notes are represented by a Permanent Global Note, all payments due in respect of such Notes shall be made to, or to the order of, the holder of the Permanent Global Note, subject to and in accordance with the provisions of the Permanent Global Note. On the occasion of any such payment, the Paying Agent to which any Permanent Global Note was presented for the purpose of making such payment shall cause the appropriate Schedule to the relevant Permanent Global Note to be annotated in order to evidence the amounts and dates of such payments of principal and/or interest as applicable.

(9) If the amount or principal and/or interest then due for payment is not paid in full (otherwise than by reason of a deduction required by law to be made therefrom or a certification required by the terms of a Note not being received), the Paying Agent to which a Note is presented for the purpose of making such payment shall make a record of such shortfall on the relevant Note and such record shall, in the absence of manifest error, be *prima facie* evidence that the payment in question has not to that extent been made.

Article 5

The Calculation Agent shall in respect of the Notes:

(a) obtain such quotes and rates and/or make such determinations, calculations, adjustments, notifications and publications as may be required to be made by it by the chapter Terms and Conditions of the Notes in the Prospectus (the “**Terms and Conditions**”) at the times and otherwise in accordance with the Terms and Conditions;

- (b) maintain a record of all quotations obtained by it and of all amounts, rates and other items determined or calculated by it and make such record available for inspection at all reasonable times by the Issuer, the Guarantor and the Paying Agents;
- (c) promptly notify (and confirm in writing to) the Issuer, the other Paying Agents of each Interest Amount, Interest Rate and Interest Payment Date and all other amounts, rates and dates which it is obliged to determine or calculate under the Conditions as soon as practicable after their determination and of any subsequent amendments to them under the Conditions; and
- (d) use its best endeavours to cause each Interest Amount, Interest Rate and Interest Payment Date and all other amounts, rates and dates which it is obliged to determine or calculate under the Conditions to be published as required in accordance with the Conditions as soon as possible after their determination or calculation.

Article 6

The Issuer, or failing him, the Guarantor, will indemnify the Fiscal Agent against any loss, liability and reasonable expenses which may be incurred by it by reason of, or in connection with the exercise of its duties as Fiscal Agent, except such as may result from the Fiscal Agent's own negligence or wilful misconduct. The Fiscal Agent shall not be liable to pay interest on any moneys deposited with it by the Issuer and/or the Guarantor for the purpose of its functions as Fiscal Agent.

The indemnities contained in this Article 6 shall survive the termination or expiry of this Agreement.

Article 7

The Issuer, failing whom the Guarantor, shall pay the fees and expenses in respect of the Agents' services in relation to any Tranche of Notes to the Fiscal Agent as separately agreed with the Fiscal Agent.

The Issuer will also reimburse the Fiscal Agent all reasonable out-of-pocket expenses (including, inter alia, publication, cable and telex costs and postage) incurred by it in connection with the services rendered hereunder, upon its written request.

The Fiscal Agent shall be responsible for the remuneration of the Agents and for the reimbursement of the expenses incurred by them.

Article 8

(1) Each Agent shall be entitled to deal with money paid to it by the Issuer for the purpose of this Agreement in the same manner as other money paid to a banker by its customers except:

(a) that it shall not exercise any right of set-off, lien or similar claim in respect thereof except in the case of money due to the Issuer, and any amounts that are due but unpaid or are to be reimbursed by the Issuer under this Agreement; and

(b) that it shall not be liable to account to the Issuer for any interest thereon.

No monies held by any Agent need be segregated except as required by law.

(2) In acting hereunder and in connection with the Bearer Notes, each Agent shall act solely as an agent of the Issuer and will not thereby assume any obligations towards or relationship of agency or trust for or with any of the owners or holders of the Bearer Notes.

(3) Each Agent hereby undertakes to the Issuer to perform such obligations and duties, and shall be obliged to perform such duties and only such duties, as are herein specified and in the Conditions, and no implied duties or obligations shall be read into any such document against any Agent, other than the duty to act honestly and in good faith and to exercise the diligence of a reasonably prudent agent in comparable circumstances.

(4) The Fiscal and Principal Paying Agent may consult with legal and other professional advisers and the opinion of such advisers shall be full and complete protection in respect of any action taken, omitted or suffered hereunder in good faith and in accordance with the opinion of such advisers.

(5) Each Agent may rely upon and shall be protected and shall incur no liability for or in respect of any action taken, omitted or suffered in reliance upon any instruction, request or order from the Issuer or any notice, resolution, direction, consent, certificate, affidavit, statement, cable, facsimile, telex or other paper or document which it reasonably believes to be genuine and to have been delivered, signed or sent by the proper party or parties or upon written instructions from the Issuer.

(6) Any Agent and its officers, directors and employees may become the owner of and/or acquire any

interest in, any Notes with the same rights that it or they would have had if the Paying Agent concerned were not appointed hereunder, and may engage or be interested in any financial or other transaction with the Issuer and may act on, or as depositary, trustee or agent for, any committee or body of holders of Notes or in connection with any other obligations of the Issuer as freely as if the Agent were not appointed hereunder.

(7) The Issuer shall provide the Fiscal and Principal Paying Agent with a certified copy of the list of persons authorised to execute documents and take action on its behalf in connection with this Agreement and shall notify the Fiscal and Principal Paying Agent immediately in writing if any of such persons ceases to be so authorised or if any additional person becomes so authorised together, in the case of any additional authorised person, with evidence satisfactory to the Agent that such person has been so authorised.

(8) Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer and each of the Agents shall be entitled to treat the bearer of any Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof).

Article 9

This Agreement may be amended by the parties hereto without the consent of the Noteholders, for the purpose of curing any ambiguity or in any manner which the parties may mutually deem necessary or desirable.

Article 10

The Issuer agrees that there shall at all times be a Fiscal Agent, until all the Notes shall have been redeemed and/or purchased and cancelled or shall have become void under the provisions of the prescription clause in the Terms and Conditions.

Each of the Agents may be removed at any time by the filing with it of at least 90 days written notice to that effect signed by or on behalf of the Issuer, specifying the date on which such removal shall become effective, and each of the Agents may at any time resign by giving at least 90 days written notice (unless the Issuer agrees to accept less notice) to that effect to the Issuer, specifying the date on which such resignation shall become effective, provided however that no such notice shall take effect less than 45 days prior to and 45 days after a payment date under the Notes in any year and that no such resignation or removal shall take effect until a new Fiscal Agent, Principal Paying Agent, Paying Agent or Calculation Agent has been appointed by the Issuer and such appointment has been accepted by the Issuer. Upon its removal or resignation becoming effective, the successor Fiscal Agent shall be entitled to receive all funds and documents on deposit with or held by its predecessor as Fiscal Agent.

Article 11

The Issuer and the Guarantor undertake to deliver to the Principal Paying Agent during the term of the Notes, upon its request, copies of its annual report and interim report, if any.

Article 12

The Issuer and the Guarantor may at any time convene a meeting of Noteholders. The provisions for convening a meeting of Noteholders are detailed in the Programme.

Article 14

(1) No Paying Agent shall be responsible or accountable to anyone with respect to the validity of this Agreement or the Notes or for any act or omission by it in connection with this Agreement or any Note except for its own gross negligence, wilful default or bad faith, including that of its officers, directors and employees.

(2) No Paying Agent shall have any duty or responsibility in case of any default by the Issuer in the performance of its obligations under the Terms and Conditions or, in the case of receipt of a written demand from a Noteholder, with respect to such default, provided however that forthwith upon receipt by the Agent of a notice given by a Noteholder in accordance with Condition "*Events of Default*", the Agent will notify the Issuer and the Guarantor thereof and furnish them with a copy of such notice.

Whenever in the performance of its duties under this Agreement a Paying Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Issuer prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate signed by an authorised officer of the Issuer and delivered to such Paying Agent and such certificate shall be full authorisation to such Paying Agent, in its capacity as such, for any action taken or suffered in good faith by it under the provisions of this Agreement in reliance upon such certificate.

Article 15

This Agreement is governed by and construed in accordance with the laws of the Grand Duchy of Luxembourg. All disputes arising in connection herewith between the Issuer, the Guarantor, the Fiscal Agent, the Principal Paying Agent, the Calculation Agent shall be subject to the non-exclusive jurisdiction of the courts of Luxembourg.

ISIN Code of the Notes: [●]

This Permanent Global Note is issued in respect of the Bearer Notes (the “**Notes**”) of the Tranche(s) and Series specified in Part A of the Schedule hereto of Belfius Financing Company SA (the “**Issuer**”) and guaranteed by Belfius Bank SA/NV (the “**Guarantor**”) pursuant to [a Senior Guarantee dated 27 September 2016] [and] [a Senior Subordinated Guarantee dated 27 September 2016], as amended and supplemented from time to time.

Interpretation and Definitions

References in this Permanent Global Note to the “**Conditions**” are to the Terms and Conditions of the Notes (which are in the form set out in Annex 2 to the Agency Agreement dated 27 September 2016 between Belfius Financing Company SA as the Issuer, Belfius Bank SA/NV as the Guarantor of Notes issued by Belfius Financing Company SA, Calculation Agent and Paying Agent and Banque Internationale à Luxembourg, société anonyme as the Fiscal Agent and Principal Paying Agent, as such form is supplemented and/or modified and/or superseded by the provisions of this Permanent Global Note (including the supplemental definitions and any modifications or additions set out in Part A of the Schedule hereto). Other capitalised terms used in this Permanent Global Note shall have the meanings given to them in the Conditions or in the Agency Agreement. No provisions of this Permanent Global Note shall alter or impair the obligation of the Issuer and the Guarantor to pay the principal of and interest on the Notes when due in accordance with the Conditions and the relevant Guarantee.

This Permanent Global Note shall not be valid or become obligatory for any purpose until authenticated by or on behalf of the Fiscal Agent.

This Permanent Global Note shall be governed by and construed in accordance with Belgian law.

IN WITNESS whereof the Issuer has caused this Permanent Global Note to be duly signed on its behalf.
